**REPORT OF THE
BOARD OF SELECTMEN**

To the Citizens of Scituate:

The rapid growth of our Town and its consequent demand for greater services is of paramount interest to all of us. With this thought uppermost in our minds, your Selectmen called a meeting of all Department Heads to discuss future projects involving money expenditures beyond the ordinary, such as, harbor dredging, addition to High School, water extensions, etc. We are of the opinion that the resultant meetings were of great benefit to the Town, as a whole, in planning the immediate future. We hope to continue these project meetings in the year 1950 and bring to the attention of the taxpayer the crucial years that lie ahead for him and for the Town.

The year 1949 brought about the retirement of Chief Stewart and the appointment of Chief Kane as the Head of our Police Department. We also received the resignation of Chief Cole and appointed Chief Curran to take his place as Chief of our Fire Department. The decision of your Selectmen was unanimous in both instances.

At this writing the contracts have been let on three different shore protection projects in conjunction with the State and County at Minot and at First and Second Cliffs. The project at Second Cliff is unique as it is the first time that a soil erosion project in conjunction with State and County funds has ever been undertaken in our Town or in the Commonwealth. These necessary shore protection undertakings have exhausted our money available for that use and we have prepared an article for the 1950 Town Meeting to replenish the same.

The Greenhead Fly project carried on in the Town during the summer of 1949 proved highly successful from reports available.

The financial condition of your Town remains strong but the years ahead promise to be more burdensome if your Town continues to grow as rapidly as it has in the post-war years. All of us should carefully scrutinize requests for expenditures of money to determine their absolute necessity to the Town in the light of foregoing statement.

Respectfully submitted,

DENNIS H. SHEA,
W. OTIS ANDREWS,
WILLIAM F. SLATTERY.

January 16, 1950

TOWN CLERK'S REPORT

REPORT OF THE TOWN CLERK

ANNUAL TOWN MEETING

March 7, 1949

At a legal meeting of the inhabitants of the Town of Scituate, qualified to vote in Elections and Town Affairs, held at the High School Auditorium in said Scituate on Monday, the seventh day of March, 1949, at 7 o'clock P.M.; order was called by Moderator Nathaniel Tilden.

The warrant was read by Town Clerk William M. Wade.

Tellers appointed by the Moderator and sworn by the Town Clerk were: J. George Vollmer, Kilby P. Smith, Andrews Wyman, John E. Bamber, Thomas W. Macy, and Elmer Kettell.

The check list was used. The ballot clerks appointed and sworn were: Charlotte L. Chessia, Barbara Tobin, John J. Loneragan and Ruth M. Meyers.

ARTICLE 1

To choose all the necessary Town Officers other than those elected by ballot, viz: Surveyor of Lumber, Measurer of Wood and Bark, two or more Field Drivers, one Pound Keeper.

VOTED: Surveyor of Lumber and Measurer of Wood and Bark: Russell L. Fish.

Field Drivers: Ernest M. Damon, Lawson C. Vickery.

Pound Keeper: Augustus L. Abbott.

ARTICLE 2

To hear the report of the Selectmen or other Town Officers and Standing Committees, and act thereon.

VOTED: To accept reports of Town Officers and Standing Committees as printed in the Town Report.

ARTICLE 3

Will the Town vote to establish salaries and compensation of all elected Town Officers, or act thereon.

VOTED: That the Town establish the salaries and compensation of all elected Town Officers as follows:

Voted that all salaries and compensation of all elected Town Officers voted under Article 3 be less any retirement allowance or pension received by such officers.

TOWN CLERK'S REPORT

Selectmen: Chairman, \$3,000.00 and legitimate expenses. Other members \$700.00 each and legitimate expenses.

Board of Public Welfare: Chairman, \$600.00 and legitimate expenses. Other members \$200.00 each and legitimate expenses. This sum shall include their charges for all services performed by them or either of them.

Assessors: Chairman, \$2,500.00 and legitimate expenses. Other members \$750.00 each and legitimate expenses.

Highway Surveyor: \$3,600.00.

Town Collector: \$2,940.00 and legitimate expenses. All demand fees to accrue to the Town.

Town Treasurer: \$2,520.00 and legitimate expenses.

Tree Warden: \$400.00.

Town Clerk: \$1,560.00 and legitimate expenses.

Board of Health: Divided as follows: Secretary \$700.00 and legitimate expenses. Other two members \$400.00 each and legitimate expenses. This sum shall include their charges for all services performed by them or either of them, other than the inspection of meat, plumbing or cattle.

Park Commissioners: Each member shall be paid the amount per hour for work actually performed as is paid laborers in the Highway Department.

Water Commissioners: Chairman \$350.00 and legitimate expenses. Other members \$300.00 each and legitimate expenses.

Moderator: Per annum \$110.00.

ARTICLE 4

To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treasury, such sums of money as may be necessary to defray expenses estimated for the year 1949 and make appropriations for the following Departments:

ARTICLE 5

To hear the report of any committee heretofore chosen, or
act thereon.

No reports submitted.

TOWN CLERK'S REPORT

ARTICLE 6

To see if the Town will authorize the Board of Public Welfare to contract at their discretion for support of the Town's poor, or act thereon.

VOTED: To so authorize.

ARTICLE 7

To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1950 and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Sec. 17, Chapter 44, G.L.

VOTED: To authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1950, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws. Unanimous vote.

ARTICLE 8

Will the Town vote to have all the income from the Water Department paid to the Town Treasurer, and estimated receipts used by the Assessors in fixing the tax rate for the current year?

VOTED: Yes.

ARTICLE 9

To see if the Town will vote to rescind the vote passed under Article 2 of the Warrant for the Annual Town Meeting held in 1941, and vote that water revenue shall be expended for water purposes, and no other purposes, and that any excess of revenue over payments for water purposes, in any year, be set up on the books of the Town as available Water Revenue.

VOTED: That this article be referred to a committee of three, comprising one Selectman, one Water Commissioner, and one member of the Advisory Board. This committee to report their findings to the next town meeting.

ARTICLE 10

Will the Town vote to raise a sum of money, now estimated at \$14,000.00, to be expended for the installation of water mains, of not less than six inches diameter, the total appropriation for the Water Department, however, shall not exceed the income for the current year, or take action relative thereto.

VOTED: To raise and appropriate \$5,000.00.

TOWN CLERK'S REPORT

ARTICLE 11

Will the Town vote to raise and appropriate the sum of \$10,000.00 to the Reserve Fund or transfer the whole or any part thereof from any available funds, or act thereon?

VOTED: To transfer \$10,000.00 to Reserve Fund from Overlay Surplus Fund.

ARTICLE 12

Will the Town vote to raise and appropriate the sum of \$500.00 to meet foreclosure costs on tax titles, or act thereon?

VOTED: To raise and appropriate \$500.00.

ARTICLE 13

Will the Town raise and appropriate the sum of \$150.00 for channel markings and regulations of the usage of the North River from Humarock Beach to the Sea, same to be in conjunction with like control by the Town of Marshfield, or act thereon?

VOTED: To raise and appropriate \$150.00.

ARTICLE 14

Will the Town raise and appropriate the sum of \$70.00 for payment of dues for a yearly membership in the Maritime Division of the Boston Chamber of Commerce, or act thereon?

VOTED: To raise and appropriate \$70.00.

ARTICLE 15

To see if the Town will raise and appropriate \$2,500.00 to cover cost of supervision and control of the Clam flats within the Town of Scituate, or act thereon.

VOTED: To raise and appropriate \$2,500.00.

ARTICLE 16

To see if the Town will authorize the Selectmen to control, regulate or prohibit the taking of eels and any or all kinds of shellfish and sea worms within the borders of the Town of Scituate and such other authority as is provided in Sec. 52 of Chapter 130 of the General Laws as inserted therein by Chapter 598 of the Acts of 1941, or take action in relation thereto.

VOTED: To so authorize.

ARTICLE 17

To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 90 Highway Maintenance, or take any action in relation thereto.

VOTED: To pass over.

TOWN CLERK'S REPORT

ARTICLE 18

Will the Town vote to authorize the Town Treasurer with the approval of the Selectmen to transfer from unappropriated available funds in the treasury any money necessary to meet the State and County's share of the cost of any Chapter 90 Maintenance or Construction work, the reimbursement from the State and County to be restored, upon their receipt, to unappropriated available funds in the Treasury?

VOTED: To pass over.

ARTICLE 19

To see if the Town will vote to transfer the proceeds of the Dog Fund received from the County to Libraries and that the amount be equally divided between the Pierce Memorial at North Scituate and the Allen Memorial at Scituate, or act thereon.

VOTED: To transfer equally to Allen Memorial and Pierce Memorial Libraries.

ARTICLE 20

To see if the Town will raise and appropriate the sum of \$700.00 for the care of Soldiers' neglected graves in accordance with the provisions of the General Laws, Chapter 115 (Ter.Ed.), or act thereon.

VOTED: To raise and appropriate \$700.00. Unanimous vote.

ARTICLE 21

To see if the Town will raise and appropriate the sum of \$350.00 for the purpose of providing quarters for the Satuit Post 3169, Veterans of Foreign Wars, in accordance with the provisions of General Laws, Chapter 40 (Ter.Ed.) Section 6, or act thereon.

VOTED: To raise and appropriate \$350.00. Unanimous vote.

ARTICLE 22

To see if the Town will raise and appropriate \$100.00 for County Aid to Agriculture, and choose a Town Director as provided in Sections 41 and 45 of Revised Chapter 128 of the General Laws, or act thereon.

VOTED: To raise and appropriate \$100.00. Mrs. Ruth M. Meyers, Director. Unanimous vote.

ARTICLE 23

To see if the Town will raise and appropriate the sum of \$10,000.00 to be used in conjunction with such sums of money as may be allotted by the Department of Public Works of the Commonwealth of Massachusetts and County of Plymouth, or either one of them, for the continuation of new construction on Gannett Road and First Parish Road under Chapter 90, or act thereon.

TOWN CLERK'S REPORT

VOTED: That the Town continue with the widening and straightening of First Parish Road, and that we use \$2,600.00 of the available balance for the Town's part of costs. This sum to be used in conjunction with such sums as may be allotted by the Department of Public Works, Commonwealth of Massachusetts and the County of Plymouth, or either one of them, as per Article 37, Annual Town Meeting, 1941. Unanimous vote.

ARTICLE 24

To see if the Town will raise and appropriate the sum of \$500.00 for the maintenance and improvement of the Town Forests, or act thereon.

VOTED: To raise and appropriate \$500.00. Unanimous vote.

ARTICLE 25

To see if the Town will raise and appropriate the sum of \$500.00 to provide a Life Guard for Sand Hills Beach, or act thereon.

VOTED: To raise and appropriate \$500.00; the life guard selected to be a Scituate man. Yes 279, No 173.

ARTICLE 26

To see if the Town will assume liability in the manner provided by Sec. 29 of Chapter 91 of the General Laws for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of rivers, harbors, tidewater and foreshores, in accordance with Sec. 11 of Chapter 91 of the General Laws, and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

VOTED: To adopt and assume liability. Unanimous vote.

ARTICLE 27

Will the Town raise and appropriate the sum of Two Thousand Dollars (\$2000.00) for the purchase of gas masks as required under General Laws, Chapter 48, Section 51A, or act thereon.

VOTED: To raise and appropriate \$2,000.00 Unanimous vote.

ARTICLE 28

To see if the Town will raise and appropriate the sum of \$500.00 for a series of band concerts to be given during the summer season, or act thereon.

VOTED: To raise and appropriate \$500.00.

ARTICLE 29

To see if the Town will raise and appropriate the sum of

TOWN CLERK'S REPORT

\$3,825.00 to cover the expenses and disbursements of the Retirement Systems and Pensions for 1949, or act thereon.

VOTED: To raise and appropriate \$3,825.00.

ARTICLE 30

Will the Town appropriate a sum of money up to \$200.00 for the purpose of stocking ponds and other inland water located within the Town limits with fish and of liberating game, as defined in Sec. 1, Ch. 129A, within said limits and to meet the necessary expense incidental thereto, including the feeding of game so liberated, as provided in Ch. 142 of the Acts of 1938, or act on anything relating thereto.

VOTED: To raise and appropriate \$200.00.

ARTICLE 31

Will the Town vote to authorize and instruct the Selectmen to acquire, for Park purposes, by purchase from the First Parish Church, of Scituate, for the sum of One Dollar all the right, title and interest of the said Church in and to that parcel of land situated on Meeting House Lane commonly known as the MEN OF KENT CEMETERY, or take any action relative thereto.

VOTED: To raise and appropriate \$1.00 and to so instruct the Selectmen.

ARTICLE 32

To see if the Town (or Board of Health) will have the care of the Town Dump subject to bid.

Since definite action on this article was declared as illegal according to the Town Counsel, a special vote was taken to determine the sense of the meeting, with a vote of Yes 337, No 109.

ARTICLE 33

To see if the Town will vote to name the square at the junction of Booth Hill Road and Clapp Road "The Lionel O. Bush Square" and appropriate the necessary funds to erect an appropriate marker and arrange for dedication of same.

VOTED: Yes.

ARTICLE 34

Will the Town raise and appropriate a sum of money for the purpose of constructing a sidewalk along the easterly side of River Street from the intersection of Central Avenue and Marshfield Avenue to Oliver Street, or act thereon.

VOTED: To raise and appropriate \$5,000.00.

ARTICLE 35

To see if the Town will raise and appropriate a sum of money

TOWN CLERK'S REPORT

for the purpose of resurfacing the outdoor public dance floor at Humarock Beach and providing proper lights therefor, or act thereon.

VOTED: To refer to Highway Department.

ARTICLE 36

To see if the Town will vote to appoint a Committee consisting of the Selectmen and two members of the Planning Board to study the advisability of the erection of a new Town Office Building. This Committee to report at a future Special or Annual Town Meeting.

VOTED: To appoint such committee.

ARTICLE 37

To see if the Town will raise and appropriate the sum of \$1,600.00 to purchase from the Scituate Beach Association, Inc., a certain parcel of beach land lying on the easterly side of Jericho Road at the Sand Hills bounded and described as follows: Southerly by the remaining portion of lot 2 and land of Arthur K. Johnson et. ux. Easterly by Scituate Harbor. Northerly by land of the Town of Scituate. Westerly by Jericho Road 415.96 feet. Being lots 2 to 9 inclusive excepting the southerly ten feet of lot 2. All being shown on a plan entitled "Plan of lots at Jericho Beach, Scituate" dated July 27, 1932 and drawn on a scale of 40 feet to an inch. Said land to be used for a bathing beach for ever.

VOTED: To raise and appropriate \$1,600.00. Unanimous vote.

ARTICLE 38

To see if the Town will appoint Philip S. Bailey, George F. Dwyer, Frank V. Thompson, Russell L. Fish and Russell J. Wilder, to serve as a committee to study the further development of the shore line of Scituate Harbor, with particular reference to that portion which extends from the Town Pier to Museum Beach, which includes the development of land acquired by vote of the Town under Article 56, Annual Town Meeting 1946, and raise and appropriate the sum of \$500.00 to be used by the Committee to procure professional advice, and for incidental expenses or act thereon.

VOTED: To adopt without an appropriation.

ARTICLE 39

To see if the Town will vote to authorize the appointment of a Committee consisting of the Selectmen, the Chief of Police and the Highway Surveyor to investigate the advisability of installing parking meters in certain sections of the town.

VOTED: To indefinitely postpone.

TOWN CLERK'S REPORT

ARTICLE 40

Will the Town raise and appropriate the sum of \$930.50 for the payment of bills of the previous year, said payments to be as follows:

1948 Bill of Edith M. Farrington	\$278.00
(Assessor's Department)	
1948 Bill of Moderne Market	19.98
(Board of Public Welfare)	
1948 Bill of Philip S. Bailey	472.88
(Board of Health)	
1948 Bill of Chase Wild Animal Farm	30.00
(Police Department)	
1948 Bill of New England Tel. & Tel. Co....	8.08
(Fire Department)	
1948 Bill of Mary E. Halligan	83.33
(Assessor's, Tax Collector and Ac- countant Departments)	
1948 Bill of Helen L. Day	83.33
(Selectmen's Department)	

\$930.50

VOTED: To raise and appropriate \$930.50. Unanimous vote.

ARTICLE 41

To see if the Town will raise and appropriate \$250.00 to purchase a new Out-Board Motor costing \$356.50 and using the present 1940 Out-Board Motor as a trade-in value allowance of \$106.50.

VOTED: To raise and appropriate \$250.00. Unanimous vote.

ARTICLE 42

Will the Town vote to adopt the following By-Laws regulating the conduct of persons, dressed in bathing costumes, on the beaches and highways of the Town, or act thereon.

No person unless properly clothed shall be upon any beach, or swim, bathe or wade in any water or adjoining property under the care or control of the Town, nor loiter or walk upon a sidewalk or roadway, other than a bathing beach, in a bathing costume, unless wearing a closed covering; nor remove any part of their bathing costume on any beach, or disrobe for bathing in a public sanitary or within public view.

No person shall dress or undress in a vehicle on any street, sidewalk, driveway or public beach.

Any person violating any of the provisions of this Article shall be liable to a fine of not more than twenty dollars for each offense.

TOWN CLERK'S REPORT

VOTED: To adopt the following By-Law:

No person shall loiter or walk upon a sidewalk or roadway in a bathing costume unless wearing a closed covering; nor remove any part of their bathing costume on any beach, or disrobe for bathing in a public sanitary or within public view.

No person shall dress or undress in a vehicle on any street, sidewalk, driveway or public beach.

Any person violating any of the provisions of this article shall be liable to a fine of not more than twenty dollars for each offense.

Yes 368, No 43.

Approved — May 13, 1949.

Francis E. Kelly, Attorney General.

ARTICLE 43

To see if the Town will accept the layout of the Selectmen altering the street lines at the intersection of Otis Road with Jericho Road in accordance with a plan on file at the Town Clerk's Office, or act thereon.

VOTED: To accept layout.

ARTICLE 44

To see if the Town will accept the layout of the Selectmen in accordance with a plan on file at the Town Clerk's Office making Washington Lane and a part of Jefferson Lane Town Ways and raise and appropriate the sum of \$1,600.00 to pay for construction, or act thereon.

VOTED: To accept layout and raise and appropriate \$1,600.00. Unanimous vote.

ARTICLE 45

To see if the Town will accept the layout of the Selectmen in accordance with a plan on file at the Town Clerk's Office making Cedar Crest and a part of Cedar Hill Lane Town Ways and raise and appropriate the sum of \$1,350.00 to pay for construction, or act thereon.

VOTED: To accept layout and raise and appropriate \$1,350.00. Unanimous vote.

ARTICLE 46

To see if the Town will accept the layout of the Selectmen in accordance with a plan on file at the Town Clerk's Office making a part of Alden Street, all of Ocean Drive and a part of Julian Street Town Ways and raise and appropriate the sum of \$3,000.00 for construction and to pay for land damages, or act thereon.

VOTED: To indefinitely postpone.

TOWN CLERK'S REPORT

ARTICLE 47

To see if the Town will accept the layout of the Selectmen in accordance with a plan on file at the Town Clerk's Office, making Stone Avenue a Town Way and raise and appropriate the sum of \$1,000.00 to pay for construction, or act thereon.

VOTED: To accept layout and raise and appropriate \$1,000.00. Unanimous vote.

ARTICLE 48

To see if the Town will accept the layout of the Selectmen in accordance with a plan on file at the Town Clerk's Office, making Foam Road a Town Way and raise and appropriate the sum of \$3,070.00 to pay for construction, or act thereon.

VOTED: To accept layout and raise and appropriate \$3,070.00.

ARTICLE 49

To see if the Town will vote to repeal the existing Building By-Laws regulating the erection, alteration and repair of buildings in the Town of Scituate and adopt the following By-Laws:

BUILDING BY-LAWS TOWN OF SCITUATE

ARTICLE 1

General Provisions

Except as hereinafter provided, no person shall erect, raise, move, alter or repair any building except in conformity with the provisions of these By-Laws, or without having first obtained a building permit from the Building Commissioner. Plans and specifications shall be submitted to the Building Commissioner together with such structural detail as he may require.

These By-Laws shall be deemed to present minimum requirements for residential construction. In the case of apartment buildings, stores, places of assembly and industrial buildings, the Building Commissioner may make such requirements in addition to these regulations as may be deemed necessary to the public safety.

ARTICLE 2

Exemptions

a. All repairs to buildings which do not include the removal or replacement of any wall, door, window, column, post, floor, timber, rafter, chimney, pier or any foundation which would tend to weaken the structure.

b. The application of these By-Laws to Farm Buildings and other non-residential buildings except garages permitted under the Zoning By-Laws in residential areas, shall be left to the discretion of the Building Commissioner.

c. Buildings owned or occupied by the United States or Commonwealth of Massachusetts.

d. Bridges, Quays, Wharfs.

ARTICLE 3

General Requirements

Section 1. It is not the intent of these By-Laws to prohibit new or unconventional methods of construction which are not detrimental to the public safety and in keeping with the general appearance of other buildings in a locality. All dwellings shall have at least (2) outside doors or entrances.

Section 2. Foundations. No dwelling house shall hereafter be built within the town without continuous foundation walls on all sides. All foundations shall extend at least three feet and six inches (3'6") below any adjoining surfaces exposed to frost unless they rest on solid ledge. They shall extend in all cases, to solid soil. No foundation or footing shall be constructed on frozen ground, or shall be laid when the temperature is below twenty-nine degrees (29 deg.), except that precautions satisfactory to the Commissioner to prevent settlement or failure are taken.

Section 3. Every excavation shall be properly guarded and protected by the person responsible therefor, in such manner as may be approved by the Inspector of Buildings; and so as to prevent it from becoming dangerous to life and limb and to the neighboring property. It shall be sheet piled whenever the Inspector of Buildings shall so direct.

Section 4. No concrete foundations shall be constructed without the use of forms for both sides of the walls except where concrete blocks are used. Excavations for foundations shall be made six to eight inches (6" to 8") larger than the outside wall and shall not be filled in until approved by the Inspector of Buildings.

Section 5. All foundation-walls, piers, posts, or lally columns shall rest upon footings not less than eight inches (8") thick. For foundation-wall, footings must be at least eight inches (8") wider than said foundation-wall and in case of piers, posts or lally columns, all footings must be not less than twenty inches (20") square. The Commissioner must be notified when footings are complete, which must be approved by him before the work is continued.

Section 6. If the Commissioner is in doubt as to the safe sustaining power of the soil upon which a building is to be erected he

TOWN CLERK'S REPORT

may order borings made or he may order tests of the sustaining power of the soil upon which a building is to be erected, either or both at the expense of the owner of the proposed building. Tests and borings shall be made under the supervision of the Commissioner. Reports of all borings shall be filed with the Department. The Commissioner may establish allowable maximum loads for various types of soil and shall establish such as a result of all tests or borings.

Section 7. Wherever the safe sustaining power of the soil upon which a building is to be erected does not conform to the requirements of the law, the Commissioner shall require the proper foundations of a type satisfactory to him and sufficient to support the proposed building.

Section 8. Foundation and underpinning walls for one and two story dwellings shall be at least eight inches (8") thick, if of concrete, concrete blocks or brick when not over seven feet (7') below finished grade. When stone masonry is used the thickness shall be twenty inches (20") up to finished grade and not less than twelve inches (12") from finished grade to the sill.

Section 9. Where cement blocks are used, all joints must be filled and jointed outside as well as inside. Mortar for all masonry shall be no poorer than one part Portland Cement, one part lime putty and three parts sand, for footings and poured concrete, no poorer than, one part Portland Cement, three (3) parts sand, and five (5) parts coarse aggregate not exceeding 1½". All material shall meet the Commissioner's approval, be thoroughly mixed and properly placed and tamped.

Section 10. Posts, piers or lally columns supporting buildings shall not be more than eight feet apart on centers, seven feet where a 6" x 6" girder is used; six feet apart where a 4" x 6" girder is used. (See GIRDERS, under section 4 of Article 4). Lally columns, or red cedar posts not less than six inches (6") in diameter at the small end may be used for interior supports.

Section 11. All loam under dwellings must be removed and at least twenty inches (20") of space must be left between the remaining earth and the under side of the first-floor timbers. Under all buildings with continuous foundations, there must be at least two (2) openings for ventilation.

Section 12. Chimneys: No tile or metal chimneys shall be allowed. All masonry chimneys shall rest on a concrete footing not less than eight inches (8") thick and at least eight inches (8") wider both ways of the chimney, and except those with solid brick walls eight inches (8") or more thick, shall be lined throughout with vitreous flue lining, and shall be topped at least two feet six

TOWN CLERK'S REPORT

inches (2' 6") above the highest point of contact with the roof and should project at least (1) one foot above any ridge within (10') ten feet. No chimney shall be supported on wood. No wood closer than two (2") to any chimney, and no woodwork shall be placed within (4") four inches of the back wall of any fireplace. Space between chimneys and floor joists to be fire-stopped. Every smoke pipe hole into a chimney shall be provided with a metal thimble. Masonry walls at the back and sides of every fireplace shall be at least eight inches (8") thick if of brick and twelve inches (12") thick if of stone. All fireplaces shall have dampers. Hearths shall extend at least sixteen inches (16") in front of fireplace openings, and at least eight inches (8") wider than the fireplace opening. Wood centers under fireplaces and hearth arches shall be removed before finishing there-under. No wood work shall be within five (5") of any smoke pipe. No wooden studding, furring, lathing, or plugging shall be placed against any chimney or in joints thereof. Wooden construction shall either be set away from the chimney or the plastering shall be directly on the masonry or on metal lathing or on incombustible furring material. Wood furring strips placed around chimneys to support base or other trim shall be insulated from the masonry by asbestos paper at least 1/16" thick.

Section 13. Electric Wiring. All electric installations shall be in accordance with the National Electric Code and amendments thereto, and no installation of electrical equipment shall be made except in conformity thereto.

Section 14. All work on construction of any kind not otherwise specifically covered shall be performed in accordance with the best practice of the particular trades involved or in accordance with the accepted standards of the American Institute of Architects.

ARTICLE 4

Materials

Section 1. All lumber sizes given herein are nominal dimensions.

Section 2. All materials shall be of such quality for the purpose for which they are to be used as to insure in the judgment of the Inspector of Buildings, ample safety and security to life and limb and the neighboring property. The Inspector of Buildings shall have the power to reject all materials which in his opinion are unsuitable and may require tests to be made by the architect, builder or owner to determine the strength of the structural materials before or after they are incorporated in a building and may require certified copies of results of tests made elsewhere from the

TOWN CLERK'S REPORT

architect, builder, or owner or other interested persons. Owners shall furnish expert advice and tests at their own expense.

Section 3. Second hand structural materials shall not be used without the approval of the Inspector of Buildings. All timbers shall be of good sound material of sufficient strength for purpose intended, and free from imperfections whereby the strength may be impaired.

Section 4. a. Residences.

SILLS: shall not be less than 4" x 6" and must be on edge unless resting upon a continuous foundation. Box sills may be used when approved by the Building Commissioner.

GIRDERS: shall be not less than 6" x 8" where they carry floor timbers (12') or longer; 6" x 6" where floor timbers are 8' up to 12' and 4" x 6" on edge where floor timbers are less than 8' and shall be joined only over a support.

FLOOR JOISTS: shall not be less than 2" x 6" up to an 8' span, 2" x 8" up to a 12' span, 2" x 10" up to a 14' span, 2" x 12" up to an 18' span, or of material of equal strength. Where these maximum spans are used joists shall be set not more than 16" on centers. Spans of more than 8' shall be bridged once, of more than 12' twice. Ends of joists shall not be notched more than one-fourth of their depth, except with the approval of the Commissioner. (The rule for bridging and notching includes Platforms and Piazzas). Joists under partitions running parallel to them shall be doubled. In frame construction every opening exceeding three feet (3') in width, in a bearing partition shall be trussed. Stair stringers must be at least 2" thick, shall be placed not over 18" on centers. All floors shall be double boarded. All walls and partitions going through floors shall be fire-stopped with masonry or with wood not less than 2" thick nominal dimension. Studding of outside walls and bearing partitions shall be not less than 2" x 4" set 16" on centers. Balloon frame shall not be used on walls more than 14' high, measured from the sill. Balloon frame shall have ledger boards not less than 1" x 6" set into the studs, and shall be thoroughly fire-stopped at each floor level. Studding of nonbearing partitions shall rest on a shoe not less than 2" thick. Corner posts shall be not less than 4" x 6" and may be built up. All corners shall be braced with diagonal braces extending out at least two bays of studding. Bearing partitions 8' or over in height shall have at least one row of horizontal bracing in each story of the same size as the studs. All joist headers more than two and one half feet long shall be doubled and spiked together, or be at least four inches in thickness. All joists supporting headers shall be doubled and spiked or be at least four inches in thickness.

TOWN CLERK'S REPORT

RAFTERS: (Except Platforms and Porches.) Rafters shall be as follows: Where the pitch is less than 4" to the foot, 2" x 4" up to 4' horizontal span, 2" x 5" up to 6' horizontal span, 2" x 6" up to 8' horizontal span, 2" x 8" up to 12' horizontal span. Where the pitch is more than 4" to the foot, 2" x 4" up to 6' horizontal span, 2" x 5" up to 9' horizontal span, 2" x 6" up to 14' horizontal span, 2" to 8" up to 18' horizontal span, placed no more than 20" on centers.

b. **Platforms and Piazzas:** Floor joists on porches or platforms shall be not less than 2" x 6", on spans up to 8'. Girders of 4" x 6", laid on edge, shall be used where the span is more than 8'. Floor timbers may be framed flush. Ends of joists shall not be notched more than $\frac{1}{4}$ of their depth; the same being well spiked to said girders, and a 1" x 2" must be well nailed to girder flush with the under side, for floor timber to rest upon.

c. **Garages:** Garages allowed in a Zone A area may use 2" x 4" sills where they rest upon continuous foundations; otherwise they must be 4" x 6" laid on edge. Studding for outside walls shall be at least 2" x 4" and not more than 24" on centers. All exterior walls and roofs shall be sheathed with sheathing not less than 11/16" thick. Any non-residential building that is to be later converted into a residence must conform to the requirements of residential construction.

ARTICLE 5

Section 1. Area Regulation: Minimum residential lot size shall be 10,000 feet in area with a minimum of 100 feet frontage, except those lots that were planned, plotted and recorded before April 20, 1946, the date that the Town of Scituate first adopted its Building Code. Only one (1) building for residential purpose shall be built on any one lot of less than 20,000 sq. feet.

Section 2. Setback: Setback shall be 30' from street line where no building line is already established. No building, residential or non-residential, shall be erected nearer than 8' to the side or rear of lot lines, except by permission of the Board of Appeals after adjoining property owners and other interested parties have been notified.

ARTICLE 6

Prohibition

Section 1. No studding for any part of the outside walls of any building shall be less than 2" x 4", except for small storage buildings with walls not over 7' in height. Studding for such walls may be 2" x 3" and shall be spaced not over 16" on centers.

TOWN CLERK'S REPORT

Section 2. No building already erected or hereafter to be built shall be extended, altered, raised, moved or built upon in such a manner as to be contrary to the provisions of the Building Code, relating to new construction.

Section 3. No wall of any building already constructed shall be increased in height unless the entire building is altered so as to conform to the requirements of the Building Code relative to new buildings.

Section 4. Doors shall not open immediately on a flight of stairs but on a landing at least equal to the width of the door.

Section 5. No opening shall be made in a wall separating a store either from a habitation or stairway leading to a habitation unless protected by fire-doors, approved by the Inspector of Buildings.

Section 6. In no case shall a chimney be built out of plumb unless the same be attached to a brick wall or approved by the Building Commissioner.

Section 7. In running pipes, no floor joist, header or trimmer shall be cut into more than 2" in depth or more than 3' from its support, without a permit from the Inspector of Buildings.

Section 8. No Coal Bin or closet of any kind shall be constructed under a stairway in any building other than a one family house and then only when approved by the Inspector of Buildings.

Section 9. No wood lintel shall be used to support masonry over a door, window, or other opening.

Section 10. No change shall be made in character of occupancy or use of any building or portion of building, which would change the required floor strength, unless such building is made to comply with the requirements of this Code.

Section 11. No reinforcing steel or structural frame-work of any part of any building or structure shall be covered or concealed in any manner whatsoever without first obtaining the approval of the Inspector of Buildings.

Section 12. No repairs after fires shall be made except in a manner satisfactory to the Inspector of Buildings. All structural parts damaged by fire shall be removed and replaced with new material. Slightly damaged parts not impaired in strength shall be treated as directed by the Inspector of Buildings.

ARTICLE 7

Fire Safety and Prevention

Section 1. All buildings hereafter erected shall be made reasonably fire safe.

TOWN CLERK'S REPORT

Section 2. All stud walls, partitions, furring and spaces between joists where they rest on walls or bearing partitions and similar vertical spaces shall be fire-stopped with incombustible material in a manner to cut off all concealed draft openings and form an effectual horizontal fire barrier between stories and roof spaces full depth of joists, except that in one story or one and one half story wooden buildings for residential occupancy, fire stopping may be done with wood not less than 2" in thickness and full width of wall or partition and forming an effectual horizontal fire barrier between stories and roof spaces. Such fire stopping shall extend the full depth of joists and at least 4" above each floor level. Stair carriages shall be fire stopped at least once in the middle portion of each run.

Section 3. All apparatus for heating and cooking shall be so installed as not to create a fire hazard. Smoke pipes shall enter the side of chimneys through a suitable metal thimble and shall not pass through combustible partitions, provided that smoke pipes from ordinary ranges and stoves may do so if guarded by double metal ventilated thimbles or other approved fireproof materials.

Section 4. Combustible materials over or at the sides of heaters and smoke pipes shall be covered with wire lath and plaster or other approved fire resisting materials to such an extent as the Commissioner may require.

Section 5. Warm air pipes leading from furnace to stacks or risers shall not be placed nearer than 1" to combustible material unless such material is properly protected. Wall stacks and other concealed hot air pipes shall be covered with one thickness of asbestos paper, weighing not less than 12 pounds per hundred square feet or other approved materials if within 6' of a heater.

Section 6. Garages within a cellar, basement or body of a dwelling, may be of wood frame; ceilings and walls must be covered with expanded metal lath and cement plaster or perforated gypsum lath and cement plaster. Any door leading from garage to cellar, basement or any part of dwelling must be covered on garage side with tin and have a self-closing device. These rules shall apply to garages that are connected with breezeway of less than five feet (5') to the dwellings.

ARTICLE 8

Health Safeguards

a. All plumbing systems shall be installed in accordance with rules and regulations on file with the Board of Health, and shall be subject to the approval of the Inspector of Plumbing.

b. Wherever sewers are not available, the plumbing of every

TOWN CLERK'S REPORT

building shall be connected to a suitable cesspool or septic tank with leaching drains. All cesspools shall be substantially constructed with reinforced concrete or arched top to fit 18" iron or cement cover. Dug at least 8' in diameter and 6' deep. Septic tanks may be of iron or cement and of a capacity equal to the average daily sewage flow but in no case, less than 300 gallons.

c. Disposal fields shall be of sufficient area and with effective leaching surface to take care of the maximum flow. Field shall consist of a series of finger trenches exposing a stratum of effective leaching soil. A distribution pipe of perforated indestructible material or vitrified clay with protected open joints shall be laid the entire length of the trench with a grade of approximately 4" in 100 feet. Around the distribution pipe place coarse gravel to within one foot of the surface. Over this, place building paper to prevent top soil from filling the interstices below the stones and cover with loam.

d. In no case shall sewage be deposited above ground, or under ground nearer than 15' to a street or adjoining lot line if the adjoining land be lower or five feet if it be higher. If in the opinion of the Commissioner, unusual conditions not covered under these by-laws are encountered, he may withhold a building permit until plans submitted to the Board of Health for disposal of sewage shall bear their approval.

ARTICLE 9

Building Commissioner

The Board of Selectmen shall appoint a BUILDING COMMISSIONER who shall be a citizen of the Town and qualified by training and experience in the supervision of building operations as a master builder of not less than ten (10) years of experience. His term of office shall be for one (1) year. He may with the approval of the Selectmen, appoint such qualified and experienced assistants as he may deem necessary, their compensation to be paid from the appropriation for the expenses of Building Department in such amounts as the Selectmen shall approve.

Section 2. The word "Commissioner" in this By-Law shall mean the Building Commissioner or his authorized representative. The Commissioner shall have all powers and duties which he would have if he were herein denominated "Inspector of Buildings."

Section 3. The Inspector of Buildings shall see that the provisions of this Code and except as otherwise provided, those of the statutes of the Commonwealth of Massachusetts, relating to buildings, are strictly observed; and to that end, shall have author-

ity to institute any proceedings for the purpose of enforcing or preventing violations of the provisions thereof or enjoining the maintenance of any structure erected contrary thereto.

Section 4. The Commissioner shall have full power to pass upon questions arising under the provisions of this Code relating to the manner of repair of any structure; shall grant, sign, and revoke all permits, and give notices required by this Code, and may delegate any of his duties or powers to any person employed in the Department of Building Inspection.

Section 5. The Commissioner or any member of his department shall have the right at any time, in the performance of his duties, to enter, examine, and inspect any premises, building, or any other structure within the Town of Scituate, Massachusetts.

Section 6. No oversight or neglect of duty on the part of the Inspector of Buildings shall legalize the erection, construction, alteration or repair of any building or structure in a manner not in conformity with the provisions of this Code.

Section 7. The Builder in charge of construction, or the owner of the premises shall give notice to the Commissioner whenever any parts are ready for inspection, if those parts are to be covered in the further construction of the building. The Commissioner shall respond promptly and in no case shall he delay more than thirty-six (36) hours after such notice has been received. It is also required that stamp of approval by the several Inspectors be placed on the permit, before any lathing is started.

Section 8. All buildings hereafter erected of a description not specified in this Code, shall be constructed in a manner that shall be satisfactory to the Commissioner.

ARTICLE 10

Permits

Before erecting, altering, moving, razing, adding to or making any changes, in use or types of occupancy of any building or structure, the owner or his agent shall file an application for a permit with the Building Department. No work shall begin until a permit is granted. The application shall state the location, dimensions, estimated cost, nature and extent of the proposed work or changes, purposes for which the building is to be used and such other information as the Commissioner may require. No work shall be done except in accordance with the permit.

Section 2. All permits shall be void if operations thereunder are not commenced within ninety days after the date of the permit, or if the operations thereunder are discontinued for a period of more than six months.

TOWN CLERK'S REPORT

Section 3. If any person violates any of these Building Laws, or any amendment thereof, the Commissioner, upon discovery of such violation shall give notice thereof in writing to such person or to the owner of the premises where such violation occurs, and may order such person or owner to remove any part of a structure erected in violation thereof, or to do such other acts as the Commissioner deems necessary in order to comply with the requirements of these Building Laws and of such permit; if after such notice such person or owner continues such violation, or fails to obey any such lawful order of the Commissioner, the Commissioner may revoke the permit for the work in connection with which such violation occurred and it shall thereupon become unlawful for the owner or contractor to proceed with such work. Before a permit, revoked for the reasons before mentioned, can be lawfully reissued, the entire building and building site must be made to conform to the requirements of these Building Laws, and any work or materials applied to the building in violation thereof must be removed.

ARTICLE 11 Board of Appeals

A Board of Appeals consisting of three (3) voters of the Town shall be appointed by the Selectmen, who shall be qualified by education or experience to pass upon matters which may be brought before them. One member shall be an architect or structural engineer, a master builder or a person of at least ten years' experience in the construction or supervision of buildings, one to be an attorney-at-law if possible. They shall be appointed by the Selectmen for terms of one, two and three years, the term of one member expiring each year; appointments after the first year to be for three years. Vacancies shall be filled by the Selectmen for the balance of any unexpired terms. No member shall act in any case in which he may have a personal or financial interest, a substitute being chosen in such case by the other members of the board. Each member or substitute shall be paid \$3.00 for each hearing attended by him.

Section 2. Any person aggrieved by act or decision of the Commissioner may appeal therefrom within ten (10) days by filing an application for a hearing with the Commissioner, who shall at once set a time and place for the hearing, notify the members of the board, adjoining property owners and all other interested parties. The application shall state the cause of appeal.

Section 3. Every decision of the Board of Appeals shall be in writing and shall require the assent of at least two members. It shall specify the variations allowed and reasons therefor and shall

TOWN CLERK'S REPORT

be filed in the office of the Commissioner within seven (7) days after the hearing, where it shall be kept publicly posted for thirty days thereafter.

Section 4. The Board of Appeals may, in cases where manifest injustice is done, suspend or waive the By-Laws. If the action of the Commissioner shall be affirmed it shall have full force and effect, if modified or annulled the Commissioner shall issue directions in accordance with the decision of the Board.

ARTICLE 12

Fees

For each permit issued there shall be paid to the Building Commissioner, for the use of the Town, a fee according to the following schedule: The minimum fee shall be \$1.00. For dwellings, alterations and other building projects, the fee shall be \$1.00 for each estimated cost of \$1,000.00 or fraction thereof. Said estimated cost shall be made by the Building Commissioner.

ARTICLE 13

Penalties

Whoever violates any provision of this By-Law shall pay a fine not less than \$10.00 or not more than \$100.00.

ARTICLE 14

The invalidity of any section or provision shall not affect the validity of the remaining sections or provisions of these By-Laws.

VOTED: That the Building By-Law of the Town of Scituate as amended, be amended by striking out the text of the said Building By-Law as amended, and substituting therefor the language set forth in Article 49 of the warrant for the Annual Town Meeting of 1949 with the exception of that phrase in Article V therefor which reads as follows: "except those lots that were planned, plotted and recorded before April 20, 1946, the date that the Town of Scituate first adopted its building code." Yes 191, No 15.

Approved — July 8, 1949.

Francis E. Kelly, Attorney General.

ARTICLE 50

To see if the Town will raise and appropriate the sum of \$1,927.75 to enable the Selectmen to establish a Greenhead Fly Control project within the Town areas, as per Chapter 252, Section 24 of the General Laws.

VOTED: To raise and appropriate \$1,927.75. Unanimous vote.

TOWN CLERK'S REPORT

ARTICLE 51

To see if the Town will raise and appropriate a sum of money to replace one of the two motor vehicles being used by the Police Department and authorize the Selectmen with the co-operation of the Chief of Police to sell one of the two automobiles, or use the same for a trade in value on the purchase of a new police car, or act thereon.

VOTED: To raise and appropriate \$500.00. Unanimous vote.

The following resolution presented by Vernon W. Marr was unanimously accepted.

“That the meeting convey to Chairman Shea of the Board of Selectmen its regrets at his inability to attend the Annual Town Meeting and instruct the Town Clerk to express these sentiments with a message of confidence and well wishes for his improved health.”

Meeting adjourned at 10:58 P.M.

Attest: WILLIAM M. WADE,
Town Clerk.

SPECIAL TOWN MEETING

May 9, 1949

At a legal meeting of the inhabitants of the Town of Scituate qualified to vote in Elections and Town Affairs held at the High School Auditorium in said Scituate on Monday, the ninth day of May, 1949, at 8 o'clock P.M.; order was called by Moderator Nathaniel Tilden.

The warrant was read by Town Clerk William M. Wade.

Tellers appointed by the Moderator and sworn by the Town Clerk were: Paul A. Reynolds, John E. Bamber, Joseph R. Dillon, J. George Vollmer.

ARTICLE 1

To see if the Town will vote to repeal Section 1 of Article V of the Building By-Laws, as adopted by vote of the Town on March 7, 1949, and adopt in its place the following:

ARTICLE 5

Section L. AREA REGULATION: Minimum residential lot size shall be 10,000 feet in area with a minimum of 100 feet frontage, except those lots that were planned, plotted and recorded

TOWN CLERK'S REPORT

before April 20, 1946, the date that the Town of Scituate first adopted its Building Code. Only one (1) building for residential purposes shall be built on any one lot of less than 20,000 sq. feet.

VOTED: To repeal Section 1 of Article 5 of the Building By-Laws as adopted by vote of the Town on March 7, 1949, and adopt in its place the following:

ARTICLE 5

Section 1: AREA REGULATION: Minimum residential lot size shall be 10,000 feet in area with a minimum of 100 feet frontage, except those lots that were planned, plotted and recorded before April 20, 1946, the date that the Town of Scituate first adopted its Building Code. Only one (1) building for residential purposes shall be built on any one lot of less than 20,000 sq. feet.

Yes 87, No 82.

Approved — July 8, 1949.

By Francis E. Kelly, Attorney General.

ARTICLE 2

Will the Town vote to transfer an amount not to exceed \$45,000.00 from the Excess and Deficiency Account to be used by the Assessors in reducing the taxes for the current year?

VOTED: To transfer \$45,000.00 from the Excess and Deficiency Account to be used by the Assessors in reducing the tax rate for the current year. Unanimous vote.

ARTICLE 3

Will the Town raise and appropriate the sum of \$45.10 for the payment of a bill of the previous year as follows:

1948 Bill of Helen L. Day\$45.10
(Selectmen's Department)

VOTED: To raise and appropriate \$45.10. Unanimous vote.
The meeting adjourned at 9:47 o'clock P.M.

Attest: WILLIAM M. WADE,
Town Clerk.

TOWN CLERK'S REPORT

Parents, be sure to record the birth of your child with given name in full.

READ THE LAW!

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such a child is born." General Laws, Chapter 46, Section 6.

SOME OF THE REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor laws.

To establish the right of inheritance of property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To prove the age at which the marriage contract may be entered into.

To establish the right to hold public office.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

Blanks for returns of births will be furnished upon application to parents, householders, physicians, and registered medical offices as provided in Chapter 46, Section 15, General Laws.

Attest: WILLIAM M. WADE,
Town Clerk.

DEATHS REGISTERED IN SCITUATE FOR THE YEAR 1949

TOWN CLERK'S REPORT

Date	Name of Deceased	Y.	M.	D.	Age	Cause of Death	Names of Parents
Jan. 1	Stillborn						
Jan. 8	Edward P. Breen	53	6	6		Bullet wound of left chest.	Thomas J. and Catherine Breen

BOARD OF REGISTRARS REPORT

REPORT OF THE BOARD OF REGISTRARS

Meetings held for Registration of Voters in 1949:

February 7	Town Clerk's Office
February 8	North Scituate Fire Station
February 10	Scituate Harbor Fire Station
February 15	Town Hall

In the year 1949 there were 147 names added to the voting list by registrations, while 159 names were dropped because of deaths and change of residence, resulting in a loss in registration of 12.

Registered Voters in Town of Scituate on December 31, 1949:

Males	1,887
Females	1,883
Total	3,770

The attention of interested parties is called to Chapter 51, Section 2 of the General Laws, viz.: If the name of a female who is duly registered as a voter is changed by marriage or by decree of court, her right to vote in her former name shall continue until January first next following. Adherence to this law requires every female now on the voting list whose name is changed by marriage or by decree of court to appear before the Town Clerk or at an advertised meeting of the Board of Registrars and re-register as a voter if desirous of continuing to vote in Scituate, as her previous name will automatically be stricken from the list.

Respectfully submitted,

BERTHA L. TURNER,
DANIEL J. QUEENEY,
WALTER FLAHERTY,
WILLIAM M. WADE, Clerk,

Board of Registrars of Voters.

CHIEF OF POLICE REPORT

REPORT OF THE CHIEF OF POLICE

Scituate, Massachusetts
January 11, 1950

To the Board of Selectmen
Dennis H. Shea, Chairman
Scituate, Massachusetts.

Gentlemen:

I submit herewith the report for the Police Department for the year ending December 31, 1949.

Arrest Report

Assault with a dangerous weapon	1
Assault and battery	7
Assault and battery on a police officer	1
Breaking and entering in the night time	6
Default (capias)	1
Disturbance of the peace	17
Drunk	73
Fish and game law violation	2
Illegal sale of firearm	1
Insane	4
Larceny	6
Lewd and lascivious cohabitation	2
Lewd and lascivious in speech and behavior	1
Murder	1
Neglect of minor children	1
Non-support of wife and minor children	3
Not stopping after causing injury to property	1
Operating a motor vehicle in a negligent manner so that the lives and safety of the public might be endangered	4
Operating a motor vehicle while under the influence of liquor	7
Operating a motor vehicle after revocation of license	2
Operating a motor vehicle without authority	2
Possession of a firearm without a permit	1
Statutory rape	1
Total	145

CHIEF OF POLICE REPORT

Summary of Work Done by Department

Accidents investigated	59
Buildings found open and secured by police or owners	162
Complaints investigated	2774
Defects in streets reported	21
Fire alarms answered	48
Licenses suspended on recommendation	39
Pistol permits issued	43
Summer homes inspected	4320
Summonses served for other departments	149

Ambulance

Number of home to hospital trips	172
Number of emergency accident trips	19
Total	191

Retirements

On April 18, 1949, Chester E. Stone retired from active duty after serving as a police officer for nineteen years.

On June 30, 1949, Michael E. Stewart retired from active duty after serving as Chief of Police for twenty-three years.

Conclusion

To your Honorable Board of Selectmen and to all of the people of Scituate, I desire to express my appreciation for the splendid co-operation given the Police Department in the past year.

Respectfully submitted,

WILLIAM F. KANE,
Chief of Police.

CHIEF OF POLICE REPORT

REPORT OF THE PARK COMMISSIONERS

To the Board of Selectmen:

The report of work done by the department during the year 1949 may seem a bit brief since there were no unusual accomplishments the past season.

The parks and plots about the town under our supervision were not kept to our entire satisfaction due to the prolonged dry season and restraint in use of the water supply.

Necessary repairs, painting of fences, beach supervision, and general routine work went on in the usual manner.

Our thanks to all who cooperated and enabled us in a continuation of our work.

Respectfully submitted,

F. EUGENIA BROWN, Chairman,

FIRE DEPARTMENT REPORT

REPORT OF THE FIRE DEPARTMENT

Park Department.
January 16, 1949.

Honorable Board of Selectmen:

The report of the Fire Department for the year 1949 follows:—

The department responded to 353 emergency calls in the past year. Of these calls, four resulted in the total loss of the buildings involved. In all of these cases the structures were completely enveloped in flame when the apparatus arrived at the scene.

We note the continued increase in the first aid emergency work of the department and anticipate that the demand for this service will be much greater in the future.

The pumping engine stationed in the Humarock district is now twenty-five years old and of only 350 g.p.m. capacity. This unit is not recognized as providing a proper fire stream because of its very low capacity, and it is obvious that an engine of that age is, at best, not dependable. We deem it advisable, therefor, to replace this apparatus as soon as possible and will submit an article, providing for the purchase of a new combination pumping engine, for the consideration of the annual town meeting in March.

The apparatus room in the Humarock station is not large enough to house a new unit of this type and will require alteration. An article will be submitted to the voters at the annual town meeting providing for the expense of such alteration.

The several other stations, excepting only that at North Scituate which is in need of some repairing, should require only a minimum of expense for maintenance during the coming year.

The cordial co-operation of the various town officials, other departments and citizens of the town is deeply appreciated.

Respectfully submitted,

BARTHOLOMEW A. CURRAN,
Chief.

FOREST FIRE WARDEN'S REPORT

REPORT OF THE FOREST FIRE WARDEN

January 16, 1949.

Honorable Board of Selectmen:

The report of the Forest Fire Department for the year 1949 follows:—

The Department was called to extinguish very few grass and woods fires during the year just past, and those of no great consequence. This is surprising inasmuch as the summer was extremely dry and departments in neighboring towns were very active. We attribute our good fortune, in great part, to the co-operation of our townsmen who are increasingly faithful in obtaining permits for open air fires and observing the laws of the Commonwealth regulating such fires. To them our heartiest thanks.

The burning over of grass and meadow lands deemed to be fire hazards was curtailed by wind and weather conditions during the spring burning season and not as much was accomplished as was desirable. It is our intention to continue this program in future.

The forest fire truck was purchased in 1929. At the present writing it is apparently in fairly good condition but we do not consider it good practice to depend upon it much longer as the primary defense against forest fire. We will, therefor, submit an article asking for the appropriation of sufficient money to purchase a new truck and equipment to the annual town meeting.

May we again express our thanks to the citizens of the town, to the various town officials and to the several other departments for their co-operation and kindnesses.

Respectfully submitted,

BARTHOLOMEW A. CURRAN,
Forest Warden.

HIGHWAY DEPARTMENT REPORT

REPORT OF THE HIGHWAY DEPARTMENT

To the Citizens of Scituate:

It gives me pleasure to submit to you a brief resume of the activities and improvements accomplished by your Highway Department for the year 1949.

ROADS REBUILT: The following roads were rebuilt in 1949:

First Avenue	690 feet
Second Avenue	690 feet
Egypt Avenue	1320 feet
Stone Road	316 feet
Roslin Road	264 feet
Oceanside Drive	317 feet
<hr/>	
Total length	3597 feet

As usual, it was necessary to rebuild Glades Road, 1500 feet. The above mentioned roads were excavated to a depth of two feet (with the exception of Glades Road which was excavated by the sea), filled with gravel from our Town Pit, rolled and treated with bituminous material.

The following new streets were accepted at our 1949 March meeting:

Cedar Hill and Cedar Crest Lanes, combined length	900 feet
Foam Road	570 feet
Stone Avenue	684 feet
Washington and Jefferson Lanes, combined length	1060 feet
<hr/>	
Total length	3214 feet

These roads were brought to the proper grade with adequate drainage and were treated with a bituminous material.

RESURFACING: Following is a list of streets resurfaced by the "Mixed in Place" method in 1949.

Country Way	5000 feet
Hatherly Road	3000 feet
Lawson Road	800 feet
Mordecai Lincoln Road	1584 feet entire length

HIGHWAY DEPARTMENT REPORT

Stockbridge Road	7390 feet entire length
Brook Street	800 feet Type I
<hr/>	
Total length	18574 feet

The 800 feet of Type I on Brook Street includes the intersection of Brook and Front Streets with 125 feet of new sidewalk, making one of the finest intersections in the Town.

We realize that a "Mixed in Place" resurfacing job does make it very inconvenient for our citizens especially in front of their driveways, but after such a job is completed, I feel that it is worth the little sacrifice that you have to make, as this type of resurfacing is very economical and has been highly recommended to us for the roads of Scituate by the State Department of Public Works.

DRAINAGE: In addition to the regular work of cleaning old drains and catch basins, 1090 feet of old drain was dug up and relaid, 2420 feet of new drain were installed and 24 new catch basins were built.

STREET CLEANING: In addition to the regular street cleaning work in the various sections of the Town, we have endeavored to give men work, who would otherwise be unemployed, sweeping up sand and other debris wherever it may have accumulated. We have also had a man on duty 4 hours Sunday mornings, picking up papers at the Harbor. If everyone would think twice before throwing away papers, our street cleaning work would be much less expensive. We highly recommend that containers be placed at Scituate Harbor and other business sections and we know that thinking people would make use of them.

SIDEWALKS: A total length of 4330 feet of sidewalks were resurfaced on the following streets: Brook Street, Country Way, Grasshopper Lane, Jericho Road and Turner Avenue.

Back in 1938, in your Highway Department report, it was recommended that a sidewalk program should be started the following year. However, due to lack of funds, this program was never carried out. It is our belief that in 1950, 4 very important sidewalk projects should be undertaken. First, a section on Hatherly Road from the corner of Jericho Road north as far as our funds will allow; second, a section on Jericho Road from the end of the present sidewalk north toward the Sand Hills as far as our funds permit; third, on Edward Foster Road with a new curb from Kent Street to the Parking Space at Peggotty Beach; fourth, a section on Grasshopper Lane from Hatherly Road to Ocean Avenue. One section of 700 feet was completed in 1949.

HIGHWAY DEPARTMENT REPORT

Under a special article, 1700 feet of sidewalk with curbing was built on River Street, Humarock.

PATCHING: All breaks in roads were kept patched. For this work, 690 tons of bituminous concrete were purchased, and 75 tons were manufactured by the Highway Department at the Egypt Plant. We also used 157 tons of crushed stone and 100 tons of crusher run.

TRAFFIC REGULATIONS: During the past year, 187 gallons of traffic paint were purchased for painting curbs, traffic lines, signs, etc. During the past year we have had more and more requests for street painting on our narrow and crooked roads and we feel that it is the only guide for the motorist especially during foggy and rainy nights. Any money that we spend under this heading, we feel has been well spent.

SURFACE TREATMENT: Approximately 11 miles of our roads were surface treated with a high grade asphalt and sand covered.

GUARD RAIL The open winter of 1949 was an opportune time to start replacing some of the old horse and buggy guard rail in the Town with the new bumper-high type and 4288 feet of this new type was built.

CHAPTER 90: 700 feet of penetration macadam were built under Chapter 90 and the corners widened at Scituate Center, with adequate drainage to the Town Hall. It is our hope that in 1950, the surface will be completed with a 2½ inch Type I top, with a tear drop island and Stop and Go signal lights.

SIGNS: In the Spring of 1949, all street signs were put in first class condition and 45 traffic signs and 27 metal street signs were purchased and erected. However, in the Fall, we found that due to vandalism and souvenir hunters, our signs were again in very bad condition.

SNOW REMOVAL: Snow removal for the year 1949 was a comparatively easy task as far as the Highway Department was concerned, but due to the severe winter of 1948, much of our equipment was left in a very bad condition, therefore it was necessary to purchase five new snow plows, 4 new sanding machines and the usual sand, salt, erecting of snow fences, spare parts for our equipment, etc.

EMPLOYMENT: It is alarming to note the number of men here in Scituate who are unemployed, especially during the winter

SUPERVISOR CARE OF VETERANS' GRAVES

months. It seems to be the thought of every working man in Scituate who is out of a job in the wintertime, to go to the Highway Department for employment, not realizing that there is very little that we can accomplish due to the inclement weather. However, 272 different men have been on our payroll for the year 1949 and I can honestly say that not one worthy man has ever been turned away without a few days' work.

During the past six years, your Highway Department has endeavored to keep the streets of the Town of Scituate in a condition that we all will be proud of at a minimum cost to the Taxpayer. I wish to thank all the Town Departments for their fine co-operation during the past year and with all of our combined efforts, Scituate can truly be called "The Gem of the South Shore."

Yours truly,

MATTHEW L. BROWN,
Highway Surveyor.

REPORT OF THE SUPERVISOR CARE OF VETERANS' GRAVES

December 21, 1949

To the Honorable Board of Selectmen,
Scituate, Mass.

Gentlemen:

I submit my report as Supervisor of Veterans' Graves in the Town of Scituate for the year of 1949. I have faithfully inspected all cemeteries from time to time and have found all graves in good condition. I wish to thank all who are continuing to assist me in my efforts.

Respectfully submitted,

ELMER F. RAMSDELL,
Supervisor Care of Veterans' Graves.

BOARD OF PUBLIC WELFARE REPORT

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Voters of Scituate:

The early part of the winter of 1949-50 has been marked by a heavy increase in relief costs, caused in part by the mild weather prevailing during this period, and also by the apparent reluctance of prospective employers to have repairs or other work done on account of the high cost. If this condition continues larger appropriations will be necessary for 1950.

The Old Age program was affected by the action of the last Legislature in granting a flat increase of \$4.00 per month to each recipient. During the year coming this will add about \$6000.00 to the cost of this service and there have also been increases in the cost of medical aid, hospitalization, and for board in nursing and rest homes.

The Aid to Dependent Children expenditures continue about normal, with of course the anticipated increase in the number of families aided, and the larger budgetary requirements for children as they grow older.

We wish to extend our thanks to those citizens who have made contributions of children's clothing and other things, to the Public Health Nursing Service, and to all Town Departments and Officials who have co-operated with us in carrying out our work, and we do not forget our loyal Social Worker and Clerk, who have gone beyond the line of duty to see that all known cases of want have been relieved.

Respectfully submitted,

W. M. BROWN, Chairman,
MERCY LAVANGE,
FRANKLIN T. SHARP,
Board of Public Welfare.

**REPORT OF THE
TOWN COUNSEL**

During the year 1949 numerous problems arose involving many and varied legal questions. Advice was given and opinions were rendered to the Selectmen and the heads of the various departments of the Town. Most of the meetings of the Selectmen have been attended.

Negotiations between the Water Department and the Boston Sand & Gravel Co. with respect to obtaining sufficient land to enable the Water Department to develop and operate a well which it had discovered were conducted over a period of many weeks. These negotiations ultimately culminated in a deed being given by the Company to the Town of the well and a substantial area of land adjacent to the well. As a result it appears that Scituate now has an adequate supply of water.

An appeal to the Superior Court was taken from a decision of the Building Board of Appeals granting a variance permitting the construction of a building on a lot having a frontage of less than 100 feet. The case was tried at length before Judge Broadhurst in the Suffolk Superior Court and he handed down a decision upholding the Building Board of Appeals in every particular.

A suit has been brought against the Town for \$500.00 for legal services and "expert assistance" alleged to have been rendered to the Planning Board. This suit is being defended.

Appended hereto there is submitted a revision of the By-Laws of the Town. Obsolete provisions have been eliminated. An attempt has been made to clarify the by-laws by arranging them so that by-laws relating to the same subject matter are grouped together under the same heading.

Respectfully submitted,

ALFRED C. BLAKE,
Town Counsel.

TOWN COUNSEL'S REPORT

BY-LAWS OF THE TOWN OF SCITUATE

Note:—The Building Laws and the Zoning Laws of the Town have been published in pamphlet form, and are therefore not included in this compilation. Copies thereof may be obtained from the office of the Selectmen, the Planning Board and the Building Commissioner.

General Conduct of Town Affairs

Section 1. The financial year shall begin with the first day of January and end with the thirty-first day of December.

Section 2. The annual meeting shall be held the first Monday in March.

Section 3. Town meetings shall be notified by posting an attested copy of the warrant, calling the same, in the Post offices, at the Town House, seven days at least before the day appointed for said meeting, and by publication in a newspaper, if any be published in the Town.

Section 4. At the annual meeting the reports of the Selectmen, Overseers of the Poor and all other Town officers, and all standing committees shall be first in order, after the choice of a Moderator.

Section 5. All motions shall be submitted in writing at the discretion of the Moderator or Clerk.

Section 6. 100 voters shall be the number of voters necessary to constitute a quorum at Town Meetings except meetings for the election of town officers, provided that a number less than a quorum may from time to time adjourn the same.

Section 7. The annual report of the Town Officers shall be printed and distributed at least ten days before the Town Meeting.

Section 8. The duties of all Town Officers not specifically provided for by law nor by these rules shall be determined by the rules of parliamentary law contained in Cushing's Manual, as far as they are adapted to town meetings.

Streets and Sidewalks

Section 1. The Selectmen or Road Commissioner may grant permits to any persons to build sidewalks in front of their own land, or on any of the streets or ways of the town, whenever the public safety will permit; which permit shall specify the width and mode of constructing the same.

Section 2. Whenever complaint shall be made to the Selectmen that the practice of coasting on any of the streets or sidewalks

TOWN COUNSEL'S REPORT

in the town has become dangerous to the public safety they may, if they shall judge it expedient, post up a notice in some conspicuous place, on the side or corner of such streets, forbidding all persons to coast upon the same; and if any person shall be found coasting upon the same after the posting of such notice he shall pay a fine of not less than one dollar nor more than five dollars for every offense, to be recovered of the offender, his parent or guardian.

Section 3. No person shall wheel, drive or draw any hand-cart, bicycle, handsled or any other carriage of burden or pleasure, baby carriage excepted, nor permit any horse or other beast to go upon any sidewalk, nor to encumber the same with any boxes, barrels or any articles whatever to interfere with the convenient use of the same.

Section 4. Every owner or occupant of premises in the town shall keep the same free from all nuisances and sources of filth injurious to the public health and safety; and any nuisance, source of filth or cause of sickness found on private property must be removed upon notice of the Board of Health and within such time as it may designate. If upon notice from this board any premises are not put in proper sanitary condition, the same shall be vacated upon the order of the Board.

Section 5. No person shall place or cause to be placed in any public or private way of the town the contents of any sink, cess-pool or privy, nor place any dead animal, or dead animal or vegetable substance, rubbish or garbage in the same, except for the purpose of immediate removal therefrom, under a penalty of not less than five nor more than twenty dollars for each offense.

Section 6. The words "public or private way" in the foregoing section shall be understood to include alleys, lanes, yards, beaches, or any other place where the presence of such refuse shall give offense to neighbors.

Section 7. One or more persons standing on any sidewalk or crosswalk, in such a manner as to obstruct a free passage for foot passengers, who shall not disperse immediately when ordered by any of the Selectmen, police officers or constable of the town, shall severally forfeit and pay a fine of three dollars for any violation of this By-Law.

Traffic and Highways

Section 1. The Selectmen shall make some suitable regulations for the occupancy of the highways and streets of the town for

TOWN COUNSEL'S REPORT

parking of carriages, automobiles or other vehicles as shall provide for the public safety and convenience.

Section 2. The Selectmen may make and rescind from time to time as occasion in their judgment may require, rules and regulations governing all traffic upon the highways of the town as well as the parking of automobiles and other vehicles thereon, violation of the rules and regulations so made shall be punished by a fine not in excess of \$20 for each offense.

Section 3. Persons parking vehicles in town-owned parking spaces must do so in accordance with the rules and regulations adopted or hereafter adopted by the Board of Selectmen or other Board having charge of said parking space.

Section 4. Said Board may require the use of stickers designating the holder as a person duly authorized to use said parking space.

Section 5. The Parking of vehicles in private parking spaces reserved for guests or customers of the owner or tenant shall also be subject to reasonable rules and regulations by the Board of Selectmen for the protection of life and property.

Section 6. Any person or persons violating any provision of these by-laws or rules and regulations passed thereunder for the parking of vehicles in public or private parking spaces or violating any rules and regulations of the Board of Selectmen governing the parking and use of vehicles upon public ways in the Town shall be subject to forfeiture of a fine of not more than twenty (20) dollars.

Billboards

Section 1. No person, firm, association or corporation shall erect, display or maintain a billboard, sign or other outdoor advertising device, except those exempted by Sections 30 and 32 of Chapter 93 of the General Laws,

(a) Within fifty (50) feet of any public way;

(b) Within three hundred (300) feet of any public park, playground or other public grounds, if within view of any portion of the same;

(c) Nearer than fifty (50) feet to any other such billboard, sign or other advertising device, unless said billboards, signs or other advertising devices are placed back to back;

(d) On any location at the corner of any public ways and within a radius of one hundred and fifty (150) feet from the point where the center lines of such ways intersect;

TOWN COUNSEL'S REPORT

(e) Nearer than one hundred (100) feet to any public way, if withing view of any portion of the same, if such billboard, sign or other advertising device shall exceed a length of eight (8) feet or a height of four (4) feet;

(f) Nearer than three hundred (300) feet to any public way, if within view of any portion of the same, if such billboard, sign or other advertising device shall exceed a length of twenty-five (25) feet or a height of twelve (12) feet;

(g) In any event if such billboard, sign or other advertising device shall exceed a length of fifty (50) feet or a height of twelve (12) feet; except that the Selectmen may permit the erection of billboards, signs or other advertising devices which do not exceed forty (40) feet in length and fifteen (15) feet in height if not nearer than three hundred (300) feet to the boundary line of any public way.

(h) No billboard, sign or other advertising device shall be erected, displayed or maintained in any block in which one-half of the buildings on both sides of the street are used exclusively for residential purposes; except that this provision shall not apply if the written consent of the owners of a majority of the frontage on both sides of the street in such block is first obtained and is filed with the Division of Highways of the Department of Public Works together with the application for a Permit for such billboard, sign or other advertising device.

(i) No billboard, signs or other advertising device shall be erected, displayed or maintained until a Permit therefor has been issued by the Division of Highways of the Department of Public Works pursuant to the following provisions: Upon receipt from said Division of a notice that application for a Permit to erect, display or maintain a billboard, sign or other advertising device within the limits of Scituate has been received by it, the Selectmen shall hold a public hearing on said application, notice thereof having been posted in three public places in said town at least one week before the date of such hearing. A written statement as to the results thereof shall be forwarded to the Division, containing, in the event of a disapproval of such application, the reasons therefor, within thirty days from the date of notice to the town that an application for such a Permit has been made. The provisions of (a), (c), (d), (e), (f) and (g) shall not apply to districts which the Selectmen may determine are of a business character.

Section 2. This By-Law shall not apply to signs or other devices which advertise or indicate either the person occupying the premises in question or the business transacted thereon, or advertise the property itself or any part thereof as for sale or to let; and

TOWN COUNSEL'S REPORT

provided further that this By-Law shall not apply to billboards, signs or other advertising devices legally maintained at the time of its approval by the Attorney-General, until one year from the first day of July following such approval.

Section 3. Whoever violates any of the provision of this By-Law shall be punished by a fine of not more than one hundred (100) dollars, and whoever, after conviction for such violation, unlawfully maintains such billboard, sign or other outdoor advertising device for twenty (20) days thereafter shall be punished by a fine of not more than five hundred (500) dollars.

Section 4. If any provision of this By-Law is declared unconstitutional or illegal by final judgment, order or decree of the Supreme Judicial Court of the Commonwealth, the validity of the remaining provisions of this By-Law shall not be affected thereby.

Posters and Handbills

Section 1. Whoever posts, affixes or in any way attaches any poster, handbill, notice, advertisement or placard to or upon any wall, fence, building or structure, shall forfeit and pay for each offense a fine of not less than five dollars nor more than twenty dollars.

Section 2. Whoever paints, draws or stamps any letter, notice, figure, advertisement or marks upon any wall, fence, post, tree, building or structure not his own, without the permission of the owner thereof, or without said permission, mars, defaces or disfigures in any way, such wall, fence, post, tree, buildings or structure, shall forfeit and pay for each offense a fine of not less than five nor more than twenty dollars.

Loitering

Section 1. Any person or persons loitering about or persons who shall not immediately desist from said loitering about or disperse when ordered or requested so to do by any constable or police when ordered or requested so to do by any constable or police officer of the town, and any person or persons congregating or loitering about in any schoolhouse yard, or out-buildings, not being a member of the public schools, who shall not immediately disperse and leave the premises when ordered or requested to by any school official, constable or police officer of the town, shall severally forfeit and pay a fine of not over twenty dollars for every such offense.

TOWN COUNSEL'S REPORT

Bathing Costumes

Section 1. No person in a nude state shall bathe or swim in any public or exposed place in the town.

No person shall loiter or walk upon a sidewalk or roadway in a bathing costume, unless wearing a closed covering; nor remove any part of their bathing costume on any beach, or disrobe for bathing in a public sanitary or within public view.

No persons shall dress or undress in a vehicle on any street, sidewalk, driveway or public beach.

Any person violating any of the provisions of this article shall be liable to a fine of not more than twenty dollars for each offense.

Hawkers and Peddlers of Ice Cream and Pop Corn

No Hawker or Pedler shall sell, or offer for sale any ice cream or pop corn in the Town of Scituate on Sundays.

No Hawker or Pedler shall sell, or offer for sale any ice cream or pop corn in the Town of Scituate weekdays except in the business section, or B Zone of the Town as established by the Town's Zoning Laws.

Violations of these regulations shall be punishable by a fine not exceeding \$20.00 for each offense.

Planning Board

NOTE:—*By vote of the Town at its annual meeting in 1945 Sections 81A to J of General Laws Ch. 41 (as amended by Chapter 340 of the Acts of 1947) were accepted relating to the establishment, etc. of a Planning Board.*

Advisory Committee

Section 1. There shall be established an Advisory Committee for the Town which shall perform duties as set forth in the following sections of this article and be governed by the provisions of General Laws. Said Committee shall consist of nine citizens of the Town, which committee shall be appointed as provided in the following section, and no person holding an elective or appointive town office or receiving a salary from the said Town shall be eligible to serve on said committee.

Section 2. Immediately upon taking effect of this by-law the Moderator shall appoint from the citizens of the Town three members whose term of office shall expire at the dissolution of the annual town meeting of 1943, three members whose term of office shall expire at the dissolution of the annual town meeting of 1942, three members whose term of office shall expire at the dissolution

TOWN COUNSEL'S REPORT

of the annual town meeting of 1941; and at each annual meeting thereafter the Moderator thereof shall fill vacancies occurring in this office. Said committee shall choose its own officers and serve without pay. Said committee shall cause to be kept a true record of its proceedings and annually file a copy in the office of the Town Clerk.

Section 3. To this committee shall be referred all articles in any warrant for town meeting hereafter issued. The Selectmen, after drawing any warrant for a town meeting, shall transmit immediately a copy thereof to the Advisory Committee, and said committee shall consider all articles therein and shall report thereon in print or otherwise, to the town meeting such recommendations as it deems to be for the best interest of the Town. Upon written request a reasonable time in advance the Advisory Committee shall grant a hearing to the petitioners for any articles, before making recommendations.

Section 4. The Advisory Committee shall require the Selectmen and other Town Officers, under whose direction, appropriations of money are expended, to submit to them, at least thirty days before the annual town meeting, an estimate of the appropriations necessary to be made for their various departments, and to come before them for consultation regarding the same, at such times and places as said committee shall determine. A public hearing may be held upon all articles due notice of which is to be given to the citizens. The Advisory Committee shall state the amounts which in its opinion shall be appropriated for the ensuing year, and shall add thereto such explanations and suggestions in relation to the proposed appropriations as it deems expedient and report thereon as provided in section three.

Section 5. Whenever any vacancy shall occur in said committee by any cause, said vacancy shall be filled by the Moderator. Five members of the Committee shall constitute a quorum for the transaction of business and if any member is absent from five consecutive meetings of said Committee, except in cases of illness, said Committee may consider his position vacant and report such vacancy to the Moderator who shall proceed to fill the same. The term of office of any person appointed as aforesaid to fill a vacancy shall be for the unexpired term of the person whom he succeeds.

Section 6. The Advisory Board heretofore established by vote of the Town is discharged upon qualification of the new Committee hereby established.

Sale of Real Estate

Section 1. The Selectmen are authorized to sell real estate

TOWN COUNSEL'S REPORT

after first giving notice of the time and place of sale by publication one or more times at least one week before the sale in a newspaper published in the County of Plymouth and by posting in four public places in the Town fourteen days at least before the sale, property taken by the Town under tax title procedure provided that the Selectmen or whomsoever they may authorize to hold such public auction, may reject any bid which they deem inadequate.

Town Counsel

Section 1. The Board of Selectmen shall annually appoint a member of the bar to serve during their pleasure as Town Counsel. The duties of the Town Counsel shall be to advise and serve the Board of Selectmen and all other boards, departments and officials of the Town in any and all legal problems and cases arising in the conduct of their respective offices as they may deem necessary.

Suits Against the Town

Section 1. The Selectmen are authorized to prosecute, compromise, or defend any suit or suits within the Commonwealth in the name of the Town and to settle any claim against the Town not exceeding twenty-five dollars (\$25.00) out of any available funds therefor.

Moving of Buildings

Section 1. No person shall move any building through any street, lane or alley without license from the Selectmen.

Taxes

Section 1. The Collector of Taxes shall collect under the title of Town Collector, all accounts due the Town and said Collector shall once in each week or oftener pay to the Town Treasurer all money received by him during the preceding week or lesser period.

Section 2. All taxes shall be payable by November 1, of the year when assessed, and that all taxes unpaid after said November 1 shall draw interest at six per cent from the fifteenth day of October until paid.

Section 3. In the collection of all water revenue the Town Collector shall be governed by and subject to all rules and regulations of the Water Commissioners of the Town.

Audit

Section 1. There shall be an annual audit of the town books under the supervision of the State Director of Accounts, Department of Corporations and Taxation.

TOWN COUNSEL'S REPORT

Amendment

Section 1. These By-Laws may be amended at any annual town meeting, articles for that purpose having been inserted in the town warrant.

PART II

Certain Legislative Acts and Statutory Provisions Which Have Been Accepted by the Town Since 1900 and Boards Created Thereunder

- 1902 Revised Laws, Chapter 11, Relative to the Board of Health.
- 1903 R. L. Ch. 11, Sections 364, 365.
- 1908 Special Meeting, January 4, 1908, Article 4, Revised Laws, Chapter 11, Section 339.
- 1910 Annual Meeting, Article 19,
Advisory Board chosen (See Part I, 1910)
Article 35, Revised Laws, Chapter 103, Plumbing, accepted.
- 1911 Annual Meeting, Article 34, Continuance of the Advisory Committee (See Part I, 1911).
- 1912 Acts of 1912, Pensions. See Annual Report, page 92.
- 1914 Town Meeting, Article 1,
Acts of 1913, Chapter 487, Promotion of Call Firemen,
Acts of 1913, Chapter 807, Compensation for Injuries to Municipal Employees,

- 1915 Referendum on Vacations. See Town Clerk's Report.
- 1916 Annual Town Meeting, Article 40,
Acts of 1909, Chap. 423, Sale of ice cream, confectionery, soda water, and fruit on the Lord's Day—Licenses for, etc.,
Special Meeting, February 19, 1916, accepted, Acts 1915, Ch. 284,
General Laws, Ch. 39, 23; election of officers.
- 1920 Annual Town Meeting, Article 3,
Acts 1920, Chap. 585, Sections 1-6, Act for the Protection of the Shores of Scituate.
- 1922 Annual Town Meeting, Article 33,
General Laws, Chap. 136, Sections 21-28, Games on the Lord's Day, permitted, accepted.
- 1923 Annual Town Meeting, Article 77,
General Laws, Chap. 41, Section 97, Police Department.

TOWN COUNSEL'S REPORT

- 1924 Annual Town Meeting,
General Laws, Chap. 41, Section 55, Town Accountant.
- 1926 Annual Town Meeting, Article 48,
The Tax Collector's term of office shall be three years as provided in Chapter 66, Acts of 1923, Massachusetts Legislature.
- 1929 Annual Town Meeting,
Acts of 1928, amending Chap. 32, Section 89,
Aid for firemen and police and their dependents,
Special Town Meeting, Article 23,
Acts of 1928, Chap. 406, Sunday Sports,
Special Town Meeting, Article XXV,
Town Clerk and Town Treasurer, each to be chosen for three-year term as provided in Acts of 1923, Chapter 66.
- 1931 Special Meeting, August 9, 1931, Article 6 (page 223),
Voted to accept Section 38A, Chapter 41, General Laws as to Town Collector (see Part I, By-Laws).
- 1932 Annual Meeting, Article 32 (page 172).
Voted to rescind the vote of the Town of March 4, 1918, whereby it placed the authority of granting licenses to peddlers of Fish, Fruit, and Vegetables in the Board of Selectmen, and voted to vest said authority in the Division of Standards, Department of Labor and Industries of the Commonwealth, or act thereon.
- 1933 Annual Meeting, March 6, 1933, Article 27 (page 227),
Voted to accept provisions of General Laws (Ter. Ed) Chapter 148, section 56, relative to the licensing of open-air parking spaces.
- 1934 Annual Meeting, March 5, 1934, Article 38 (page 230),
Voted to accept General Laws, Chapter 31, section 48, placing the police department under civil service laws.
Article 39, Voted to accept provision of G. L., Ch. 31, s. 49, placing chief of police under civil service laws.
Article 49 (page 232), Voted to accept section 6B, Chapter 40 of the General Laws (Ter. Ed.) as follows:
Section 6B—"A city or town which accepts this section may appropriate money for the purchase of uniforms for members of its police and fire departments."
- 1935 Annual Meeting, March 4, Article 20 (page 74).
Voted to accept the provisions of Sections 42A, B, C, D, E and F of Chapter 40, of General Laws, providing that water rates shall be a lien on real estate.
- 1936 See Acts of Legislature 1936, page 269, authorizing reconstruction of Town Pier.

TOWN COUNSEL'S REPORT

- 1937 Fire Department placed under Civil Service, Art. 41.
Sale of Lands by Selectmen, Articles 12, 60.
Absentee voting in Town election, Art. 1, Special Town Meeting, Sept. 27; acceptance of Ch. 103A of G. L. 54.
- 1938 Dredging Harbor, Art. 11, Special Town Meeting June 22; acceptance of Ch. 406, Acts of 1938.
- 1939 Votes on Zoning Appeals, Art. 14, Annual Town Meeting; acceptance of s. 27a and 27b (s. 1 and 2 of ch. 133, Acts of 1938).
Tree Warden, 3-year term, Art. 8, Special Town Meeting July 31; acceptance Ch. 3, Acts of 1939.
- 1940 Highway Surveyor, 3-year term, Art. 17, Annual Town Meeting.
- 1943 Selectmen to appoint Chief of the Fire Department and Abolition of Board of Fire Engineers, Article 31, Annual Meeting,
VOTED: To accept provisions of Chapter 48, Sections 42, 43, 44, of the Gen. Laws.

VOTED: To accept section 11A of Ch. 85, Gen. Laws.
- 1945 Police off duty one day in six; Art. 22, Annual Meeting,
VOTED: To accept section 16B of Chapter 147, General Laws.
Board of Recreation and Director of Recreation, Article 37, Annual Meeting, establishment and appointment per Section, Chapter 45 of General Laws.
- 1945 Article 28. Acceptance of Sections 81A to J of Chapter 41 of the General Laws establishing a Planning Board for the Town.
Article 36. Acceptance of Chapter 723 of the Acts of 1945 creating a department for advising, etc. veterans.
- 1947 Article 34. Acceptance of G. L. 48 Sec. 58A establishing permanent members of the fire department.
- 1948 Article 35. Sec. 110A of G. L. Ch. 41 authorizing the closing of public offices on Saturdays.
Sec. 4B of Ch. 207 of the Acts of 1946 relating to the operation of Bowling Alleys on the Lord's Day.

**REPORT OF THE
ENGINEERING DEPARTMENT**

Honorable Board of Selectmen
Gentlemen:

I submit herewith a brief resume of the work accomplished during the past year:

1. Survey, plans and layout of Washington and Jefferson Lanes for acceptance and construction.

2. Survey, plans and layout of Stone Avenue for acceptance and construction.

3. Survey, plans and layout of Foam Road for acceptance and construction.

4. Survey, plans and layout of Cedar Crest and Cedar Hill Lane for acceptance and construction.

5. Survey, plan and layout of the intersection of Otis Road and Jericho Road for acceptance and construction.

6. Lines and grades for sidewalk construction on River Street—Humarock.

7. Lines and grades for placement of a drainage system and highway construction of a portion of First Parish Road under Chapter 90 Funds.

8. Examination of two sets of plans and locations for structures to be erected in tidewaters.

9. Attended hearings on proposed Chapter 90 construction and proposed work for foreshore protection.

10. Assisted State Engineers in preparing plans for First and Second Cliff shore protection.

11. Examined all plans of land seeking to be registered in the Land Court.

12. Assigned street numbers to all new buildings.

13. Prepared Land Court subdivision plans of land acquired for new well on property of the Boston Sand and Gravel Co.

ENGINEERING DEPARTMENT REPORT

14. Have examined all plans presented to this department relative to the rules and regulations of the Planning Board.

15. Furnished names of owners to be notified for Zoning Variances.

16. Co-operated with School Building Committee and Contractor for New Grade School.

17. Considerable progress was made in revising the Town Map plans.

The year 1949 saw the retirement of Mr. Henry A. Litchfield, a gentleman closely associated with the Engineering problems of Scituate for half a century. With his retirement we have lost an irreplaceable source of valuable information. We wish him many years of continued fine health.

Respectfully submitted,

JOHN E. BAMBER,
Town Engineer.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Honorable Board of Selectmen,
Scituate, Mass.

REPORT OF THE TREE WARDEN

To the Board of Selectmen:

Gentlemen:

This year 72 new maple trees were planted on our roadsides and these are growing well after a very dry summer. This is an increase due to the new roads that have been opened for building.

The Dutch Elm disease that has been spreading has been found here and eight trees have been condemned. These trees will be removed before summer comes. Two were on the roadsides and six on private property. We will continue our spraying program as recommended by the University of Massachusetts. We have been controlling poison ivy growing on sidewalks and roadsides but we cannot do private property except at the owner's expense.

Our roadsides have been mowed and cleared and all corners kept clear for driving safety.

Respectfully submitted,

JOHN W. FORD,
Tree Warden.

REPORT OF THE WATER SUPERINTENDENT

31 December, 1949.

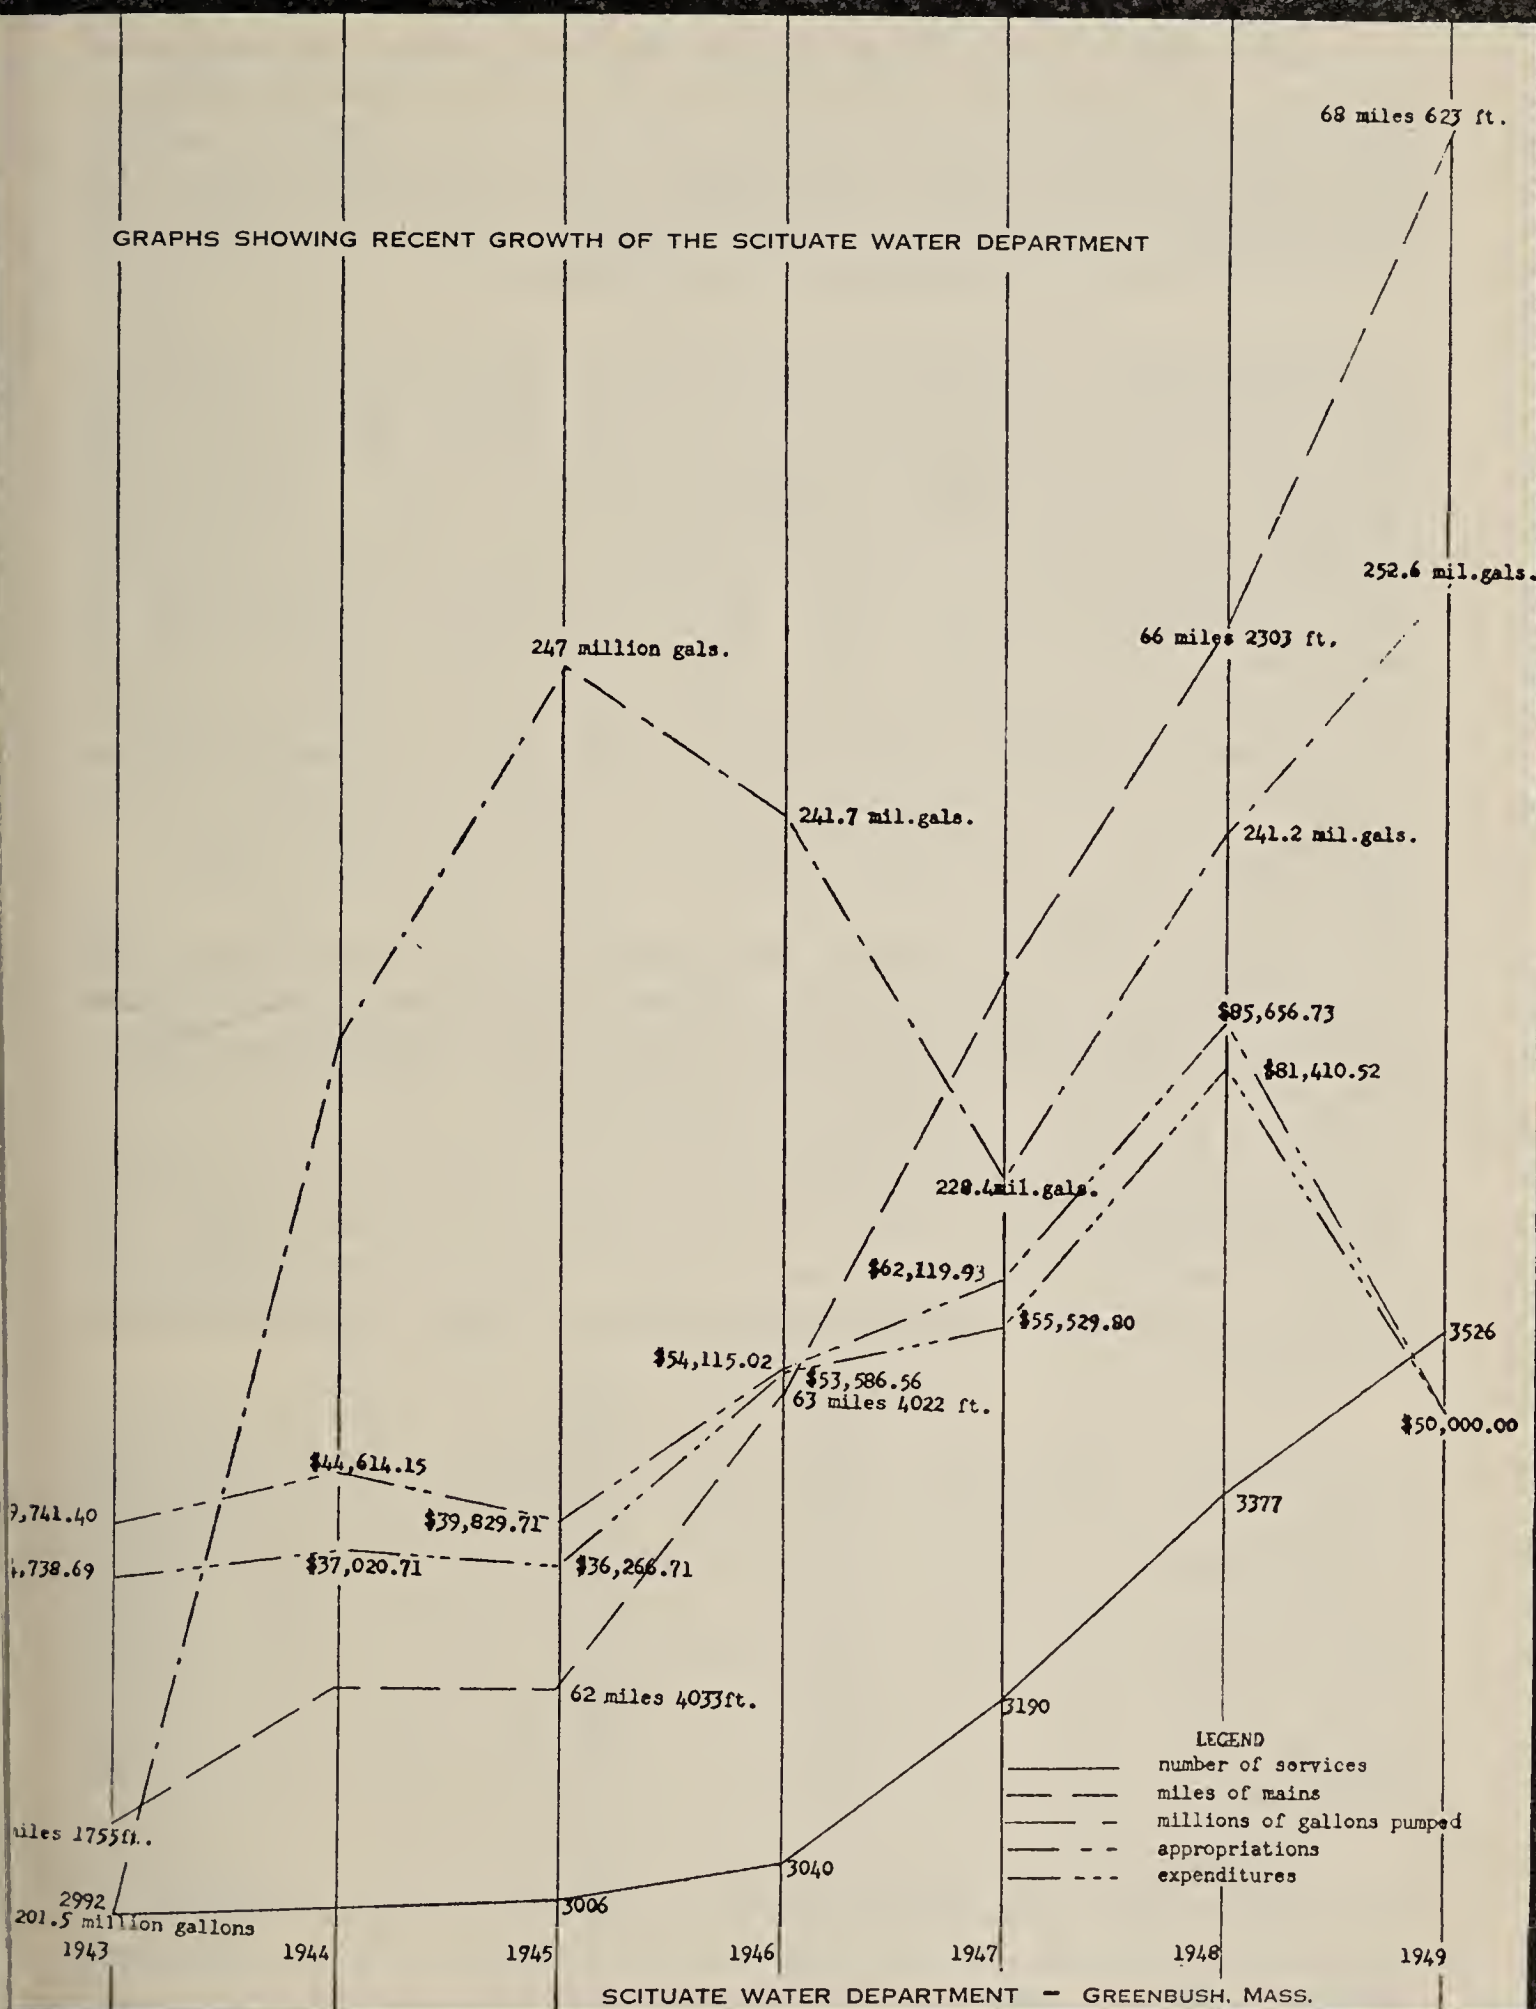

To the Water Commissioners of Scituate:

Following is the 18th Annual Report of the Scituate Water Dept., recording the work accomplished during the year 1949.

For several years the water supply has become more and more inadequate, and this fact, together with the increasing population, has created a demand for an additional supply from a different source. In 1948, through the courtesy of the Boston Sand and Gravel Co., the Water Dept. made several tests in the area, north of Driftway, in property owned by the Boston Sand and Gravel Co. One of these tests showed indications of an excellent supply of potable water, and during the latter part of 1948 a special appropriation was obtained to install a well with the necessary pumping machinery, and lay mains to the present system. This action enabled the Water Dept. to proceed with the development of the new water supply, and work was started at once. The construction work was allocated to contractors after bids were received by the Commissioners.

WATER SUPERINTENDENT'S REPORT

GRAPHS SHOWING RECENT GROWTH OF THE SCITUATE WATER DEPARTMENT

WATER SUPERINTENDENT'S REPORT

About 5000 ft. of 10-inch main was laid along Driftway, completing a loop from Stockbridge Rd. to Kent St. A 12-inch line was installed from Driftway to the new well site, about 1000 ft., in land previously acquired from the Boston Sand and Gravel Co. This main provided fire protection and domestic service for the Boston Sand and Gravel Co. buildings along Driftway.

Construction was started on a gravel packed well the last of June and pumps were installed for testing, and started 27 July, 1949. The well was pumped at the rate of one million gallons per day until the water was entirely cleared, after which for short periods the well was surged for development at the rate of one and one-half million gallons per day. The foundation was started immediately and construction of the pump house progressed continuously to completion. On 12 Sept., 1949, water was being pumped into the entire system from this new unit. The water from this new supply was an exceptionally welcome relief to the already badly depleted underground reservoirs of the system, and it became feasible at once to shut down other pumps to allow the underground supplies to recuperate.

Owing to the very severe drought during the entire year, the water tables have not reached previous normal levels, and unless there is considerable precipitation before the summer of 1950, it may not be possible to allow as much freedom in the use of water as might be desirable. Scituate was more fortunate than a great many towns in the eastern part of the United States, but there were many days when the supply was so low that the water situation was very critical, and the water level in the well fields became depleted to such an extent that continuous pumping at pump capacity became dangerous.

The following tables showing precipitation data in Scituate indicate very clearly the extent of the drought in this area. The month of June, with 0.35 of an inch of rain, furnished absolutely no replenishment to the well fields. During June, July and August, in 1948, the total rainfall was 11.62 inches, or 202.2 million gallons per sq. mile, whereas the same period, viz., June, July and August, 1949, showed a total rainfall of 3.81 inches, or 66.3 million gallons per sq. mile, making a deficit of 136 million gallons per sq. mile during the summer period; 67 per cent less in 1949 than in 1948.

The accompanying graph was designed to show the growth of the Water Dept. during the last six years, and indicates the rapid strides of the post-war period, and also the lack of development during the war period. This increase is due to an apparently healthy and sustained influx of new citizens, many of whom are

WATER SUPERINTENDENT'S REPORT

building new homes, and must necessarily have a potable water service, which is vital to their existence.

The additional service required of the Water Dept. for this new growth, creates an ever increasing demand for material and labor, as well as the potable water itself, and there must be a definite reflection in the budget to cover the cost.

The table showing the number of gallons of water pumped into the system brings out clearly the increased demand through the summer. The average daily consumption through June, July and August, 1949, was 1,102,000 gallons, while the same period in 1948 had a daily average of 891,000 gallons. This was an increase of 211,000 gallons per day, nearly 24%, and created a very serious demand on the supply.

Further tables in this report delineate the location, size and length of mains installed during 1949, also general statistics relative to the Water Dept.

In the latter part of the year the office of the Water Dept. was moved from Country Way to the Water Dept. property on Old Oaken Bucket Road, to occupy much more desirable quarters in the brick building formerly used as a pumping station. This was a very worth-while action on the part of the Commissioners.

Respectfully submitted,

WILLIAM J. LUMBERT,
Superintendent.

REPORT OF THE
WATER COMMISSIONERS

The past year confronted your Board with the most serious conditions we have ever had; but for the fortunate discovery and development of the Greenbush well, on the property of the Boston Sand and Gravel Co., we would have been in serious trouble. Pending the completion of the new well we were forced to pump our wells excessively, but our new well was completed during the first week in September, and immediately we were able to lift the slight restriction imposed during the severe drought. It will require many weeks and much rain to restore the underground water level to its former state.

We have submitted to you this year, as part of our Superintendent's report, a chart which reflects the considerable growth of the system, and the healthy condition of the cost of operations.

We believe the voters of our Town will adequately support this vital department, when given the proper and factual information. The coming years will confront this Department with constant problems which we propose to meet in the best interests of the Town, and with the cooperation and assistance of all Town officials.

Respectfully submitted,

WALTER S. ALLEN, Clerk,

WILSON S. BROWN,

WILLIAM E. SHUTTLEWORTH, Chairman.

TOWN FOREST COMMITTEE REPORT

REPORT OF THE TOWN FOREST COMMITTEE

To the Board of Selectmen:

Gentlemen:

This year the town forests were mowed of brush and the trees trimmed.

During the dry weather of last summer five hundred dollars more was given us to continue the graveling of the fire lanes. This work is nearly finished and our fire trucks can get to most parts of the forests if necessary.

Every year more people are using these forests and we hope to have running water, tables and benches in the Pinsin Hill forest.

Respectfully submitted,

TOWN FOREST COMMITTEE.

REPORT OF THE CLAM WARDEN

January 11, 1950

Honorable Board of Selectmen,
Scituate, Mass.

Gentlemen:

The report of the Clam Warden is herewith submitted for your approval.

The report is based upon the activities of the Department.

The Scituate Harbor, Sandhills and Peggotty Beach areas were tested for pollution by the State Health Service. These places were found to be polluted very high, so as to allow no clamming at all in those areas. Sea-worms may be dug in those areas.

The control of shellfish enemies was our main goal during the year. At Humarock with the help of two men we piled up three-quarters of the mussels south of Hatch's Stand. These mussels have

to be checked or they threaten to cover most of our flats in Humarock. In 1950 we hope to get these piles off of the flats.

This Spring it is planned by the State's Biologist, Mr. Wheeler, to re-seed twenty-five barrels of clam seed in Scituate. If the re-seeding works out well there will no doubt be bigger re-seeding of our flats in Scituate. The seed is planned to be planted half at the North River area and the Minot areas, to which its progress will be watched.

Our work in the control of shellfish and shellfish enemies is made possible by the Board of Selectmen and the State's Biologist, Mr. Wheeler, with the funds they have generously appropriated the Department.

Respectfully submitted,

WALTER S. O'NEIL,
Clam Warden.

REPORT OF THE SCITUATE PUBLIC HEALTH NURSING SERVICE, INC.

Report of the President

This is a community service organization interested in promoting and protecting good health and better living for all citizens, young and old. We exist because of your generosity in responding to our annual membership drive for funds and in buying T. B. Christmas seals.

Our annual budget of around \$1000.00 brings you:

1. The Well-Baby Clinic — Dr. Olga Allers, Children's Hospital Pediatrician, each month advised over 20 mothers with babies. The cost was \$320.75.

2. The Immunization Clinic — held in cooperation with the Board of Health, gave protection against whooping cough, diphtheria, tetanus and small pox to a large number of children at a cost of \$107.67.

3. Supplies and medicine for the Public Health Nurse amounted to \$122.97.

SCITUATE PUBLIC HEALTH NURSING SERVICE

4. T. B. Assistance for local and county cases came to over \$500.00. We now return most of our share of the T. B. seal proceeds to the Plymouth County Health Association, of which we are a member. They in turn take care of local T. B. cases.

5 Medical care and help to families and individuals cost \$72.75.

In November 1950 we will sponsor the Mobile T. B. X-ray Unit. The importance of such a survey to the health of the town cannot be over-emphasized.

This board wishes to thank its many generous contributors of the past year and to welcome the increasing number of sustaining members.

May we also thank Mrs. Alice Dowd and the Board of Health for their fine cooperation.

Respectfully submitted,

RUTH K. BITTENBENDER,

President.

REPORT OF THE BOARD OF HEALTH

January 10, 1950.

To the Citizens of Scituate:

We are pleased to report that our town still maintains a high standard within the Commonwealth in regard to health and health conditions.

Our town has grown very rapidly in population and many new homes have been built, which adds many problems regarding sanitation. All this means added expense for disposal of garbage and rubbish and these problems must be taken care of as they arise.

All clinics sponsored by your Board, during the past year, have been well attended and very satisfactory results obtained.

Reports follow by those whom we have employed and we are pleased to report that their work has been very efficiently done and the Board takes this opportunity to thank them for their co-operation.

All town officials and those in charge of any of the Departments we have called upon at different times, have gladly given us assistance and we wish to thank them for the help they have rendered.

Respectfully submitted,
DR. CLIFFORD L. WARD, JR., Chairman,
WALTER L. ENOS, Secretary
GEORGE H. OTIS,

Board of Health.

BOARD OF HEALTH

REPORT OF THE PUBLIC HEALTH NURSE

Scituate Board of Health,
Scituate, Massachusetts.

Dear Sirs:

I hereby submit my annual report, as Public Health Nurse for the Town of Scituate, of activities for the year 1949.

Bedside Nursing Visits	1768
Old Age Visits	511
Soldiers' Relief Visits	25
Ambulance Cases	45
Doctor's Office Visits with Patients	22
Infant Welfare Visits	300
Baby Clinics—205 babies	12
Immunization Clinics—150 children	4
Pre-School Dental Clinics—34 children	33
Communicable Disease Visits	121
Prenatal Care Visits	79
Postnatal Care Visits	123
Unclassified Visits	370
Public Health Meetings	5
Conferences with State Health Workers	5
<hr/>	
Total Number of Visits	3400

Dr. Clifford L. Ward, Jr., conducted the Vaccination and the Diphtheria Clinics, which are sponsored annually by the Scituate Board of Health. The Whooping-Cough Clinic, sponsored by the Scituate Nursing Service, he also conducted. The importance of these clinics cannot be overstressed, as they are an insurance on freedom from epidemic.

Well Baby Clinic, sponsored by the Scituate Nursing Service, and conducted by Dr. Olga Allers, Pediatrician from Boston, continues its vital service to Scituate babies.

Under the sponsorship of the Scituate Board of Health, the Pre-School Dental Clinic, conducted by Dr. John F. Crimmins, gives remedial and preventive dentistry, with the newest the field has to offer.

BOARD OF HEALTH

It is gratifying to see with what willingness, those within the home are responsive to learning the techniques of bedside nursing, thereby assuring the home patients of comfort and adequate care between visits from the Public Health Nurse.

Respectfully submitted,

ALICE M. DOWD, R.N.

December 30, 1949.

REPORT OF THE SCHOOL DENTIST

December 21, 1949.

Board of Health,
Scituate, Mass.

Gentlemen:

The following is a brief outline of the work accomplished in the grade schools for the calendar year 1949.

Fillings in Permanent Teeth	273
Fillings in Deciduous Teeth	175
Extractions of Permanent Teeth	5
Extractions of Deciduous Teeth	45
Treatments (including fluorine treatments)	150
Prophylactic Treatments	93
Completed Cases	84

Complete modern dental equipment, including X-ray unit, has been purchased for the new school, and we will have better facilities to care for the children when it is completed.

Respectfully submitted,

W. B. PARSONS,
School Dentist.

**REPORT OF THE
PRE-SCHOOL DENTIST**

Scituate Board of Health,
Scituate, Massachusetts.

Dear Sirs:

In spite of a summer of exhaustive heat, the combined cooperation of the public health nurse, Mrs. Alice M. Dowd; the members of the Motor Corps of the Scituate Chapter of the American Red Cross; and that of the parents of those attending, resulted in the termination of a most successful Pre-School Dental Clinic for the year 1949.

Of thirty-four children examined, twenty-five received Remedial and Preventive Treatment, and fifteen were completed. Eighty-three Roentgenograms, one hundred three Medicated Treatments, fifty Full Prophylaxis, ninety-six Fluorine Treatments, together with twelve Extractions, plus two hundred fifteen Restorations, and parental Conferences on Diet, Malocclusion, etc., rounded out the sessions.

That mothers continue to grow more prone to the importance of a sound and healthful condition within the oral cavity is most encouraging to the profession.

The establishment of kindergarten within the local school system will leave its mark for future good, in health, as well as in the field of education, in that it will give the opportunity of receiving children for treatment a year younger; thereby catching remedial needs that much earlier, and being able to take preventive measures, such as fluorine treatments, when they can do the most good.

Sincerely,

JOHN F. CRIMMINS, D.M.D.,
Pre-School Dental Clinic.

**REPORT OF THE
INSPECTOR OF PLUMBING**

January 1, 1950.

Board of Health,
Scituate, Massachusetts.

Gentlemen:

Following is a report of my duties as Plumbing and Sanitary Inspector for the year nineteen hundred forty-nine.

Inspection of plumbing installations for which permits have been issued have been made and approval granted. The adoption of the rules inserted in the building code last year at the suggestion of your board, have been of great value in informing the prospective builder of the requirements in regard to proper facilities for the disposal of sewage and the Building Commissioner has been most cooperative with this department.

Problems of sanitation have been many and point to the fact that a municipal system of sewerage in some localities must soon be provided. We have two areas where the situation is acute; one at the Scituate Center and Dreamwold area, and the other at Scituate Harbor.

The problem at the Center area has been greatly increased by the concentration of our school population in that area. In accordance with your instruction, a study has been made of the problems and a solution proposed. At the harbor, the only possible remedy to stop the pollution is the sewerage system and treatment plant.

The cost to the town for this improvement would be approximately five hundred forty thousand dollars (\$540,000) and this seems like a staggering sum to spend in addition to all the other necessary debts which we have to assume at this time. This money could be raised on thirty year bonds and I firmly believe that for the protection of our health, the town should raise the money.

In order to make the proper start, it would be necessary to file a bill in the Legislature to allow the town to take easements, elect commissioners and float a bond issue outside the debt limit.

I recommend that the opinion of the town be ascertained on this matter in the annual March meeting. It is possible to obtain

BOARD OF HEALTH

from the Federal Government, under Public Law #352 of the 81st Congress, which is an act to provide for the advance planning of non-Federal public works, the necessary funds for engineering and architectural services. This is a loan to be paid back to the United States Government if and when the construction of public works is undertaken and started. I recommend that an article be inserted in the Warrant to authorize the Selectmen in the name of the Town of Scituate to make the application for this service, as this is recommended by the State Department of Public Health at this time.

Respectfully submitted,

PHILIP S. BAILEY,
Plumbing Inspector.

December 31, 1949.

REPORT OF THE MILK INSPECTOR

January 10, 1950.

To the Board of Health,
Scituate, Mass.

Dear Sirs:

Samples of milk have been examined and proven up to standard. All stores, hotels and restaurants have been licensed and one new wholesaler was licensed this year.

I have collected fees and paid the Treasurer for

- 10 oleomargarine licenses
- 1 camp license
- 1 ice cream manufactory
- 55 store milk licenses
- 10 vehicle licenses
- 1 Pasteurization milk license
- 14 Methyl Alcohol licenses
- 3 Denatured Alcohol licenses

Respectfully yours,

GEORGE H. OTIS,
Milk Inspector.

**REPORT OF THE
INSPECTOR OF MEAT AND SLAUGHTERING**

Board of Health,
Scituate, Mass.

Dear Sirs:

In accordance with State laws of Massachusetts I have inspected all animals slaughtered in this town and have found them all in good condition and suitable for eating.

I have stamped all slaughtered animals as required by law.

Respectfully submitted,

WILLIAM J. McAULIFFE,
Inspector.

**REPORT OF THE
INSPECTOR OF ANIMALS**

January 6, 1950.

Town of Scituate,
Board of Health,
Scituate, Massachusetts.

Gentlemen:

I wish to report that I have quarantined all dogs which have bitten people and have attended to all matters relative to cattle, horses, goats and swine.

Respectfully submitted,

CHARLES P. CHASE,
Acting Inspector of Animals.

BUILDING COMMISSIONER'S REPORT

REPORT OF THE BUILDING COMMISSIONER

January 16, 1950.

To the Board of Selectmen:

The report of the Building Commissioner follows:

Three hundred and sixty-one Building Permits were issued during the year 1949, fees collected and turned over to the Town Treasurer for the same were \$1,511.00. All buildings have been inspected as required by our Code of Building By-Laws and the Laws of the Commonwealth of Massachusetts.

Forty-three (43) cases were brought before the Building Board of Appeals, requiring eleven (11) meetings of this Board. All were disposed of to the best interests of all concerned, only one (1) case was taken before the courts of the Commonwealth, which was decided in favor of the Town of Scituate.

Several new developments were started during 1949 and several more are contemplated. I believe that building in Scituate will be even greater in 1950 than it was in 1949.

Respectfully submitted,

LESTER D. HOBSON,
Building Commissioner.

ALLEN MEMORIAL LIBRARY

January 12, 1950

Board of Selectmen
Scituate, Massachusetts

Gentlemen:

The year 1949 has been marked by further expansion of the facilities of the Allen Memorial Library and their use by the townspeople of Scituate.

After many years of service, our former librarian, Mrs. Don W. Freeman, retired on July 1. We feel that the Town of Scituate owes

PEIRCE MEMORIAL LIBRARY REPORT

Mrs. Freeman a great debt for her steady devotion to the Allen Memorial Library and for her kindly helpfulness to all its patrons. Mrs. Andrew Finnie has succeeded Mrs. Freeman as Librarian.

At the request of our Trustees, the Library Division of the Department of Education of the Commonwealth of Massachusetts made a thorough survey of the Allen Memorial Library last spring. We have been able to carry out many of the recommendations which were made as a result of this survey, and are working on further suggestions which were offered to us.

Sections of the Reference and Reading Room have been converted into magazine racks with the result that there is much more table room for those who wish to study here. Additional bulletin boards have been erected, and many books have been rearranged.

The Library Division of the Department of Education also weeded our collection of books to cull out obsolete or worn out reading material to give us much needed shelf space.

In the eleven months from February 1 to December 31, 1949, the Allen Memorial Library circulated a total of 17,926 books and 2,340 magazines.

Pending completion of the new Elementary School, the sixth grade of the Jenkins School continues to be housed in the Library Hall under arrangements made with the School Committee. The Veterans of Foreign Wars have indeed been most generous in their cooperation in this matter.

We are deeply grateful for the continued support which the Town of Scituate gives to the Allen Memorial Library.

Respectfully submitted,

PHILIP PALMER, President
Allen Memorial Library Association.

REPORT OF THE PEIRCE MEMORIAL LIBRARY

January 16, 1950

Board of Selectmen, Mr. D. H. Shea, Chairman
Scituate, Mass.

Dear Sir:

During the year 1949 the Peirce Memorial Library has endeavored to become of greater service to the community by continuing to offer the best and newest books to its readers.

TREASURER'S REPORT

The many very interesting exhibits have been well arranged under the direction of Miss Madeleine Ellis.

We have had a few story hours for the children and observed Book Week by exhibiting many books read by great-grandmother and grandmother together with the latest books for little tots.

The interior of the library has been refinished this winter and the addition of new book shelves is planned for the near future.

The librarian's report is attached.

The trustees of the association wish to thank the townspeople for their loyal support so willingly given to the library.

Yours very truly,

VERNETTA G. BARNES,
President, Peirce Memorial Library Association,
North Scituate, Mass.

REPORT OF THE LIBRARIAN

North Scituate, Mass., December 31, 1949.

Circulation report from Peirce Memorial Library for year ending December 31, 1949.

Total number of books circulated.....	13,233
Total number of magazines circulated.....	1,904
Number of cards issued.....	365
New books added to the library thru purchase and as gifts.....	345

We are very grateful to the townspeople for their interest and support shown during the year.

Respectfully submitted,

SARAH H. KNOWLES,
Librarian.

REPORT OF THE PLANNING BOARD

One hundred and ninety seven towns and cities in this Commonwealth have planning boards, representing 93% of the population of the entire state. The Scituate Planning Board functions under the so called "new type planning board law" which gives it rather wide statutory powers. These powers have been given by the legislature to enable planning boards to act without interference by politically-minded persons, and in all cases where the personnel of the planning board is made of men who are civic minded it is a matter of record that planning is a worthwhile function.

One of the functions of this planning board is the regulation of subdivision plats of which there have been several passed this year by the board. To correct a misapprehension by some the law exempts those who have built on proposed subdivisions and those who have bought a lot, from any regulations of the subdivision law. The majority of this board do not look with equanimity on the alleged lack of control of projected subdivisions which claim immunity from our development law because their property has been plotted and planned prior to the acceptance of subdivision control. Considerable of this board's time has been taken in trying to find a solution to this problem which we hope to settle in 1950.

While it may appear to some citizens that the scope of the planning board has been extended unduly we would like to point

VETERANS COMMITTEE REPORT

out that in the matter of the central elementary school, the investigation of revaluation of taxable property by an outside concern and a study of town managership, all of these are permissive by statute and were so voted in town meeting as duties to be performed by this board. The two latter subjects will be reported at the coming March town meeting.

It must appear to all citizens that Scituate is having adolescent troubles. It is no longer the simple, quaint town, the majority of whose problems were well known to everybody. To-day we are faced with an expansion probably greater than any town on the South Shore. It is not the policy of this board to attempt to curb growth rather an aim to protect the town against those who would destroy its charm and beauty for their own gain. We believe that with your help and confidence the planning board will assist materially in the continuance of Scituate being one of the better towns in which to live.

KENNETH MANSFIELD, Chairman

REPORT OF THE VETERANS SERVICE OFFICER

As in the past a weekly summary of all activities of this office has been presented to your Board of Selectmen, and with their assistance and approval we have handled to the best of our ability the many problems that have arisen.

For the help rendered us by your Board, especially by your Chairman, who is Veterans' Agent for the Town, as well as for that afforded us by the American Legion Service Dept. in Boston, the Veterans' Administration and the State Dept. of Veterans' Services, we are deeply grateful.

Our desire is to be of service to the Veterans and if they will but call on us we, who are responsible to the citizens of the Town, will endeavor to warrant their confidence and your continued support.

Respectfully submitted,

JEROME F. CROWLEY,
Veterans' Service Officer.

SCHOOL HOUSING COMMITTEE REPORT

REPORT OF THE ZONING BOARD OF APPEALS

Board of Selectmen
Scituate, Massachusetts

The Zoning Board of Appeals reports that during the year 1949 it held two public hearings on petitions for variances of the Zoning Laws.

After each public hearing, private meetings were held at which due consideration was given to the arguments advanced. One petition for a variance was granted and one was denied.

Respectfully submitted,

W. CLEVELAND COGSWELL, Chairman
FRANK L. WESTERHOFF
ALBERT W. HOLCOMB

REPORT OF THE SCHOOL HOUSING COMMITTEE

To the Voters of Scituate:

In our last annual report to the town, you were informed of the successful and selected general contractor for the building of our new Central Elementary School. You were further advised that the actual work on its erection had been started. Real progress on the building began in March and has been carried on continuously throughout the year. At this writing it is a little difficult to predict just when the school will be ready for occupancy, but it is safe to say that if it is not occupied by the date of this year's town meeting, it will be ready shortly after that time. It is also pleasing to report that everything indicates that the cost of our new school will be well within our original appropriation.

The general contractor, R. R. Jacobucci Inc., has been well represented by Mr. Jacobucci. He has given a great part of his time to prosecute and hurry the job, which was at times slowed because of the delayed delivery of critical building materials, due in large part to labor difficulties had by the manufacturers of these materials. He has been most cooperative with the committee and its resident engineer, Mr. Julius Nolte.

SCITUATE HOUSING AUTHORITY

Early in January of 1949 your committee was saddened by the untimely passing of one of our valued members, Mr. Edward P. Breen. Shortly, thereafter, Mr. Frank L. Westerhoff, was appointed to carry on with us.

We sincerely thank the selectmen and citizens of the town for their cooperation during the past year.

Respectfully submitted,

EBEN B. PAGE, Chairman
MARY F. HEFFERNAN
DANIEL VINES
SAMUEL J. TILDEN

REPORT OF THE SCITUATE HOUSING AUTHORITY

January 4, 1950

Board of Selectmen
Town of Scituate
Massachusetts

Gentlemen:

Since our report for the year 1948, we have continued to study our local conditions, and have also attended several meetings in Boston at both State and National levels.

We have been unable to discover any need for or desirability of such building in Scituate, so, therefore, have taken no action.

We will continue to keep closely in touch with the situation and if conditions change take such action as is desirable.

Respectfully submitted,

PHILIP L. SCHUYLER

PAUL A. REYNOLDS
ALFRED C. BLAKE
EVAN F. BAILEY

**REPORT OF THE
BUILDING BOARD OF APPEALS**

Board of Selectmen
Scituate, Massachusetts

The Building Board of Appeals held during 1949 nine public hearings on appeals from rulings of the Building Commissioner. Variances were granted in all cases except for one. In one case the variance granted was appealed to the Superior Court where, after hearing, the decision of your board was upheld and approved.

Respectfully submitted,

W. CLEVELAND COGSWELL, Chairman
GEORGE PAUL
PHILIP S. BAILEY

**REPORT OF THE
PLYMOUTH COUNTY AID TO AGRICULTURE
(Plymouth County Extension Service)**

The towns of Plymouth County have the opportunity of contributing directly to the budget of the Plymouth County Extension Service by town appropriation, which is sent directly to the County Treasurer for the use of this Department. Town Directors are chosen to represent the town in the administration of the Extension Service wherever possible.

The Extension Service is an educational organization sponsored jointly by the County of Plymouth, University of Massachusetts, and the United States Department of Agriculture. There are three Departments within the Extension Service—Agriculture, Homemaking, and 4-H Club Work. The major objectives of the Extension Service are directed to farm and rural people, but since funds from tax sources are used, there is an obligation to all the citizens of the County.

The direction for the Extension Service is by board of nine trustees who are appointed by, and report to, the Board of County Commissioners. In addition, each Department has an advisory

GREENHEAD FLY CONTROL REPORT

council and commodity committees which give counsel in the formation of educational programs for their respective groups.

General educational programs are conducted through meetings, circular letters, newspapers and radio publicity. In addition, farm and home visits are made to promote rural welfare among the men, women, and youth interested in better farm and rural living.

RUTH M. MEYERS
Town Director
County Aid to Agriculture

REPORT OF THE GREENHEAD FLY CONTROL

INTRODUCTION

The Scituate Greenhead fly control project conducted during July, 1949, in conjunction with similar projects in the adjoining towns of Marshfield and Duxbury, contributed to a 90% reduction of Greenhead flies in an area extending along the South Shore from Cohasset Harbor south to the Kingston town line.

Because the Scituate-Marshfield town line passes through the center of a rather extensive expanse of salt marsh where flies breed profusely, it seems advisable to stress the importance of a cooperative effort by the two towns mentioned in alleviating this common fly nuisance. Any Greenhead fly control program initiated by Scituate alone would entail treatment of salt marsh on only one side of the North River. Under such operational conditions, migrating flies from the adjacent Marshfield area would tend to nullify the control efforts instituted by Scituate. Of course, the same would apply to a Marshfield project conducted without a supporting Scituate project. The economic advantages and the increased effectiveness provided by joint action of adjoining cities and towns was recognized early in the original Greenhead fly experimental work. For this reason, Chapter 391 of the Acts of 1948, authorizing Greenhead fly control projects, provides for the establishment of a single project to encompass two or more adjoining cities or towns.

PROJECT ORGANIZATION

In preparation for the 1949 control project, a fly population and breeding survey was carried on along the Scituate marshes. This survey began in the late summer of 1948 and was completed in the

GREENHEAD FLY CONTROL REPORT

spring of 1949. Data derived from the survey indicated that treatment of only 600 of the 1510 acres of existing salt marsh would provide reasonable protection from the pest. Since the Greenhead fly emerges on a period of one month, and since the residual effect of the spray to be used persisted for only about twelve days, two spray applications were scheduled ten days apart. Timing of the two applications was lightly altered to effect control of the biting midge (*Dashelia mutabilis*) which has become a real nuisance, particularly at Third Cliff and at Peggotty Beach. In addition, a comparatively small amount of the total quantity of spray was scheduled for application in the vicinity of Musquashcut Pond to control the non-biting midge (Chironomid) nuisance existing in that area.

PROJECT EXECUTION

Due to the irregularity in shape of the marsh areas and the close proximity to dwellings, the service of a helicopter was procured for applying the spray material. A fuel oil tank truck was hired to deliver the diluting fuel oil directly into the insecticide tanks of the plane at the five loading sites. A one-ton truck was hired to transport the DDT concentrate and service the plane with insecticide at the same time fuel oil was being delivered. As a result of this organization, the average loading time was slightly more than three minutes and the plane dumped a load of 50 gallons in approximately ten minutes.

On July 12th, one gallon of finished spray, equivalent to one pound of DDT, was applied to each of the 600 acres selected for treatment in order to effect maximum control. On July 22nd, a similar treatment was repeated in substantially the same manner used for the first application.

CONCLUSION

Examination of the Scituate resort areas for one month following the completion of operations, by marsh-sweepings and adult car collections, showed that approximately 90% of the Greenhead flies had been eliminated. The biting midges (*Dashelia mutabilis*) were no longer a problem at the various beach resorts and the Chironomid nuisance at Musquashcut Pond had disappeared. It may be pointed out here that this is pioneer control work, that this is the first control project of its kind in this country, and that the 1949 program indicated that some additional benefit may be derived by scheduling the first spray application for the first week in July rather than the 12th, or second week in July, the date used in the 1949 program.

BERTRAM I. GERRY,
Entomologist.

STATE AUDIT REPORT

REPORT OF THE
STATE AUDIT

September 14, 1949

To the Board of Selectmen
Mr. Dennis H. Shea, Chairman
Scituate, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Scituate for the period from January 1, 1948 to May 11, 1949, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Scituate for the period from January 1, 1948 to May 11, 1949, and report thereon as follows:

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collection were examined and reconciled with the books and reports in the town accountant's office and with the records of the town treasurer.

The town accountant's ledgers were analyzed, the receipts being checked with the treasurer's books and the payments being compared with the warrants authorizing them and with the treasurer's records of payments. The appropriation accounts and loan authorizations were checked with the town clerk's records of town meeting proceedings and the recorded transfers from the reserve fund were verified by comparison with the records of the advisory committee.

STATE AUDIT REPORT

The necessary adjusting entries resulting from the audit were made, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town on May 11, 1949.

The books and accounts of the treasurer were examined and checked. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the town and with other sources from which money was paid into the treasury, while the payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash book additions were verified, and the cash balance on May 11, 1949 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments made for maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The savings bank books and securities representing the investment of the several trust and investment funds in the custody of the town treasurer were examined and listed. The income and withdrawals were proved and checked with the treasurer's recorded receipts.

The records of tax titles held by the town were examined and reconciled with the tax books and with the accountant's ledger, while the redemptions were checked with the treasurer's cash book. The records of tax possessions were examined and listed and the additions as a result of tax title foreclosures were proved. Tax title and tax possession transactions were further verified by comparison with the records in the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The tax and motor vehicle and trailer excise accounts outstanding according to the previous examination and all subsequent commitments were audited and compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the abatements were checked with the assessors' records of abatements granted, the amounts transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The records of departmental and water accounts receivable were examined and checked. The commitments were proved, the collections were compared with the treasurer's recorded receipts, the abatements were checked with the records of the departments

STATE AUDIT REPORT

authorized to grant them, and the outstanding accounts were listed and reconciled with the accountant's ledger.

Verification of the outstanding accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The records of receipts from licenses issued by the selectmen, the town clerk, and the health department were examined and checked and the payments to the Division of Fisheries and Game and to the town treasurer were verified.

The surety bonds of the several departmental officials required to file them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the building inspector, of the police, highway, and school departments, as well as of all other departments collecting money for the town or committing bills for collection, were examined and checked, the recorded collections being compared with the treasurer's books.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and town collector's cash, summaries of the tax, motor vehicle and trailer excise, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

During the progress of the audit, cooperation was extended by all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

ANNUAL REPORT
OF THE
School Committee
OF THE
TOWN OF SCITUATE

For the Year Ending December 31

1949

SCHOOL COMMITTEE REPORT

WINTER TERM—January 3 to February 17, inclusive.

One Week Vacation.

February 27 to April 14, inclusive.

One Week Vacation.

No School April 7—Good Friday.

SPRING TERM—April 24 to June 22*

Holiday—May 30.

Summer Vacation.

FALL TERM—September 6 to December 22, inclusive.

Holidays—October 12, Thanksgiving Day and day following.

No School October 20—Teachers Convention.

*This date is tentative. The statutes require high schools to have one hundred eighty sessions a year.

“No School” Signal

The “No School” signal is 3-1-3, and will be sounded from the fire stations at North Scituate, Scituate Harbor and Greenbush at 7:10 A.M. to designate the omission of school sessions for the first six grades—e. g. the Hatherly, Jenkins and Central Elementary Schools. If the signal is repeated at 7:20 A.M., it will indicate no school in the High School. It is, however, the general policy of the Committee to hold regular sessions whenever it is practicable to maintain transportation service.

Committee Meetings

The regular meetings of the Committee are held monthly, at the office of the Superintendent, Old High School Building, September to June, inclusive.

Appointments with the Superintendent may be made upon request.

For admission to Grade One of the Scituate Schools, a child must have reached the age of five years and eight months on September 1 of the year of entering. For admission to Kindergarten, a child must have reached the age of four years and eight months on September 1 of the year of entering.

No child will be admitted to school for the first time after October 1, unless, before this date, permission has been granted by the Superintendent for a later entrance.

A vaccination certificate must be presented to the school when the pupil enters for the first time.

A birth certificate must be presented for those pupils whose births were recorded outside of Scituate.

SCHOOL COMMITTEE REPORT

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Scituate:

The School Committee is glad to present the following reports of the Superintendent of Schools, the Principals, and the heads of the various departments.

The most serious problem that faces the schools is still housing, but with the opening of the new elementary school, and if the proposed addition to the high school building is built, our housing problem will be settled for several years.

With the increased school population, the Committee has been careful, however, that housing is not our only interest. The Committee is attempting to broaden our school program in art, music, manual arts, homemaking, and physical education, and is stressing college preparation as well as a general education.

The School Committee wishes to thank the citizens for their support of the schools.

Respectfully submitted,

SAMUEL J. TILDEN, Chairman
MARGARET B. MILES, Secretary
FRED T. WATERMAN,
NELS H. SANDBERG,
DORIS D. WARD

SCHOOL COMMITTEE REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Scituate:

I take pleasure in submitting my annual report for your consideration.

The School year opened for the fall term of 1949 on September 7. The October 1 census showed a total enrollment of 967 in all schools, compared with 894 in 1948. The Hatherly School numbered 251; the Jenkins School, 333; and the High School, 383.

TEACHING STAFF CHANGES

Miss Carol Vollmer returned to her position in grades VII and VIII after a year's leave of absence spent teaching in the public schools of Alaska. Miss Vollmer's experiences in her work there were interesting as well as very helpful educationally. Mr. Norman Walker also returned in September to his position in the High School after a leave of absence to tour Europe with the United States Hockey Team. Miss Mary Wisotsky of the Hatherly School resigned in June to teach in Canton, where she would be close to her home. Miss Wisotsky was a very successful young teacher. Her place was filled by the appointment of Miss Edith Fish, a graduate of Bridgewater Teachers College and Boston University and a teacher of several years' experience in the schools of Wakefield and Amesbury, Massachusetts, and Wolfeboro, New Hampshire. Due to the great increase in enrollment in Grade I at the Hatherly School it was necessary to appoint an additional teacher. Miss Evelyn Boyle, a graduate of the Leslie College with one year's successful teaching experience in Rockland, was selected for the position. Mr. John J. Kelly, Jr. was appointed a fifth grade teacher at the Jenkins School. An additional teacher was essential due to a large increase in that grade. Mr. Kelly is a graduate of Bridgewater Teachers College and taught during 1948-1949 in Somerset. Mr. Walter H. Robb, the practical arts instructor at the High School for the past year, resigned at the end of the school year to return to New Hampshire, and Miss Doris Rowell of the Art Department at the High School since 1941 resigned to accept a higher salary at the Malden High School. Mr. Borah Kreimer, a graduate of the University of North Carolina and formerly a teacher in Kingston and Bridgewater, took Mr. Robb's place; and Miss Alma Shmauk, with training at the Massachusetts School of Art and teaching experience in Brookline, Arlington, and other schools, was appointed to fill the vacancy in the Art Department. Mrs. Frances Cole of Scituate was given a part-time teaching posi-

SCHOOL COMMITTEE REPORT

tion in the High School when it was found that three classes could not be covered by the regular teaching force. Mrs. Cole has had considerable teaching experience and has substituted in our schools on many occasions. Mr. Frank Young, for 35 years the janitor of the Jenkins Elementary School was retired from service on June 30, 1949. His long and faithful service has been highly valued by all members of the school department. His place was filled by the appointment of Mr. Paul Mahoney, a graduate of our schools and a life-long resident of Scituate.

SCHOOL ENROLLMENT AND HOUSING

The following table gives the enrollment as of October 1 each year for the last ten-year period:

	Hatherly	Jenkins	Total Elementary	High School	Total
1940	198	217	415	359	774
1941	214	235	449	375	824
1942	212	242	454	373	827
1943	234	254	488	340	828
1944	232	260	492	357	849
1945	242	245	487	364	851
1946	229	260	489	366	855
1947	223	248	471	373	844
1948	221	294	515	379	894
1949	251	333	584	383	967

Elementary Schools

Our elementary school enrollment rose by 69 pupils in 1949, making conditions in the Hatherly and Jenkins Schools extremely difficult. 62 beginning students registered in September at the Hatherly School as against 44 one year ago. Three rooms at the Jenkins School have two teachers each, due to the large numbers in those grades. The Allen Memorial Library Hall and Legion Hall are still in use to supplement our elementary school space. The new Central Elementary School, originally due to be completed in November 1949, should be ready for occupancy in late February or early March, 1950, the delay caused by three major labor strikes in manufacturing plants furnishing materials to the contractors. This new school building will add considerable architectural beauty to the town and will contain the necessary equipment needed for efficient teaching.

Kindergartens

The new Central Elementary School contains two double kin-

SCHOOL COMMITTEE REPORT

dergarten rooms. These kindergartens will open in September 1950, and the rooms and equipment will be up-to-date and complete for this type of education.

High School

The High School continues to be over-crowded as the enrollment figures show a gradual increase. All classrooms are being used to capacity each period of the school day and some additional classes must be held in the cafeteria and the second floor corridor. With huge classes in the lower grades at this time a sizeable addition to this building must be considered at once in order to house these classes in the next few years. It may be seen from the present elementary school figures that the high school enrollment will double in the next seven years.

UPKEEP OF SCHOOL PROPERTY

During the year 1949 only those repairs necessary for the use of the elementary school buildings until such time as the new Central Elementary School would be ready, were made. In the High School several improvements were made. The art room, practical arts room, two class rooms, and the ceiling of the cafeteria kitchen were painted. Pupil desk tops were sanded and refinished in the rooms occupied by grade VII and VIII, and the science table tops in the laboratory were refinished. The cupola on the roof of the high school was scraped, calked, and painted. Gold leaf was applied to the dome of the cupola. All exterior doors and casings were painted. Additional wash bowls were added in the toilet rooms and a sizeable storage closet for janitors' supplies was built in the room formerly used for boys' lockers. Worn out window cords were replaced throughout the building and other minor repairs made to keep the high school building in good physical condition. New equipment purchased during the year included a new sound projector for the high school, 40 chairs for the high school cafeteria, and additional furniture for over-crowded classrooms.

HEALTH COUNCIL

The Scituate School Health Council, organized in 1948, is continuing its efforts to improve health activities of the department. A sub-committee of the council has met weekly since the opening of school in September to write up a code of specific regulations for the effective operation of the various phases of our health program. Twice during the year our school department has been commended for its health activities from the State Department of Public Health. The health unit in the Central Elementary

SCHOOL COMMITTEE REPORT

School with its excellent and complete equipment will make possible the extension of this program.

AUTOMOBILE DRIVING COURSE

The behind-the-wheel driving course supplemented by classroom instruction in rules of the road has proven very popular in the upper high school grades. The use of the dual controlled car the past year has enabled many eligible students to obtain their driving licenses without going out of town, and it is believed that they will be more careful drivers because of their training in our schools.

New bus routes, effective upon the opening of the Central Elementary School, have been laid out by the superintendent. High and elementary school pupils will be carried separately, the elementary school opening at nine o'clock to make this possible.

I wish again to thank Scituate Post No. 144, The American Legion, for the use of their hall, and the Trustees of the Allen Memorial Library and Satuit Post No. 3169, Veterans of Foreign Wars, for the use of the library hall, during 1949. The use of these two rooms is greatly appreciated during this period when our regular school buildings are overcrowded. I wish also to express thanks to the Scituate Dramateurs for their financial help in the purchase of new cycloramic curtains for the high school auditorium stage, and to the many organizations of the town who are generously offering scholarships to our high school graduates each year.

Your attention is called to the splendid reports of the school principals, the school physician, and the school nurse; also to the various statistical tables and to the financial reports, on the pages following.

Respectfully submitted,

FREDERICK A. CALKIN,

Superintendent of Schools.

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Frederick A. Calkin
Superintendent of Schools
Scituate, Massachusetts

My dear Mr. Calkin:

Herewith is presented my annual report as principal of Scituate High School.

SCHOOL COMMITTEE REPORT

The upward trend in the enrollment of this school continues. On October 1, 1949 there were 383 pupils enrolled. Tabulated below are the enrollment figures for the last five years and they indicate the steady upward trend:

October 1, 1945	—	365 pupils
October 1, 1946	—	366 pupils
October 1, 1947	—	373 pupils
October 1, 1948	—	379 pupils
October 1, 1949	—	383 pupils

The large enrollment overtaxes the capacity of the building and additional classrooms and other facilities are needed. The schedule was arranged this year so that all classrooms would receive maximum usage. In addition, the cafeteria and some corridor space have had to be utilized this year for two of the classes. Because of additional classes, it was necessary to engage another teacher on a part time basis.

We continue to receive favorable reports from colleges and universities on the work of recent graduates of this school. Nearly one-third of the class of 1949 entered college or other schools of advanced training this fall. Among the colleges and schools which they are now attending are Boston College, Boston University (3), Colby College (2), Cornell University, Harvard University, Sarah Lawrence College, Springfield College, University of Massachusetts, Laselle Junior College, Lawrence Academy and several Schools of Nursing.

The testing program was again used for the twofold purpose of obtaining reliable and objective information for use in individualized instruction and also to aid in counselling. The Boston University battery of educational development tests were given to grade nine; grade ten took the Iowa University battery of general educational development tests; and the Boston University battery of educational and vocational guidance tests was taken by grade eleven. The test results were interpreted to those who took the tests and their parents received reports of the results on profile forms. The educational development tests again indicated that our pupils, as a group, compare favorably with those from other high schools in New England and throughout the country. We also gave the Terman Tests of Mental Ability to all pupils of grade eight.

During the summer some new tools and other equipment were obtained for the shop. In addition to the regular shop projects, the boys of the Practical Arts department have made or

SCHOOL COMMITTEE REPORT

repaired several items about the building with special mention of a new cabinet to be used for the storage of our film-strip library.

The band and orchestra have continued to make fine progress under a full-time director, and they have rendered valuable assistance to other features of the school program. The band played at all of the home football games and also accompanied the team on several trips away, while the orchestra and band played at several of the assemblies. The Glee Club also participated in some of the assembly programs. The combined musical organizations put on a fine Christmas assembly which was one of the best of the year.

The use of the dual-control automobile since last January has contributed much to the success of the pre-driving and driver training course. Last spring all of those who had been taking the course were granted licenses, after passing the tests with the inspectors from the Registrar's office who conducted the tests here in Scituate. Another group will be ready for the driving tests later in the year.

In most of the various sports, our athletic teams, both boys' and girls', had good seasons last year and the contests were played in a manner which brought credit to Scituate High. This fall we won the South Shore championships in football and in field hockey. These teams were tendered a banquet at the close of the season by the local Board of Trade. The cheerleaders did their share by encouraging support of the teams and by helping to maintain the high standards of good sportsmanship.

The field which is used by our athletic teams and the classes in physical education should be graded and turfed at the earliest moment. Even a casual inspection will reveal uneven places and stones that make it hazardous as a playing field.

Brief mention should be made of the accomplishments in other extra-curricular activities during the year. The senior play staged in April was a mystery play, a departure from the usual farce comedy, and it was well received by a large audience. This fall the annual all-school show, "The Gay Nineties", pleased one of the largest audiences to witness our school productions. The radio program which our school has presented in the fall the last two years, will be broadcast over WBET, Brockton, early in March. We were very well represented at the annual American Legion Oratorical Contest held in Rockland last February. The Student Council has made progress during the year. Through its efforts, an official school song has been written and adopted. All football

SCHOOL COMMITTEE REPORT

rallies were planned and carried out by the Student Council. The Key Club furnished the ticket sellers for the basketball season and it also gave support to the annual Students' Association membership campaign. Our chapter of the Pro Merito Society put on its first induction service in an impressive manner last spring. An efficient "Chimes" staff brought out several interesting issues of the "Scituation" during the year and a fine "Chimes" yearbook in June. In all of these activities many pupils gained valuable experience and knowledge not attainable in the regular classroom work.

Many interesting and worthwhile assembly programs have been presented during the year. Most of these were student-participation programs which gave platform experience to the many participants. Other programs were planned to give general educational information in some cases on topics not covered in the curriculum. Our guidance services were strengthened by talks and films dealing with various occupations. In the field of science, we were very fortunate in being able to obtain the "House of Magic" program from the General Electric Company.

New back curtains for the stage were installed just before graduation in June and we hope that a new front curtain may be obtained before the end of the school year.

Several more scholarships were awarded at the graduation exercises last June than in previous years. This increased interest in providing scholarships is gratifying and it is appreciated by all concerned.

Mr. Walter Robb, shop instructor, resigned in June and Mr. Borah Kreimer was elected to fill the position. Miss Doris Rowell resigned as art instructor late in the summer and Miss Alma Shmauk took her place. Miss Carol Vollmer returned to her Junior High classes after a year's leave of absence in Alaska. Mr. Norman Walker also rejoined the faculty after his leave of absence in Europe. Mrs. Herbert Cole was engaged on a part time basis to teach some additional classes necessitated by the increased enrollment.

May I conclude this report with a word of sincere thanks to you, the school committee, the staff and the student body for the cooperation and support extended during the year. The fine co-operative spirit of the class of 1949 throughout the many activities of graduation week was especially appreciated.

Respectfully submitted,

GEORGE A. J. FROBERGER,
Principal.

SCHOOL COMMITTEE REPORT

REPORT OF THE ELEMENTARY SCHOOLS

Mr. Frederick A. Calkin
Superintendent of Schools
Scituate, Massachusetts

Dear Mr. Calkin:

I herewith submit my seventh annual report as Supervising Principal of the Hatherly and Jenkins Schools.

Schools opened in September with a very large enrollment in both the Hatherly and Jenkins Schools. To accommodate the unexpected large first grade at Hatherly School a section of the basement was partitioned off, painted white, fluorescent lighting installed, and an attractive linoleum laid on the floor. This room now cares for a group of twenty children. Through the courtesy of the Allen Library Trustees, the Veterans of Foreign Wars Association, and the American Legion, we continue to use the Library Hall and the Legion Hall to house grade six and the Special Class of Jenkins School.

The distribution of pupils as of October 1, 1949 was as follows:

<i>School</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>V</i>	<i>VI</i>	<i>Spec.</i>	<i>Total</i>
Jenkins	59	75	40	53	52	37	17	333
Hatherly	62	39	38	41	40	31		251
Total	121	114	78	94	92	68	17	584

Several changes in teacher personnel occurred before the opening of school in September. At Hatherly School Miss Mary Wisotsky resigned to accept a position nearer her home. Miss Edith Fish, a teacher with experience in Massachusetts and New Hampshire schools, was appointed to fill this position. Miss Evelyn Boyle, a graduate of Leslie College and a teacher in the Rockland schools last year, was engaged to teach first grade. Mrs. Mary Bailey was also assigned to a section of the large first grade.

At the Jenkins School it was necessary to divide the large second grade. Mrs. Madeline Vickery was assigned to a small second grade group, while Miss Rose Marie Fisher, with Miss Jean Eisler as her assistant, continues in the regular second grade room. Because of the large enrollment in grades four and five, two teachers were assigned to each of these rooms. Miss Marguerite O'Hern and Miss Mabel Kendall were assigned to grade four, while Miss Mary Monahan and Mr. John Kelly were assigned to grade five. With the completion of the new elementary school these unsatis-

SCHOOL COMMITTEE REPORT

factory conditions will be eliminated and a more normal setup can be expected.

Mention is here made of certain activities carried on during the year in the elementary schools.

1. Testing program
 - a. Intelligence tests
 - b. Achievement tests
2. Sale of seeds
3. Sale of pictures
4. The usual contributions to the Red Cross, Red Feather, and Plymouth County Hospital drives
5. The use of films and the radio for classroom instruction
6. Hobby shows
7. Tea for parents of grade one pupils at Hatherly School

In anticipation of the consolidation of the pupils of the Jenkins and Hatherly Schools into the Central Elementary School, I should like to offer the following.

Advantages of Ability Grouping

Each child has a certain inherited capacity for thinking, and this inherited capacity we know from intelligence testing varies widely with different pupils of the same age groups. Therefore, the purpose of homogeneous or ability grouping is to place together pupils who are as nearly alike in intellectual capacity and working power as possible because

- a. Members of a non-selective group approach equality neither in ability nor in achievement.
- b. Demand for increased attention to varied capacities, interests, and future activities of pupils has brought about the need for a revision of our educational procedure in recent years.

Results may be expected from this type of grouping —

- a. Classroom instruction is made easier and more effective.
- b. Each pupil is stimulated to make the maximum use of his abilities.
- c. The ideal of individual instruction is more nearly approached.
- d. Discouragement because of comparative incapacity is avoided.
- e. Pupil's interest and achievement are increased.
- f. Pupils make better progress when working with others of their own capacity and enjoy school work more.

SCHOOL COMMITTEE REPORT

- g. Abilities are discovered that otherwise would not be developed.
- h. Discipline is made easier.

I should like to take this opportunity to express my appreciation for your support and for that of the School Department and to thank the teachers for their cooperation during the year.

Respectfully submitted,

LEROY E. FULLER,
Principal.

REPORT OF THE SCHOOL PHYSICIAN

To the School Committee of Scituate:

The routine physical examination of the pupils has been carried out in 1949 and where special attention was required the pupil was referred to the parents' private physician or to clinics in nearby cities. The matter of transportation to these clinics is still a considerable difficulty in our program. I have attended all the football games here to provide first aid. In recent years there have been relatively few serious injuries on our playing field.

An extensive epidemic of german measles began in late January and was overlapped by one of true measles in March; both continuing into June. It must be urged again that a sick child should be cared for at home, the sooner the better. That is to the advantage of both the child and the schools.

The Health Council has met at intervals, and progress has been made in promoting the health of the pupils.

I appreciate very much the help and cooperation of the teachers and the rest of the school staff, and of the parents.

Respectfully submitted,

M. D. MILES, M.D.,
School Physician.

SCHOOL COMMITTEE REPORT

REPORT OF THE SCHOOL NURSE

Mr. Frederick A. Calkin
Superintendent of Schools
Scituate, Massachusetts

Dear Sir:

The regular school health program in its numerous phases was carried on during the year 1949. Emphasis was placed on measures for the promotion of health and the prevention of disease.

Foremost among the accomplishments of the year was the organization of the School Health Council. Although complete details have not been worked out, never-the-less it is gratifying to have the school take the initiative in an effort to coordinate health services. It enables each individual concerned with child health to understand his relationship to his fellow workers for better correlation of school health aims and tends to promote and extend community understanding relative to the school health program.

Many conferences were held while the council plans were being formulated and they proved to be very helpful to those who participated in them. This council should pave the way for an associated community health council, thus improving public relations with health and welfare agencies and establish an awareness of community resources.

The facilities of the various clinics were used for guidance, speech correction, and the classification and placement of retarded children. Transportation to clinics is rather a troublesome problem, and time is taken from other school duties. The recent offer by members of the Scituate Nursing Service to assist with transportation is very much appreciated. It is indicative of their interest in school work and a willingness to serve the community.

In regard to the correction of remedial defects, those of vision seem to create a great deal of misunderstanding. Primarily this responsibility belongs to the parents. Frequently the family budget can not be stretched to include this expenditure and many times parents are reluctant to seek help. This means long periods of delay before the correction takes place. Well meaning people sometimes think that the school should take care of the situation. It can not be done by the school. Some person, private or official agency or group must guarantee payment for examinations and

SCHOOL COMMITTEE REPORT

glasses, even in a clinic. Local fund raising groups have a golden opportunity to help with this problem.

The so called nuisance diseases, impetigo, scabies, ringworm of skin and scalp and pediculosis were not a serious threat to the health of school children during the year. The few offenders with pediculosis were excluded at intervals. If the parents of these few cooperated, the problem need not exist.

Memories of past difficulties fade into insignificance as I look forward to the pleasure of working in the health unit of the new school building. With sincere thanks to co-workers,

Respectfully submitted,

MARGARET J. O'DONNELL, R.N.,

School Nurse.

SELECTMEN'S REPORT

REPORT OF THE BOARD OF SELECTMEN

We are happy to submit to the Citizens of Scituate our Annual Report.

In June 1950, Mr. Dennis H. Shea, Chairman of the Board of Selectmen, resigned because of poor health. He had served Scituate long and faithfully, both as moderator and selectman. Hundreds had sought and received his counsel on town affairs.

Our new central Elementary school was opened last Spring. This beautiful building is perhaps the first school edifice in the eastern part of the country. When the doors were opened, a committee was already at work on plans to extend the High School. This addition is necessary to accommodate the larger classes coming in from the Elementary school.

What was considered the third hurricane in twelve years swept through the town in September, causing severe damage to Glades Road, Minot, with some cracking of the sea wall. After repairs had been made we were struck by a second and even more devastating storm which sucked out the sea wall in places and caused further damage to the road. As a result, additional funds had to be expended to lessen the risk of property damage in that area. The sea walls along the town's entire length are in poor condition and much work will have to be done on them soon.

The unofficial report of the census taken in April 1950 records Scituate as having a population of approximately 5900 as compared to 4100 in 1940. Since many homes unfinished at the time of the census taking are now completed and occupied, we assume that the figure is even higher.

Our town with its great scenic beauty, its unusual recreational facilities, its schools, its churches, and its healthful community life will continue to attract those who seek the better things in life.

Respectfully submitted,

ROBERT H. TILDEN

WILLIAM F. SLATTERY

WILLIAM OTIS ANDREWS, Chairman

TOWN CLERK'S REPORT

REPORT OF THE TOWN CLERK

ANNUAL TOWN MEETING

March 6, 1950

At a legal meeting of the inhabitants of the Town of Scituate, qualified to vote in Elections and Town Affairs, held at the High School Auditorium in said Scituate on Monday, the sixth day of March, 1950, at 7 o'clock P.M., order was called by Moderator Nathaniel Tilden.

The warrant was read by Town Clerk William M. Wade.

Officers and Tellers appointed by the Moderator and sworn by the Town Clerk were: Allen W. Bates, J. George Vollmer, John E. Bamber, Louis H. MacDonald, Paul F. Young.

Assistant Moderator: Philip S. Bailey.

The voting list was used, checkers being Charlotte L. Chessia, Ruth M. Meyers, John J. Lonergan, Barbara Tobin, Gladys L. Merrill, Robert P. O'Hern.

ARTICLE 1

To choose all the necessary Town Officers other than those elected by ballot, viz: Surveyor of Lumber, Measurer of Wood and Bark, two or more Field Drivers, one Pound Keeper.

VOTED: Surveyor of Lumber and Measurer of Wood and Bark: Russell L. Fish.

Field Drivers: Ernest M. Damon, Lawson C. Vickery.

Pound Keeper: Augustus L. Abbott.

ARTICLE 2

To hear the report of the Selectmen or other Town Officers, and Standing Committee, and act thereon.

VOTED: To accept reports of Town Officers and Standing Committees as printed in the Town Report.

ARTICLE 3

Will the Town vote to establish salaries and compensation of all elected Town Officers, or act thereon.

VOTED: That the Town establish the salaries and compensation of all elected Town Officers as follows, and that all salaries and compensation of all elected Town Officers voted under Article 3 be less any retirement allowance or compensation received by such officers:

TOWN CLERK'S REPORT

Selectmen: Chairman, \$3,000.00 and legitimate expenses. Other members \$700.00 each and legitimate expenses.

Board of Public Welfare: Chairman, \$600.00 and legitimate expenses. Other members \$300.00 each and legitimate expenses. This sum shall include their charges for all services performed by them or either of them.

Assessors: Chairman, \$2,900.00 and legitimate expenses. Other members \$750.00 each and legitimate expenses.

Highway Surveyor: \$3,600.00.

Town Collector: \$2,940.00 and legitimate expenses. All demand fees to accrue to the Town.

Town Treasurer: \$2,700.00 and legitimate expenses.

Tree Warden: \$400.00.

Town Clerk: \$1,560.00 and legitimate expenses.

Board of Health: Divided as follows: Secretary \$700.00 and legitimate expenses. Other two members \$400.00 each and legitimate expenses. This sum shall include their charges for all services performed by them or either of them, other than the inspection of meat, plumbing or cattle.

Park Commissioners: Each member shall be paid the same amount per hour for work actually performed as is paid laborers in the Highway Department.

Water Commissioners: Chairman, \$350.00 and legitimate expenses. Other members \$300.00 each and legitimate expenses.

Moderator: Per annum \$110.00.

ARTICLE 4

To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treasury, such sums of money as may be necessary to defray expenses estimated for the year 1950 and make appropriations for the following Departments:

Selectmen:

Services and Expenses	\$6,671.00

TOWN CLERK'S REPORT

ARTICLE 8

Will the Town vote to have all the income from the Water Department paid to the Town Treasurer, and estimated receipts used by the Assessors in fixing the tax rate for the current year?

VOTED: To have all the income from the Water Department paid to the Town Treasurer, and estimated receipts used by the Assessors in fixing the tax rate for the current year. Unanimous vote.

ARTICLE 9

Will the Town raise and appropriate the sum of Eleven Thousand (\$11,000.00) Dollars, in conjunction with the five-year plan to reinforce the water system along Route 3A, to complete a circuit and supply line to Scituate Harbor from the standpipe on Mann Lot Road, or take any action thereon.

VOTED: To raise and appropriate \$11,000.00. Unanimous vote.

ARTICLE 10

To see if the Town will place the Lawson Tower, contents and grounds under the custody and supervision of the Water Department and raise and appropriate a sum of money for repairs and upkeep of same, or act thereon.

VOTED: To place under custody and supervision of the Water Department, and raise and appropriate \$1,000.00. Unanimous vote.

ARTICLE 11

Will the Town vote to raise and appropriate the sum of \$10,000.00 to the Reserve Fund or transfer the whole or any part thereof from any available funds, or act thereon?

VOTED: To transfer \$10,000.00 to the Reserve Fund from the Overlay Surplus Fund. Unanimous vote.

ARTICLE 12

Will the Town vote to raise and appropriate the sum of \$500.00 to meet foreclosure costs on tax titles, or act thereon?

VOTED: To raise and appropriate \$500.00. Unanimous vote.

ARTICLE 13

Will the Town raise and appropriate the sum of \$150.00 for channel markings and regulations of the usage of the North River from Humarock Beach to the Sea, or act thereon?

VOTED: To raise and appropriate \$150.00. Unanimous vote.

TOWN CLERK'S REPORT

ARTICLE 14

Will the Town raise and appropriate the sum of \$70.00 for payment of dues for a yearly membership in the Maritime Division of the Boston Chamber of Commerce, or act thereon?

VOTED: To raise and appropriate \$70.00. Unanimous vote.

ARTICLE 15

To see if the Town will raise and appropriate \$2,500.00 to cover cost of supervision and control of the Clam flats within the Town of Scituate, or act thereon.

VOTED: To raise and appropriate \$2,500.00. Unanimous vote.

ARTICLE 16

To see if the Town will authorize the Selectmen to control, regulate or prohibit the taking of eels and any or all kinds of shellfish and sea worms within the borders of the Town of Scituate and such other authority as is provided in Sec. 52 of Chapter 130 of the G.L. as inserted therein by Chapter 598 of the Acts of 1941, or take action in relation thereto.

VOTED: To so authorize the Selectmen.

ARTICLE 17

To see if the Town will vote to transfer an amount not to exceed \$60,000.00 from the Excess and Deficiency Account to be used by the Assessors in reducing the taxes for the current year.

VOTED: To transfer \$60,000.00 from Excess and Deficiency Account. Unanimous vote.

ARTICLE 18

To see if the Town will vote to raise and appropriate, or transfer from unappropriated available funds in the treasury, a sum of money for Chapter 9 Highway Maintenance, or take any action in relation thereto.

VOTED: To indefinitely postpone. Unanimous vote.

ARTICLE 19

Will the Town vote to authorize the Town Treasurer with the approval of the Selectmen to transfer from unappropriated available funds in the treasury any money necessary to meet the State and County's share of the cost of any Chapter 90 Maintenance or Construction work, the reimbursement from the State and County to be restored, upon their receipt, to unappropriated available funds in the Treasury?

VOTED: To so authorize. Unanimous vote.

TOWN CLERK'S REPORT

ARTICLE 20

To see if the Town will raise and appropriate the sum of \$6,000.00 to be used in conjunction with such sums of money as may be allotted by the Department of Public Works of the Commonwealth of Massachusetts and County of Plymouth, or either one of them, for the continuation of new construction on Gannett Road and First Parish Road under Chapter 90, or act thereon.

VOTED: To raise and appropriate \$6,000.00. Unanimous vote.

ARTICLE 21

To see if the Town will raise and appropriate \$15,000.00 for Shore Protection. The Board of Selectmen being authorized to arrange for the expenditure of part or all of said sum in conjunction with any sums already appropriated or to be appropriated by the County of Plymouth and the Commonwealth of Massachusetts or either of them, or act thereon.

VOTED: To raise and appropriate \$15,000.00. Unanimous vote.

ARTICLE 22

To see if the Town will assume liability in the manner provided by Sec. 29 of Chapter 91 of the G.L. for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of rivers, harbors, tidewater and foreshores, in accordance with Sec. 11 of Chapter 91 of the G.L., and authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

VOTED: To assume liability.

ARTICLE 23

To see if the Town will vote to transfer the proceeds of the Dog Fund received from the County to Libraries and that the amount be equally divided between the Peirce Memorial at North Scituate and the Allen Memorial at Scituate, or act thereon.

VOTED: Yes, to so transfer.

ARTICLE 24

To see if the Town will raise and appropriate the sum of \$700.00 for the care of Soldiers' neglected graves in accordance with the provisions of the G.L., Chapter 115 (Ter.Ed.), or act thereon.

VOTED: To raise and appropriate \$700.00. Unanimous vote.

TOWN CLERK'S REPORT

ARTICLE 25

To see if the Town will raise and appropriate the sum of \$350.00 for the purpose of providing quarters for the Satuit Post 3169, Veterans of Foreign Wars, in accordance with the provisions of G.L., Chapter 40 (Ter.Ed.) Section 9, or act thereon.

VOTED: To raise and appropriate \$350.00. Unanimous vote.

ARTICLE 26

To see if the Town will raise and appropriate \$100.00 for County Aid to Agriculture, and choose a Town Director as provided in Sections 41 and 45 of Revised Chapter 128 of the G.L., or act thereon.

VOTED: To raise and appropriate \$100.00, choosing Ruth M. Meyers as Town Director. Unanimous vote.

ARTICLE 27

To see if the Town will raise and appropriate the sum of \$1,200.00 for the maintenance and improvement of the Town Forests, or act thereon.

VOTED: To raise and appropriate \$1,200.00. Unanimous vote.

ARTICLE 28

Will the Town raise and appropriate \$1,500.00 for the clearing of stones and stumps on the Town's Roadsides?

VOTED: To raise and appropriate \$1,500.00. Unanimous vote.

ARTICLE 29

To see if the Town will raise and appropriate the sum of \$800.00 to provide Life Guards for Sand Hills Beach, or act thereon.

VOTED: To raise and appropriate \$800.00.

ARTICLE 30

To see if the Town will raise and appropriate the sum of \$500.00 for a series of band concerts to be given during the summer season, or act thereon.

VOTED: To raise and appropriate \$500.00.

ARTICLE 31

To see if the Town will raise and appropriate \$2,000.00 for obtaining preliminary working drawings and specifications for a new Town Office Building to be expended under the direction of the Town Office Committee appointed under Article 36, Annual Town Meeting held March 7, 1949, or act thereon.

VOTED: To refer back to Town Office Building Committee to determine the wishes of the townspeople regarding the advisability of a new Town Hall.

TOWN CLERK'S REPORT

ARTICLE 32

To see if the Town will vote to authorize the Selectmen to purchase land at the corner of Glades Road and Bailey's Causeway from the Minot Village Associates or the North Scituate Beach Improvement Association to be used for Park purposes; purchase price \$1.00, or act thereon.

VOTED: To authorize the purchase. Yes 290, No 148.

ARTICLE 33

To see if the Town will raise and appropriate the sum of \$6,354.00 to cover the expenses and disbursements of the Retirement Systems and Pensions for 1950, or act thereon.

VOTED: To raise and appropriate \$6,354.00. Unanimous vote.

ARTICLE 34

To see if the Town will raise and appropriate the sum of \$1,927.75 to enable the Selectmen to establish a Greenhead Fly and Midge Control project within the Town areas, as per Chapter 252, Section 24 of the G.L.

VOTED: To raise and appropriate \$1,927.75. Unanimous vote.

ARTICLE 35

Will the Town raise and appropriate the sum of Ten Thousand Dollars (\$10,000.00) for the purchase of a new combination pumping engine and hose wagon to replace the pumping engine presently stationed at Humarock, and authorize the Selectmen, in co-operation with the Chief of the Fire Department to purchase same and to sell Engine No. 4 or use the same for trade in value?

VOTED: To raise and appropriate \$10,000.00. Unanimous vote.

ARTICLE 36

Will the Town raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) for the purchase of a new forest fire truck and equipment, to be purchased by the Chief of the Fire Department in co-operation with the Selectmen?

VOTED: To raise and appropriate \$4,000.00. Unanimous vote.

ARTICLE 37

Will the Town raise and appropriate the sum of Twenty-five Hundred Dollars (\$2,500.00) to cover the cost of alterations to the Humarock Fire Station?

VOTED: To raise and appropriate \$2,500.00. Unanimous vote.

TOWN CLERK'S REPORT

ARTICLE 38

To see if the Town will vote to accept Chapter 529 of the Acts of 1949 which provides for an Inspector of Wires and authorize the Selectmen to make an appointment of such an Inspector and raise and appropriate \$2,000.00 to cover the salary and expenses of this office.

VOTED: To accept Chapter 529 of the Acts of 1949, without any appropriation at the present time. Unanimous vote.

ARTICLE 39

To see if the Town will raise and appropriate a sum of \$2,000.00 to replace the two automobiles being used by the Police Department and authorize the Chief of Police with the co-operation of the Selectmen to sell the two automobiles, or use the same for a trade-in value on the purchase of two new police cars, or act thereon.

VOTED: To raise and appropriate \$2,000.00. Unanimous vote.

ARTICLE 40

To see if the Town will raise and appropriate the sum of \$1,396.00 to purchase a new one half ton Dodge Pick-up Truck, using the Park Department's present truck as a trade-in value in the amount of \$300.00, or act thereon.

VOTED: To raise and appropriate \$1,396.00. Unanimous vote.

ARTICLE 41

Will the Town authorize the Selectmen to sell for no less than \$8,000 all of the Town's right, title and interest in and to a certain parcel of land and the building thereon situated on Country Way in the Greenbush section of Scituate with an area of approximately 12,250 feet more or less, being the premises formerly occupied by the Fire & Water Departments?

VOTED: To so authorize the Selectmen. Yes 487, No 2.

ARTICLE 42

Will the Town vote to increase the compensation of all town laborers from \$1.00 per hour to \$1.03 per hour, or act thereon?

VOTED: Yes.

ARTICLE 43

Will the Town raise and appropriate the sum of \$2,450.00 for the purchase of one used Cletrac Tractor, Model L HG31, for the use of the Highway Department, or act thereon.

VOTED: To raise and appropriate \$2,450.00 Unanimous vote.

TOWN CLERK'S REPORT

ARTICLE 44

Will the Town raise and appropriate the sum of \$1,300.00 for a new half ton Pickup Truck; the old 1940 Plymouth pickup truck to be used as trade-in value, or act thereon.

VOTED: To raise and appropriate \$1,300.00. Unanimous vote.

ARTICLE 45

To see if the Town will authorize the Board of Selectmen to petition the Legislature for an act enabling the Town to borrow for sewerage construction the sum of \$540,000 outside the statutory limit.

VOTED: To indefinitely postpone.

ARTICLE 46

To see if the Town will vote to authorize the sewer commissioners (or other board having the authority of sewer commissioners) to make an application for and enter into an agreement with the Federal Community Facilities Service for the use of Federal funds made available under Public Law 352 enacted by the 81st Congress, for the purpose of procuring plans for sewerage works, or take any action relative thereto.

VOTED: To indefinitely postpone.

ARTICLE 47

Will the Town appropriate a sum of money up to \$200.00 for the purpose of stocking ponds and other inland water located within the Town limits with fish and of liberating game, as defined in Sec. 1, Ch. 129A, within said limits and to meet the necessary expense incidental thereto, including the feeding of game so liberated, as provided in Ch. 142 of the Acts of 1938, or act on anything relating thereto.

VOTED: To raise and appropriate \$200.00. Unanimous vote.

ARTICLE 48

Will the Town raise and appropriate the sum of \$65.97 for the payment of bills of the previous years, said payments to be as follows:

1948	Bill of Dormitzer Elec. & Mfg. Corp. assigned to the First National Bank of Boston	\$30.97
	(Police Department)	
1949	Bill of Mrs. Joseph C. Driscoll	35.00
	(Building Board of Appeals)	
		<hr/> \$65.97

VOTED: To raise and appropriate \$65.97. Unanimous vote.

TOWN CLERK'S REPORT

ARTICLE 49

Will the Town vote to adopt the following by-law:

No person shall allow any dog owned by him, or under his custody or control, to be on any beach in the Town except on a leash not exceeding seven feet in length. Any violation of this section shall be punishable by a fine of not more than ten dollars for each offence.

VOTED: To accept the by-law. Yes 434, No 98.

Approved — September 29, 1950.

Francis E. Kelly, Attorney General.

ARTICLE 50

Will the Town vote to amend its Zoning By-Laws by adding the following section:

Section 12: Removal of Top Soil

No person shall remove any loam or topsoil from any land located in Zone "A" in the Town, without obtaining permission therefor from the Zoning Board of Appeals.

VOTED: To amend the Town's Zoning By-Laws by adding the following section:

Section 12: Removal of Top Soil.

"No person shall remove any loam or topsoil from any land located in Zone A in the Town, without obtaining permission therefor from the Zoning Board of Appeals."

Yes 308, No 205.

ARTICLE 51

Will the Town vote to amend the Building By-Laws by adding the following section to be known as 13A under Article 3 of said By-Laws:

"No wires shall be installed in or on any building in Scituate, without first notifying the Wire Inspector."

VOTED: To indefinitely postpone. (Voice vote).

ARTICLE 52

To see if the Town will vote to add to its present Code of Building By-Laws the following:

Article 3, Section 13-B. Gas Fitting. All gas piping and fitting shall be tested in the presence of the Commissioner who shall be notified at least twenty-four hours in advance. Test shall be made before piping is concealed, painted or coated. All pipes must stand an air pressure of 2 lbs. per sq. in. as indicated by a column of mercury 4" high, for a period of five minutes without any drop. The Commissioner shall issue a certificate to the gas fitter after the test is satisfactory.

TOWN CLERK'S REPORT

The location of the entrance supply and meter shall be approved by the Commissioner before any work is commenced.

Piping shall be free from obstructions, installed without traps and graded downward to the meter or a drip that will carry off condensation. All materials shall be subject to the Commissioner's approval. Rejected or disapproved materials shall not be used.

No gas equipment of any nature shall be installed until same has been approved by the Commissioner.

Every gas appliance where required shall be connected to an effective flue or outlet pipe to the outer air. The flue or pipe where extending through from story to story to roof, located inside partitions or walls or extending through wall or partitions shall have at least 1" clearance from all combustible materials or otherwise as the Commissioner may require.

Article 7, Section 3-B. Transite pipe may be used as a chimney for the venting of gravity oil-burning or gas appliances provided that such pipe shall have an area equal to the cross sectional area of the outlets of the appliances which they serve and shall be kept 1" from all woodwork and shall extend through roof with proper flashing. No outside transite chimneys will be allowed. All vent pipes shall maintain a rise from the appliance to the chimney. No vent pipe shall enter the chimney at a lower level than the outlet of the appliance.

VOTED: To indefinitely postpone.

ARTICLE 53

Will the Town raise and appropriate \$15,000 for the purpose of installing a 6" pipe water main on Neal Gate Street, extending from Cornet Stetson Road to Chief Justice Cushing Highway, or act thereon.

VOTED: That the Town raise and appropriate the sum of \$6,500.00 to furnish and lay a 6" water main on Neal Gate Street providing the abutters and property owners will dig and back fill a trench that meets with the approval of the Water Commissioners. (Voice vote).

ARTICLE 54

Will the Town raise and appropriate \$12,500.00 to grade and to resurface Edward Foster Road from Kent Street intersection to the Memorial Bridge, then to extend from the bridge to the foot of Second Cliff, including a four foot sidewalk on the South side of the road to be 6 inches above the level of the roadway with a 6 inch curb. The foundation stones at either side of the road to be

TOWN CLERK'S REPORT

extended to protect the washing away by future storms, and repair the Memorial Bridge, or act thereon.

VOTED: To indefinitely postpone.

ARTICLE 55

To see if the Town will limit the use of the way extending from Glades Road to the beach just south of Susanne's Guest House to foot traffic, fill in, grade and improve said way and erect a suitable seawall with steps to prevent erosion and damage by the sea to the highways and surrounding property; and raise and appropriate a sum of \$800.00 for said purposes, or take any action thereon.

VOTED: To pass over.

ARTICLE 56

To see if the Town will raise and appropriate \$300.00 to remove stones from North Scituate Beach in front of the Cliff Hotel, or act thereon.

VOTED: To indefinitely postpone.

ARTICLE 57

To see if the Town will raise and appropriate a sum of money for the improvement of the present athletic field and tennis courts at the Civic Center or take any action relative thereto.

VOTED: To raise and appropriate \$17,300.00. Unanimous vote.

ARTICLE 58

To see if the Town will vote to raise and appropriate the sum of \$10,000 for the procuring of plans for the building of an addition to the present high school building, and that a building committee of six be appointed, three to be appointed by the School Committee, one by the Selectmen, one by the Parent Teachers' Association and one by the Planning Board, or take any action relative thereto.

VOTED: To raise and appropriate \$10,000.00. (Voice vote).

ARTICLE 59

To see if the Town will raise and appropriate \$3,000.00 to build a permanent Town Band and Ceremonial Stand for public use and to locate same, or act thereon. (Sketch on file at Selectmen's Office).

VOTED: To indefinitely postpone.

ARTICLE 60

"The number of voters necessary to constitute a quorum at town meetings, except such parts of meetings as are devoted exclu-

TOWN CLERK'S REPORT

TOWN CLERK'S REPORT

sively to the election of town officers, shall be two hundred; provided, however, that a number less than two hundred may from time to time adjourn the same."

VOTED: To indefinitely postpone. Yes 208, No 207.

RESOLUTION: Whereas Mrs. Don Freeman, a lifelong resident of our community, has served honorably and faithfully in the Allen Memorial Library for a period of forty-three years, and

Whereas, by her patient and sacrificial devotion to duty the public library has become an established community educational resource, and

Whereas, many children and youth from other communities have been drawn to avail themselves of the services which Mrs. Freeman with sympathetic personal feeling so superbly rendered,

Be it resolved that the citizens assembled manifest their gratitude by recognizing this faithful and priceless devotion to the problems of their children, and that this resolution be spread upon the records.

Submitted by Leopold Hays and unanimously adopted. Meeting adjourned at 9:40 P.M.

Attest: WILLIAM M. WADE,
Town Clerk.

ELECTION OF OFFICERS

STATE PRIMARY RECOUNT

September 28, 1950

Acting under a petition filed by John R. Wheatley, of Abington, Mass., a recount of the votes cast for the office of District Attorney for Plymouth County at the State Primary held September 19, 1950, was conducted at the Town Hall on the evening of September 28, 1950.

It was ascertained by the Board of Registrars that:

Basil Winslow Flynn received	223 votes
Thomas W. Prince received	75 votes
Eben G. Townes received	245 votes
John R. Wheatley received	177 votes
Blanks	64

The result: No change in the original count.

BERTHA L. TURNER,
DANIEL J. QUEENEY,
WALTER FLAHERTY,
WILLIAM M. WADE,
Board of Registrars

Attest: WILLIAM M. WADE,
Town Clerk.

TOWN CLERK'S REPORT

WARRANT FOR STATE ELECTION

PLYMOUTH, ss.

To either of the Constables of the Town of Scituate in the County of Plymouth, and the Commonwealth of Massachusetts

GREETING:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of the Town of Scituate, qualified to vote in Elections to meet at the High School Auditorium, Scituate, on

TUESDAY, THE SEVENTH DAY OF NOVEMBER, 1950

At 6 o'clock in the forenoon until 8 o'clock P.M.

To give in their votes for:

Governor for this Commonwealth

Lieutenant Governor for this Commonwealth

Secretary of the Commonwealth for this Commonwealth

Treasurer for this Commonwealth

Auditor of the Commonwealth for this Commonwealth

Attorney General for this Commonwealth

Representative in Congress for the Ninth Congressional District

Councillor for Second Councillor District

Senator for Norfolk and Plymouth Senatorial District

Representative in General Court for Second Plymouth Representative District

District Attorney for Plymouth District

County Commissioner for Plymouth County

Sheriff for Plymouth County

Register of Deeds for Plymouth District (to fill vacancy)

County Commissioner for Plymouth County (to fill vacancy)

To vote "YES" or "NO" on the following:

QUESTION No. 1

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 9, 1947, received 244 votes in the affirmative and 0 in the negative, and in a joint session of the two branches held June 8, 1949, received 242 votes in the affirmative and 7 in the negative?

Summary: This proposed amendment of the Constitution provides for the time when the respective terms of office of the governor, lieutenant-governor and councillors shall begin and the time when their respective terms shall end. It also makes provision relative to the succession to the office of governor in the event

TOWN CLERK'S REPORT

of the death of the governor elect before qualification for the office of governor; and it further makes provision relative to the succession to the office of governor in the event of the death of both the governor elect and the lieutenant-governor elect before qualification for their respective offices.

QUESTION No. 2

Do you approve of the adoption of an amendment to the constitution summarized below which was approved by the General Court in a joint session of the two branches held June 4, 1948, received 154 votes in the affirmative and 44 in the negative, and in a joint session of the two branches held June 8, 1949, received 160 votes in the affirmative and 93 in the negative?

Summary: This proposed amendment to the Constitution provides for an increase in the number of signatures of qualified voters required upon an initiative or upon a referendum petition, and it further makes provision for changes in legislative procedures thereon with reference to dates upon, or within which, acts shall be done in the various stages necessary to be taken upon such petitions.

QUESTION No. 3

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did not vote?

Summary: This measure provides for minimum payments of seventy-five dollars per month, or eighty-five dollars per month if blind, as assistance to deserving aged persons who have reached the age of sixty-three years or over and are in need of relief and support.

QUESTION No. 4

Do you approve of a law summarized below on which the House of Representatives did not vote and on which the Senate did not vote?

Summary: This measure provides for the creation of a Massachusetts commission for the purpose of conducting once every month a lottery drawing to raise additional funds by means of tickets sold to the public, within the Commonwealth, the net proceeds to be divided as follows: 50 per cent to the winners as prizes, 35 per cent for assistance to needy aged persons, 7½ per cent for assistance to needy blind persons, 7½ percent for assistance to dependent children.

TOWN CLERK'S REPORT

QUESTION No. 5

Do you approve of a law summarized below which was disapproved in the House of Representatives by a vote of 77 in the affirmative and 139 in the negative and in the Senate by a vote of 13 in the affirmative and 25 in the negative?

Summary: The proposed measure strikes out the first sentence of section 113B of chapter 175 of the General Laws (Tercenary Edition) as most recently amended by section 4 of chapter 459 of the acts of 1935, and inserts in place thereof a sentence which provides that the Commissioner of Insurance shall annually, on or before September fifteenth, after due hearing and investigation, fix and establish fair and reasonable classifications of risks and adequate, just, reasonable and non-discriminatory premium charges to be used and charged by insurance companies in connection with the issue or execution of motor vehicle liability policies or bonds, as defined in section 34A of chapter 90 of the General Laws, for the ensuing calendar year or any part thereof, but said classifications and premium charges shall be uniform throughout the Commonwealth and shall not be fixed or established according to districts or zones.

QUESTION No. 6

A. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?

B. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

QUESTION No. 7

A. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

B. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

C. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

All the above to be voted for on one ballot in the manner prescribed by law.

The polls will be open from 6 A.M. to 8 P.M.

And you are directed to serve this warrant in the manner prescribed by vote of the town, seven days at least before the time of holding said meeting.

TOWN CLERK'S REPORT

Hercof fail not, and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given under our hands this nineteenth day of October, A.D. 1950.

WILLIAM OTIS ANDREWS,
WILLIAM F. SLATTERY,
ROBERT H. TILDEN,

Selectmen of Scituate.

Plymouth, ss. 1950. Pursuant to the foregoing warrant, the inhabitants of the Town of Scituate, qualified to vote in elections are hereby notified to meet at the time and place and for the purpose therein notified.

LAWSON C. VICKERY,
Constable of Scituate.

WARRANT FOR SPECIAL TOWN MEETING

Plymouth, ss.

To either of the Constables in the Town of Scituate, in said
County, Greetings:

In the name of the Commonwealth of Massachusetts, you are
hereby required to notify and warn the inhabitants of said Town

TOWN CLERK'S REPORT

who are qualified to vote in Town affairs therein, to meet at the
High School Auditorium in said Scituate, on
Monday, November 27, 1950
at 8:00 P. M., then and there to act on the following articles:

ARTICLE I

Will the Town vote to increase the compensation of the employees and the appointive officers of the Town in accordance with the following schedule:

Town Accountant	\$3,160.00	per year
Town Engineer	4,160.00	per year
Police Chief	4,160.00	per year
Sergeants	3,550.00	per year
Officers	3,300.00	per year
Fire Chief	4,160.00	per year
Fire Deputy	3,700.00	per year
Fire Captain	3,550.00	per year
Fire Lieutenant	3,500.00	per year
Fire Officers	3,300.00	per year
Sealer of Weights and Measures	550.00	per year
Health Nurse	2,760.00	per year
Laborers	1.18	per hour
Grader Operator	1.58	per hour
Garage Mechanic	1.52	per hour
Roller Operator	1.44	per hour
Foreman	1.44	per hour
Truck Driver	1.38	per hour
Compressor Op.	1.38	per hour
Skilled Labor	1.27	per hour
Clerk	1.04	per hour
General Utility	1.04	per hour
Social Worker	2,110.00	per year

Harbor Master	1,360.00	per year
Building Commissioner	2,240.00	per year
Park Commissioners	1.18	per hour
Selectmen's Clerk	1,760.00	per year
Collector's Clerk	2,064.00	per year

TOWN CLERK'S REPORT

Welfare's Clerk	1,760.00 per year
Assessor's Clerk	1,860.00 per year
Accountant's Clerk	880.00 per year
Veterans' Service Director	1,294.00 per year
<i>Selectmen.</i>	

ARTICLE II

To see if the Town will vote to authorize the Selectmen to purchase from the New York, New Haven & Hartford Railroad a triangular parcel of land containing 45,071 square feet for highway and parking purposes; said parcel abutting the North Scituate Railroad Station, shown on a plan on file in the Selectmen's Office, and to raise and appropriate or transfer from available surplus funds, the sum of \$10,000 for said purchase, or act thereon.

Selectmen.

ARTICLE III

Will the Town vote to accept the layout of the County Commissioners of a part of Gannett Road, sometimes known as Gannett Street, from the end of the present County layout easterly to land of Charles H. Innes, as shown on Decree Plan Number 1070 filed in the office of the Selectmen and the Town Clerk, and raise and appropriate or transfer from available surplus funds an amount not exceeding \$1,000 for land damages.

Selectmen.

And you are directed to serve this warrant by posting attested copies hereof, one at the Town Hall, and one at each of the Post Offices in said Town, seven days at least before the time of said meeting.

Hereof, fail not, and make return of this warrant with your doings thereon, at the time and place of said meeting.

Given under our hands this Sixteenth day of November, 1950.

WM. OTIS ANDREWS,
WILLIAM F. SLATTERY,
ROBERT H. TILDEN,
Selectmen of Scituate.

Plymouth, ss.

By virtue of the above warrant, I hereby notify and warn the inhabitants of Scituate to meet at the time, and for the purpose therein mentioned.

A True Copy. Attest: LAWSON C. VICKERY,
Constable of Scituate.

TOWN CLERK'S REPORT

SPECIAL TOWN MEETING

November 27, 1950

At a legal meeting of the inhabitants of the Town of Scituate qualified to vote in Elections and Town Affairs held at the High School Auditorium in said Scituate on Monday, November 27, 1950, at 8 o'clock P.M.; order was called by Moderator Nathaniel Tilden.

The warrant was read by Town Clerk William M. Wade.

Tellers appointed by the Moderator and sworn by the Town Clerk were: J. George Vollmer, Joseph V. Feeley, Edward S. Rand, Henry L. Mulligan.

ARTICLE 1

VOTED that Article 1 be adopted with the exception of the Social Worker, and the change from \$1.04 to \$1.12 per hour for Highway Clerk, and that the compensation of the Town Employees be increased in accordance with the schedule therein, and that a sum not exceeding \$2,500.00 be appropriated from available surplus funds, and that on January 2, 1951 said compensation be paid to said Town Employees retroactively to November 27, 1950.

ARTICLE 2

VOTED that said article be postponed for further study and negotiations with the Railroad by the Selectmen, and that the Town give consideration to the advisability of taking the real estate at the North Scituate Railroad Station by eminent domain.

Yes 263, No 0.

ARTICLE 3

VOTED to accept. Yes 185, No 27.

Meeting adjourned at 8:55 P. M.

Attest: WILLIAM M. WADE,
Town Clerk.

1930 July 1	Josephine Miles	Max Duffield and Margaret B. Miles	Bailey
1941 May 16	George Melvin Pina	John L. and Laura Pina	Rose
1949 July 14	Jon Powers	Harry and Eleanor Powers	Secor

TOWN CLERK'S REPORT

Parents, be sure to record the birth of your child with given name in full.

READ THE LAW!

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such a child is born." General Laws, Chapter 46, Section 6.

SOME OF THE REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor laws.

To establish the right of inheritance of property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To prove the age at which the marriage contract may be entered into.

To establish the right to hold public office.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

Blanks for returns of births will be furnished upon application to parents, householders, physicians, and registered medical offices as provided in Chapter 46, Section 15, General Laws.

Attest: WILLIAM M. WADE,

Town Clerk.

TOWN CLERK'S REPORT

DEATHS REGISTERED IN SCITUATE FOR THE YEAR 1950

Date	Name of Deceased	Age		Cause of Death	Names of Parents
		Y.	M. D.		
Jan. 6	John Andrade	66	7 18	Osteomyelitis of thoracic spine paraplegia, pyelonephritis.	Manuel and Maria P. Andrade

Town Clerk.

**REPORT OF THE
BOARD OF REGISTRARS**

Meetings held for Registration of Voters in 1950:

February 6	Town Clerk's Office
February 8	North Scituate Fire Station
February 10	Scituate Harbor Fire Station
August 18	Town Hall
October 6	Town Hall

There were also five meetings of the Board for certification of names on nomination papers and referendum petitions.

A recount of the votes cast for the office of District Attorney in Plymouth County District at the September Primary was conducted by the Board at the Town Hall on September 28, 1950.

In the year 1950 there were 424 names added to the voting list by registrations, while 290 names were dropped because of deaths and change of residence, resulting in a gain in registration of 134.

Registered Voters in Town of Scituate on December 31, 1950:

Males	1,971
Females	1,933
<hr/>	
Total	3,904

The attention of interested parties is called to Chapter 51, Section 2 of the General Laws, viz: If the name of a female who is duly registered as a voter is changed by marriage or by decree of court, her right to vote in her former name shall continue until January first next following. Adherence to this law requires every female now on the voting list whose name is changed by marriage or by decree of court to appear before the Town Clerk or at an advertised meeting of the Board of Registrars and re-register as a voter if desirous of continuing to vote in Scituate, as her previous name will automatically be stricken from the list.

Respectfully submitted,

BERTHA L. TURNER,
DANIEL J. QUEENEY,
WALTER FLAHERTY,
WILLIAM M. WADE, Clerk,
Board of Registrars of Voters.

CHIEF OF POLICE REPORT

REPORT OF THE CHIEF OF POLICE

Scituate, Massachusetts
January 12, 1951

To the Board of Selectmen
W. Otis Andrews, Chairman
Scituate, Massachusetts

Gentlemen:

I submit herewith the report for the Police Department for the year ending December 31, 1950.

Arrest Report

Assault and battery	4
Breaking and entering in the night time	1
Disturbance of the peace	6
Drunk	50
Insane	4
Illegitimacy	1
Lacavious behavior	1
Larceny	12
Malicious destruction of property	13
Non-support of wife and minor children	1
Not stopping after causing injury to property	2
Open and gross lewdness	1
Operating a motor vehicle in a negligent manner so the lives and safety of the public might be endangered	2
Operating a motor vehicle while under the influence of liquor	8
Operating a motor vehicle after revocation of license	2
Total	108

CHIEF OF POLICE REPORT

Summary of Work Done by Department

Accidents investigated	78
Buildings found open and secured by police or owners	386
Complaints investigated	2934
Defects in street reported	39
Fire alarms answered	53
Investigations made for other departments	43
Licenses suspended on recommendation	44
Pistol permits issued	41
Summer homes inspected	6416
Summons served for other departments	169
Street lights reported out	783
Transfer of motor vehicle permits	689

Ambulance

Number of home to hospital trips	190
Number of emergency accident trips	23
Total	213

Conclusion

At this time I desire to express my appreciation to your Honorable Board, and to all the people of Scituate for the co-operation given your Police Department in the year 1950.

Respectfully submitted,

WILLIAM F. KANE,
Chief of Police.

PARK COMMISSIONERS REPORT

REPORT OF THE PARK COMMISSIONERS

January 8, 1951

To the Citizens of Scituate:

We submit a report, in brief, of the past year's accomplishments.

Generally speaking, the work requirements of this department are a matter of yearly routine. In addition, we resurfaced and seeded three plots; painted the Peggotty Beach comfort station, also the Old Lighthouse; and shingled the West End Community House.

We completed some work of improvement to the Old Cemetery on Meeting House Lane. This property was acquired by the Town last year and there still remains much to be done there.

The work of reconditioning the water front at Minot was futile, since this has once again been washed away.

We gratefully acknowledge the cooperation and support of Town Officials and citizens.

Respectfully,

F. EUGENIA BROWN.

**REPORT OF THE
FIRE DEPARTMENT**

To the Honorable Board of Selectmen:

I submit, for your approval, the annual report of the Fire Department for the year 1950.

During the year, the department was called to a total of 476 emergencies; an increase of twenty-five percent over the previous year. The first aid emergency calls totaled 208 as compared to 102 calls in the previous year.

The Humarock station has been remodeled in anticipation of the delivery of the new pumping engine which is now under construction. Delivery of this unit is expected early in this year.

The four stations are currently in very good repair and will require only painting and minor repairs during the year.

The apparatus, with the exception of two units, one of which will be replaced shortly, is in first class condition.

The cordial co-operation given by your Board, the various other departments and the citizens of the town is deeply appreciated.

Respectfully submitted,

BARTHOLOMEW A. CURRAN,
Chief.

**REPORT OF THE
FOREST FIRE WARDEN**

To the Honorable Board of Selectmen:

The report of the Forest Fire Department for the year 1950 follows.

The department was extremely fortunate in the past year in that the forest and grass fires occurring were fewer than usual and of little moment. In most cases, these fires were extinguished by the men on duty without sounding the alarm for additional manpower.

The burning over of grass lands which are considered to be fire hazards was continued and we intend to carry out this program in the current year. It is our opinion that this work contributes invaluablely to the prevention of fires of dangerous proportions.

The new forest fire truck was delivered in July and has performed very satisfactorily.

The continued co-operation of the citizens of the town in the matter of obtaining permits for all open air fires is a great factor in fire prevention and is deeply appreciated.

We extend our thanks to your Board, the several other departments and our fellow townsmen for their continued support and co-operation.

Respectfully submitted,

BARTHOLOMEW A. CURRAN,
Forest Warden.

REPORT OF THE HIGHWAY DEPARTMENT

To the Citizens of Seituate:

Again it gives me pleasure to report the activities of your Highway Department for the year 1950.

This past year was very uncertain. Due to the increase in the cost of materials and the demand for higher wages and salaries, it was practically impossible to figure on a specified job from day to day. However, we believe we have made many improvements in the roads and sidewalks.

One of the greatest problems has been drainage. Due to the fact that our appropriation was cut \$13,000 under 1949 it was impossible for us to take care of some of the problems with which we were faced. Due to the increase in the number of people who have chosen Seituate as their home, many new problems arose. If these problems could have been taken up in 1950 they could have been solved at much less cost than at present.

ROADS

As a whole, the roads are in as good a condition today as I have seen them for many years. Dangerous corners have been eliminated on Lawson Road, Kent Street, Tilden Road and Mount Hope Street. On Grove Street, 2500 feet, 20 feet wide has been resurfaced by the most modern method, Motor Paver. It was open to traffic 2½ days after it was started.

Twenty-seven miles of highway were surface treated.

SIDEWALKS

3750 linear feet of sidewalks, 4 feet wide with curb were constructed on the following streets: Jericho Road 900 feet, Edward Foster Road 900 feet, Hatherly Road 1500 feet and on Gannett Road 450 feet were resurfaced. It is my hope that in 1951, the sidewalks on Jericho Road and Edward Foster Road will be completed with a bituminous surface.

GUARD RAIL

During the open winter of 1950, 3345 feet of new guard rail was built to replace the old, which in many places was 35 years old.

Also, we built a new garage at the Highway Department Plant to house equipment which has been exposed to the elements. The building is 36 by 24 feet and was built by regular employees of the Department.

HIGHWAY DEPARTMENT REPORT

DRAINAGE

In 1950, 1910 feet of drainage was installed in sections where it was absolutely necessary and 25 catch basins were built. All old systems were cleaned and repaired.

PATCHING

290½ tons of patching material were purchased and 216 tons were mixed at our Highway Plant.

TRAFFIC REGULATIONS

In co-operation with the Police Department, 250 gallons of traffic paint were applied to our Streets. This work was done by experts with the most modern equipment at much less expense to the town than in years past.

CHAPTER 90

First Parish Road was completed from the Electric Light Station on First Parish Road to Cudworth Road with a Type I top. The remainder of the \$18,000 appropriation was spent on the new layout on Gannett Road. We have already been notified by the Department of Public Works that \$10,000 has been allotted for the completion of Gannett Road. After this project is completed, our plan is to improve First Parish Road from Cudworth Road to the Railroad, with drainage and a sidewalk for the children who must walk to the Schools from this section.

STREET CLEANING

As usual, the streets have been cleaned four days a week and on Sunday mornings at the Harbor, and one day a week at North Scituate Village. Other sections have been cleaned when conditions required it. It is my belief that it is of great value to our Town to keep the streets in a neat orderly condition.

SIGNS

In the Spring, all signs were placed in first class condition. However, during the Summer months, much damage was done by souvenir hunters, etc. Every street in Humarock was marked with a new Street sign.

BRIDGES

The retaining wall on the Edward Foster Road Bridge was repaired. However, it seems impossible to keep this bridge well lighted due to vandalism.

It is doubtful whether Humarock Bridge can be kept open during the Summer of 1951. This bridge was condemned in 1944 by the Department of Public Works for motor traffic.

HIGHWAY DEPARTMENT REPORT

PARKING SPACES

The Minot Beach Parking Space was brought to the proper grade and treated with a bituminous material, and guard rail built where necessary, making facilities for about 100 cars.

The Parking Space at the Harbor needs to be enlarged, due to the tremendous number of cars, especially during the Summer, which use it.

SNOW REMOVAL

The Winter of 1949-1950 was a comparatively easy one as far as snow was concerned, although we had plenty of ice which required sanding. At the present time, we are equipped with 16 blade plows. Each operator is responsible for his specified route. In case of a very severe storm, we have the new grader purchased a few years ago, which is equipped with a V type plow which gives us the assurance that our roads will never be impassable. We also have 10 sanding machines and 6 hours from the time we are notified of a slippery condition, every road can be sanded. We are proud to know that our streets in the wintertime are well taken care of in comparison with some of our neighboring towns.

STORM EMERGENCY

In September, due to a series of easterly storms, much damage was done to our water front from Humarock to Glades Point, and it was necessary to ask for a transfer of \$2,000.00 for clean-up work, patching, etc. In December, 1950, another storm entirely washed out Glades Road and it was necessary for the Board of Selectmen to declare a state of emergency in order that we could have the necessary funds to keep Glades open for public use.

After attending many meetings of the various Highway Associations, we have been instructed by the leaders in this field to put our roads in as good condition as possible this year as the future is rather uncertain.

I wish to thank all the Town Departments for their fine cooperation, and if at any time the Highway Department can be of any assistance to the people of Scituate, we will be glad to hear their problems.

Respectfully yours,

MATTHEW L. BROWN,
Highway Surveyor.

SUPERVISOR CARE OF VETERANS' GRAVES

REPORT OF THE
SUPERVISOR CARE OF VETERANS' GRAVES

To the Honorable Board of Selectmen,
Scituate, Mass.

Gentlemen:

I submit my report as Supervisor of Veterans' Graves in the Town of Scituate for the year of 1950.

I have faithfully inspected all cemeteries from time to time and have found all graves in good condition.

I would like to remind all caretakers that they should report to me whenever a Veteran is interred in their respective Cemeteries.

I wish to thank all who are continuing to assist me in my efforts.

Respectfully submitted,

ELMER F. RAMSDELL,
Supervisor Care of Veterans' Graves.

REPORT OF THE
SEALER OF WEIGHTS AND MEASURES

Honorable Board of Selectmen,
Scituate, Mass.

Gentlemen:

The following is a resume of the work performed by me for the year 1950.

Scales inspected	403
Scales adjusted	33
Scales condemned	3
Peddler's License fees	\$ 60.00
Fees collected	225.99

Respectfully submitted,

FRANK W. DOWD,
Sealer of Weights and Measures.

REPORT OF THE
BOARD OF PUBLIC WELFARE

To the Voters of Scituate:

In spite of the fact that in the year 1950 business and employment were better than normal, our expenditures for direct relief were much higher than usual. This condition is likely to continue on account of the fact that many recipients are unemployable and being ineligible for Old Age Assistance have to be cared for in this manner. Another factor tending to increase the expenditures in this category is the apparently increasing number of neglected and abandoned children who have to be supported. The practice of arresting heads of families and sending them to jail for infractions of the law thereby leaving their wives and children as charges upon the Town is something of which our vaunted 20th century civilization cannot be too proud.

Old Age Assistance costs also continue to increase and a further increase is inevitable due to the rising cost of food, leaving out of consideration what may happen if the referendum approved by the voters at the last election should go into effect.

The Aid to Dependent Children account also continues to grow, due in some measure to eligible families moving to Scituate from outside towns and as the State settlement laws do not apply in these cases the town of residence assumes the cost.

We wish to extend our thanks to the individuals and organizations who have assisted us in many ways and to the various Town Departments whose whole hearted co-operation is very much appreciated.

Respectfully submitted,

MERCY E. LAVANGE, Chairman,
W. M. BROWN,
FRANKLIN T. SHARP,

Board of Public Welfare.

**REPORT OF THE
TOWN COUNSEL**

During the past year advice and opinions were given on many and varied subjects to the heads of the various departments of the town. As in the past most of the meetings of the selectmen were attended as well as several other meetings when requested.

The action against the Town for "legal services and expert assistance" alleged to have been rendered to the Planning Board was tried at length in the District Court at Abington before Judge Kalus and resulted in a verdict for the Town. The plaintiff has an appeal pending before the Appellate Division, solely on questions of law. Briefs have been prepared and filed on behalf of the Town and it is anticipated that the case will be argued on appeal in the near future.

The City of Boston has brought suit in the Superior Court of Suffolk County against the Town seeking to recover welfare payments made to residents of Scituate for which the Town is alleged to have been responsible. This case is being defended.

An appeal from a decision of the Zoning Board of Appeals granting a variance was brought in the Plymouth Superior Court. A number of hearings were held as a result of which the plaintiff's application for the issuance of an injunction against the Zoning Board of Appeals was denied. A motion to dismiss the appeal, and a demurrer on behalf of one of the defendants, were filed and are pending for hearing. Subsequent developments, however, indicate that the issues presented will become of purely academic interest, and it is not anticipated that the case will be pressed for hearing.

Respectfully submitted,

ALFRED C. BLAKE,
Town Counsel.

**REPORT OF THE
ENGINEERING DEPARTMENT**

Honorable Board of Selectmen,

Gentlemen:

I submit herewith a brief resume of the work accomplished during the past year:

1. Layout, design and supervision of construction for rebuilding High School Athletic Field.
2. Numerous drainage studies in conjunction with Highway Surveyor.
3. Furnished street lines for new building setbacks in conjunction with Building Commissioner.
4. Lines and grades for roads and sidewalks on Hatherly Road, Edward Foster Road, etc.
5. Examined and inspected structure placed in Tidal Waters.
6. Attended hearings on proposed Chapter 90 road construction.
7. Assisted Waterways Engineers in survey, etc., for Second Cliff Shore erosion project.
8. Examined all plans seeking to be registered with the Massachusetts Land Court.
9. Assigned street numbers to new buildings.
10. Have examined all plans presented to this department relative to Planning Board Regulations.
11. Considerable progress was made in revising the Town Plans.
12. Examined Glades Road Seawall and Roadway and designed repairs.

ENGINEERING DEPARTMENT REPORT

13. Assisted Massachusetts Department of Public Works Highway Engineers in layout and grades for new section of Gannett Road.

14. Assisted the Assessors with new lots, subdivisions and areas, etc.

Each succeeding year demands that more time be spent on our Foreshore Protection problems. As you know from periodical reports, our foreshores are rapidly deteriorating and the Town must be prepared to spend considerable money during the next few years to correct this condition. This department is very grateful to D.P.W., Waterways Division Engineers for their assistance and prompt co-operation given us during our several emergencies.

Respectfully submitted,

JOHN E. BAMBER,
Town Engineer.

ASSESSORS' REPORT

REPORT OF THE BOARD OF ASSESSORS

Detail of 1950 Assessments

Number of Polls Assessed	2,004	
Amount of Poll Tax Warrants		\$4,008.00
Number of Persons, Partnerships and Corporations assessed on property	4,200	
Value of Assessed Real Estate:		
Buildings	\$12,362,250.00	
Land	3,478,145.00	
Total Value of Real Estate		\$15,840,395.00
Value of Assessed Personal Estate:		
Stock in Trade	\$119,205.00	
Machinery	64,250.00	
Live Stock	7,405.00

Assessors of Scituate.

**REPORT OF THE
TREE WARDEN**

January 15, 1951

To the Board of Selectmen,
Town Hall,
Scituate.

Gentlemen:

This year 92 new maple and willow trees were planted on our roadsides. The summer was very dry and watering had to be done in some places three times.

The Dutch Elm disease increased to twenty-three trees this year. Last year we had eight and these were all removed and the wood destroyed as the State demands. All sections of the county had an increase in diseased trees this year and the dry weather seems to be the reason for it. No sure cure is yet known for the disease but all the efforts that are being made to find a cure will eventually bring forth one. In the meantime only the removal of all diseased trees and a good spraying program is essential. We are trying to do all that the University of Massachusetts Shade Tree Laboratory recommends.

The airplane spraying in this county for the gypsy moth last summer was a success. The gypsy colonies on our town borders were destroyed and the fly and mosquito population destroyed gave us more comfort.

Our roadsides have been mowed and cleared and all corners cleared for driving safety.

Respectfully submitted,

JOHN W. FORD,
Tree Warden.

REPORT OF THE
WATER SUPERINTENDENT

31 December, 1950.

To the Water Commissioners of Scituate:

Respectfully submitted herewith is the 19th Annual Report of the Scituate Water Dept., showing the work accomplished during the year 1950.

Due to the large amount of new home construction, and the consequent growth in population, the consumer demand for water has increased a very considerable amount, and has again taxed the water resources, now developed, to capacity. The additional water obtained from the new well in the Boston Sand and Gravel Co. area carried the town over the peak loads in the summer, but made the fact more evident than before that a new source of supply, and a standpipe for more storage, are inevitable "musts" in the near future.

Long distance weather forecasts indicate that there will be decreasing rainfall for the next ten years. If these predictions prove to be true, the citizens of Scituate will have to be more careful and not waste water. Exploration for water should be started immediately, and the erection of a 1,500,000 gallon standpipe given serious consideration. Water storage in a tank or standpipe is available twenty-four hours a day, while water stored underground must be pumped, and is dependent on the continuity of power and operation of pumping machinery. During the last week in July the daily consumption was greater every day than the storage capacity and a power failure at that time could have become very serious. The consumption on one day during the week was 23% more than the storage capacity.

Early in the year bids were accepted for the installation of a 12-inch Transite main on Route 3A, southerly from Mann Lot Road. The work was finished during the last week in June, thus completing a circuit through First Parish Road to the Harbor, and increasing the fire service considerably along First Parish Road and Front St.

With the installation of an additional and larger main along Kent St., which is the next project in the approved five-year plan for reinforcing the system, the domestic and fire service will be

WATER SUPERINTENDENT'S REPORT

greatly increased, particularly through the Harbor to Light House Point, the Sand Hills and the Cliffs, and the cost of pumping reduced by eliminating the present bottle-neck.

Another contract was let for the installation of a six-inch main through Eleventh Ave. This line established fire service for Eleventh Ave. and improved the service on Oceanside Drive by completing another circuit from Hatherly Road. The establishment of this grid between Hatherly Road and Oceanside Drive is a very important factor to the Fire Department as well as to the domestic consumption.

Despite the high cost of materials new houses and homes are being built in all sections of the town, with the consequent growth in population. This rapid growth has extended far ahead of the water system, and the scarcity and escalating costs of materials has actually throttled the efforts of the Water Dept. to install water mains and service for new developments, and forced postponement of the much needed work for reinforcement and maintenance of the system that should be part of the regular annual program. An average increase in costs of more than 25% has devalued the budget proportionately. Planned work, that should be accomplished, will have to be deferred until such time as funds are available. The installation of new mains for fire protection, and services for domestic use, must be continued for new houses and new developments.

The records as shown in the following tables indicate very clearly the increased demand on the water supply. The maximum demand was 18% greater in 1950 than in 1949, and the 1951 normal demand will be considerably more than in 1950.

More detailed information is contained in other tables showing the activities of the Scituate Water Dept.

Respectfully submitted,

WILLIAM J. LUMBERT,

Superintendent.

**REPORT OF THE
WATER COMMISSIONERS**

The past year has made the greatest drain upon our water supply. Being the second year of severe drought, the water level below ground reached a record low, and had it not been for the added supply of our new well at the Sand and Gravel property, we would have been in serious trouble.

The recent rains have only in part renewed our underground supply, and the whole South Shore area is yet many feet below the normal level. Also, the rapid increase of population and new construction adds to this precarious situation.

The coming year presents food for much thought, and we are endeavoring to maintain an adequate service to our citizens, and at the same time to reduce our current needs to the minimum in spite of ever increasing prices of material.

Respectfully submitted,

WALTER S. ALLEN,

WILSON S. BROWN,

WILLIAM E. SHUTTLEWORTH, Chairman.

**REPORT OF THE
TOWN FOREST COMMITTEE**

To the Board of Selectmen:

Town Hall,

Scituate.

Gentlemen:

This year this committee has had more fire lanes graveled in our town forests and a water fountain installed at the Pinson Hill forest. New benches and tables have also been put there for the further use of everyone that cares to go to these places. We continue to ask everyone to use them but also be careful of fires.

This year the oldest member of this committee, Miss Emma P. Litchfield, passed away. She has been on the town forest committee since its origin twenty-six years ago. She has been a very valuable member, always interested in this work and will be missed by all.

We hope that everyone will feel welcome to continue to use these forests and visit them anytime.

Respectfully submitted,

TOWN FOREST COMMITTEE.

**REPORT OF THE
CLAM WARDEN**

January 1, 1951

Honorable Board of Selectmen,
Scituate, Mass.

Gentlemen:

The report of the Clam Warden is herewith submitted for your approval.

The report is based upon the activities of the Department.

The first of February we finished piling up mussels in the Humarock and North River sections for the year. We have saved the rest of the money to start taking these piles off the flats, with a tractor that Lucian Kousseau has built, and needs a scoop for completion.

May 1st with the help of Charles Wheeler, from the Division of Marine Fisheries and two men, we planted twenty-two barrels of clams, ranging from one inch to two inches in length. These clams were brought in to Scituate from the Quincy area, by Charles Wheeler, for experimental purposes with seeding. These clams by the end of the summer had completely disappeared, after a small growth. The State Biologist thought the clams, themselves, was the reason for this disappearance.

We also planted ten barrels, taken from the Peggotty Beach Area. These were planted in a creek at Third Cliff. They have grown over one inch in eight months.

This year the Humarock and North River Flats are covered with unusually heavy sets of clam seeds, which in a few years should bring back some good clamming to Scituate.

All clam flats are open for digging except the following areas:

1. The Minot section, behind the summer cottages, because of pollution.

2. The Sandhills and Harbor section because of pollution.

3. The roped in area at Third Cliff, where we planted the clam seed. It has a fair set of this year's seed and the State has advised me to leave it closed. At the time there isn't a legal clam in this roped in area to dig.

Respectfully submitted,

WALTER S. O'NEIL,
Clam Warden.

**SCITUATE PUBLIC HEALTH NURSING
SERVICE, INC.**

Report of the President

Our organization is supported entirely by the voluntary contributions of the Citizens of Scituate. A contribution of one dollar entitles a citizen to membership. This year, in addition to our regular functions, we sponsored the T. B. X-ray program and we have had one of our members present to assist Dr. W. B. Parsons at the Elementary School Dental Clinic.

The X-ray program resulted in 1,790 people being X-rayed during the six day afternoon and evening survey. In 1947 when this clinic was last held 500 people were X-rayed. Our thanks go to Mrs. W. A. Quinn and her large group of volunteer workers for the success of this drive.

The Well-Baby Clinic, under the guidance of Dr. Olga Allers of the Children's Hospital, each month counselled 151 mothers on the health and care of their children.

The Immunization Clinic, held in co-operation with the Board of Health, gave protection against whooping cough, diphtheria, tetanus and smallpox to children.

We contributed medicine and supplies to the Public Health Nurse, our good friend, Mrs. Alice Dowd, to the extent of approximately \$75.00.

We were able to provide eye glasses for the children of three Scituate families.

We feel that we are rendering a worthwhile service to our town. Our contributions this year fell short of 1949. We hope that in 1951 we will be able to perform even wider service for the growing community of Scituate.

Respectfully submitted,

FLORA D. WHITE,
President.

**REPORT OF THE
BOARD OF HEALTH**

January 15, 1951.

The work of the Board of Health has continued this year, as in the past, and we have cooperated with all departments of the County and State. Success has been attained and extensions made in many health projects that reflect great strides in the health of the Town. Extensions made by the School Dentist, which are explained in his report, will add greatly to the dental health education of our school children.

New arrangements put into effect at the Town Dump have added greatly to its appearance, and in addition, it is now more accessible for those who care to use it.

Our sanitation problems are many, but our Sanitary Engineer has been very successful in eliminating many of these, and has had the full cooperation of the Building Inspector, Planning Board and the Highway Department.

The attendance at our Clinics increases from year to year. There has been no serious epidemic in the Town during the past year, and at the present time contagious disease is at low ebb.

Those employed by the Board of Health have rendered very valuable and efficient services and each has filed a report of their work. We take this opportunity to thank them for their cooperation.

All Town Departments and Town Officials have given us great assistance whenever called upon and we wish to thank them at this time for their cooperation.

Respectfully submitted,

DR. CLIFFORD L. WARD, JR., Chairman,

WALTER L. ENOS, Secretary

GEORGE H. OTIS,

Board of Health.

**REPORT OF THE
PUBLIC HEALTH NURSE**

Scituate Board of Health,
Scituate, Massachusetts.

Dear Sirs:

I hereby submit my annual report, as Public Health Nurse for the Town of Scituate, for the year 1950.

Bedside Nursing Visits	1724
Old Age Visits	633
Soldiers Relief Visits	30
Ambulance Cases	50
Doctors' Office Visits with Patients	20
Infant Welfare Visits	250
Baby Clinics—194 Babies	12
Immunization Clinics—151 Children	4
Communicable Disease Visits	60
Prenatal Care Visits	50
Postnatal Care Visits	110
Unclassified Visits	400
Public Health Meetings	5
Conferences with State Health Workers	5
<hr/>	
Total Number of Visits	3352

The annual Vaccination, Diphtheria and Whooping Cough Clinic was conducted by Dr. Clifford L. Ward, Jr.

The Well Baby Clinic, sponsored by the Scituate Health Service, was conducted by Dr. Olga Allers, Pediatrician from Boston.

A community Chest X-ray Survey, sponsored by the Scituate Health Service, was conducted by the Plymouth County Health Association, of which a total of 1790 were X-Rayed.

Respectfully submitted,

ALICE M. DOWD, R.N.

December, 1950.

**REPORT OF THE
SCHOOL DENTIST**

December, 1950

Board of Health,
Scituate, Mass.

Gentlemen:

The year 1950 has produced many progress changes in the school dental program. Early in April the dental clinic was moved to the new Elementary School, where a modern dental office, complete with X-Ray, had been set up by the School Building Committee. With nearly eight hundred pupils under one roof it was recognized by the Board of Health that an expanding dental program was necessary and desirable. Therefore a dental hygienist was appointed to work two days a week under the direction of the school dentist. The duties of the hygienist are three-fold.

1. Cleaning the children's teeth and charting cavities for information of school or family dentist.
2. Applying sodium fluoride for the prevention of dental decay.
3. Dental education, approved tooth-brushing technique, lectures, movies and personal contacts.

It is therefore evident that the hygienist, working two days a week when the dentist is not there, allows the dentist more time for restorative work.

In May over one hundred pre-school children were examined, kindergarten and the first grade. Twenty-one pupils entering the first grade were given treatment by the school dentist, completing twelve. Another group of twenty pre-first graders were completed by the hygienist, with prophylactic and three or four fluorine treatments.

In September a questionnaire was sent home to each parent in the first three grades in order to get the hygienist program started. Three choices were given to the parent, namely:

- a. All treatment by the family dentist.
- b. Treatment by hygienist and notification of defects for reference to family dentist.
- c. Treatment by the school dentist and hygienist.

Ninety-four percent of the five hundred odd questionnaires were returned to have the work done in the school clinic by the school dentist. This was a very flattering response, but it is impossible to work on five hundred children at once. Work must progress from room to room and grade to grade. At present we are concentrating on the kindergarten and the second grade, at the same time handling emergencies in other grades as they arise. I expect this new program to show great progress this coming year.

Respectfully submitted,

DR. W. B. PARSONS,
School Dentist.

**REPORT OF THE
INSPECTOR OF MEAT AND SLAUGHTERING**

January 15, 1951.

Board of Health,
Scituate, Massachusetts.

Dear Sirs:

In accordance with the State laws of Massachusetts I have inspected all animals slaughtered in this town and have found them all in good condition and suitable for eating.

I have stamped all slaughtered animals as required by law.

Respectfully submitted,

WILLIAM J. McAULIFFE,
Inspector.

**REPORT OF THE
DENTAL HYGIENIST**

To the Board of Health:

During the month of May, the year 1950, the Board of Health included in the pre-school clinic of Scituate the services of a dental hygienist. The purpose of a dental hygienist is to promote more definite interest in oral hygiene amongst the pupils as well as in their respective homes, and to help improve the condition of dentistry in each individual child.

Oral hygiene primarily starts in the home; by this we mean supervised home care of the oral cavity in each and every child. Persistent and habitual care of the teeth tend to promote strong, healthy children; needless to say, a wholesome diet does much to contribute towards the same.

The dental clinic program institutes the start of dental care of kindergarten children, as a means of planting these healthful habits, in these young minds. Oral hygiene and general health hygiene go hand in hand with one another. Without strong and healthy teeth and gums, it is rather improbable that a healthful condition will exist. Children must be made aware of this fact when they first acquire their deciduous teeth.

A town having modern dental equipment, such as that of the pre-school clinic, is indeed fortunate. This equipment is a great time-saver; the pleasant appearance of the clinic has helped to allay fears of children entering the clinic, which is an important factor.

Due to the patience, cooperation and diligence of the school health supervisor and the school dentist, your dental program is well on its way toward promoting a marked difference in the dental hygiene of the children. Dental hygiene discussions, prophylaxis and dental fluoride treatments will all in their turn prove to be successful in promoting healthful dental habits. Above all, treatment by your school dentist is an extremely important factor in your dental program.

MRS. S. R. WOODFALL,
Dental Hygienist.

**REPORT OF THE
INSPECTOR OF PLUMBING**

January 18, 1951.

Board of Health,
Scituate, Mass.

Gentlemen:

This is a report of my duties as Plumbing and Sanitary Inspector for the year nineteen hundred fifty.

Inspections have been made of all plumbing work for which permits have been issued and the standards are being upheld by the contractors doing the work.

During the latter part of the year, the Building Commissioner has been notifying this office of each building permit as it is issued which helps greatly in the check-up of proposed methods of sewage disposal.

There has been close co-operation between the Road Department and me in our effort to maintain proper street drainage to keep the ground water low to allow the land to absorb sewage. Until we have a municipal system of sewerage with proper disposal, it becomes more and more difficult to properly take care of the effluent in the ground confining it to personal property limits. Every effort is being made to do this and protect health.

A definite plan for sewerage was presented to the Town last year, but on account of the heavy tax burden, it was deemed unwise to make the appropriation. This year, I am not asking for an appropriation as the economic picture has not changed; the need, however, is just as urgent.

Respectfully submitted,

PHILIP S. BAILEY,
Inspector.

BOARD OF HEALTH

**REPORT OF THE
MILK INSPECTOR**

To the Board of Health,
Scituate, Massachusetts.

Dear Sirs:

All milk sold in Scituate the past year has been up to standard qualifications.

I have issued

- 10 vehicle milk licenses
- 51 milk licenses for stores and restaurants
- 2 licenses for the manufacture of ice cream
- 1 license for a recreation camp
- 10 licenses for the sale of oleomargarine
- 1 license for the pasteurization of milk
- 3 licenses for the sale of denatured alcohol
- 16 licenses for the sale of Anti Freeze solution

Respectfully yours,

GEORGE H. OTIS,
Milk Inspector.

**REPORT OF THE
INSPECTOR OF ANIMALS**

December 22, 1950.

Town of Scituate,
Board of Health,
Scituate, Massachusetts.

Gentlemen:

I wish to report that I have quarantined all dogs which have bitten people and have attended to all matters relative to cattle, horses, goats and swine.

Respectfully submitted,

CHARLES P. CHASE,
Inspector of Animals.

**REPORT OF THE
BUILDING COMMISSIONER**

January 19, 1951

To the Board of Selectmen:

The report of the Building Commissioner follows:

Four hundred and twelve (412) applications for Building Permits were received during the year of 1950, of which three hundred and ninety-seven (397) permits were issued, with an estimated value of close to two million dollars (\$2,000,000). Fees collected and turned over to the Town Treasurer for the same were \$1,901.00. All buildings have been inspected as required by our Town By-Laws and the Laws of the Commonwealth of Mass.

Several cases were brought before the Building Board of Appeals, requiring ten (10) meetings of this Board, all of which were disposed of in the best interests of all concerned.

Respectfully submitted,

LESTER D. HOBSON,
Building Commissioner.

REPORT OF THE
ALLEN MEMORIAL LIBRARY

January 16, 1951

Board of Selectmen,

Scituate, Mass.

Gentlemen:

In 1950 the Allen Memorial Library was completely re-cataloged, making the list of some 6000 books more readily available to all users of the library. The card file is now located conveniently near the entrance, with cross-index cards of titles and authors and in the case of non-fiction, as to subject matter.

During the year 625 new books were acquired by purchase and gift, the book circulation was 17,208 and magazine circulation 935.

$$\begin{array}{r} 935 \\ 17208 \\ \hline 18143 \end{array}$$

Re-registration of borrowers was started on May 1st and from then until December 31st, 967 were registered, showing a wide use of the library by the citizens and the summer residents.

On the Thanksgiving week-end the library held a Juvenile Book-Fair, the first of its kind in the town, at which the best in books for children of all ages, were displayed for sale.

We are grateful to the library committees for their diligent work during the year and wish to express our appreciation of the support of the people of the Town.

Respectfully submitted,

Allen Memorial Library Association.

ROBERT P. RICH, President,

**REPORT OF THE
PEIRCE MEMORIAL LIBRARY**

January 14, 1951

Board of Selectmen,
Scituate, Mass.

Gentlemen:

During the year 1950 it has been most pleasing to have the facilities of the library serve an ever increasing number of the townspeople of Scituate.

Thru the year two interesting "informal" afternoons were held at the library with Dr. Albert Bailey and Mrs. Inez Haynes Irwin as special guests.

The many exhibits have been well arranged under the direction of Mrs. Philip Bailey and Miss Madeleine Ellis.

A pleasant Children's Nook has been established at the library and early in the year story hours for the children proved instructive as well as entertaining.

The librarian's report is attached.

The trustees of the association wish to thank the townspeople for their loyal support so willingly given to the library.

Respectfully submitted,

VERNETTA G. BARNES,
President of Peirce Memorial Library Assn.

REPORT OF THE LIBRARIAN

REPORT OF THE LIBRARIAN

North Scituate, Mass., December 30, 1950

Circulation report from the Peirce Memorial Library for year ending December 30, 1950.

Total number of books circulated	15,016
Total number of magazines circulated	2,551
Number of cards issued	392 17,567
New books added thru purchase and as gifts	399

We thank the townspeople for their loyal interest and support during the year.

Respectfully submitted,

SARAH H. KNOWLES,
Librarian.

Moth Work added as Special Assessments to 1950 Taxes	201.00	
Uncollected	548.29	
	<hr/>	\$60,320.66

In concluding my report, I wish to thank each and everyone for their co-operation and courtesy extended to me in the performance of my official duties.

In order to safeguard the sound financial standing of the Town of Scituate during the time ahead of high taxes and living costs, I must now adhere more strictly to the collection laws by enforcement of payment of outstanding accounts.

This will mean a hardship to some, but if all taxpayers failed to make prompt payments, the Town would be in a very poor financial condition.

After all, everyone must pay the costs of government and these costs can only be met when due by the prompt payment of taxes by all.

Trusting I have served you well and that I shall have the pleasure of serving you again in the years to come, I remain

Yours sincerely,

JOSEPH R. DILLON,
Town Collector.

REPORT OF THE PLANNING BOARD

To the Citizens of Scituate, we are proud to announce that, in 1950, your Planning Board made progress that, we believe, is without precedence in the many years since its inception.

At the year's outset, we projected our efforts beyond the limits of our own abilities, so that we might contribute to the Town of Scituate the latest concepts, procedures, and techniques that are practised by Planning Boards throughout the Commonwealth. We had the duties of this Board defined for us not merely in terms of statute, but in the persons of the legislators who formulated them. These duties are explained simply as follows:

The Planning Board was established as the one Board to concern itself with the affairs, actual and potential, of the community as a whole, and to promote, without partiality, any and all programs for the common good. It is the privilege as well as the requirement of the Board to originate and advance ideas on all phases of municipal activity — a function that distinguishes it from every other elective or appointive division of public service. The Board is obligated by law to make recommendations for the present and future growth, improvement and development of the town, and to study and report to official departments in an advisory capacity on all plans and proposals currently under consideration. Another requirement of all Planning Boards that is intimately related to the above is the making of a Master or Study Plan. A third responsibility is the application of subdivision regulations as prescribed in Sections 81K to 81U of Chapter 41 of the General Laws.

Since March, 1950, The Planning Board approved subdivision plats submitted by:

John E. Bamber (5 lots) property on Hatherly Road, N. Scituate
Paul F. Liston (12 lots) property on Hatherly Road, N. Scituate
Gordon E. Atwood (8 lots) property on Central Avenue, Humarock
Wendell Holmes Development, extension, on Gannett Road. N.
Scituate

Robert and Walter J. Breen property on Hatherly Road, N. Scituate
Ralph S. Brown property (Bulrush Farm) on Hollett Street, N.
Scituate

PLANNING BOARD REPORT

Louise E. Ruiter et al property on Cherry Lane, Minot (for Mary F. O'Regan)

Pending approval, are subdivision plans of:

Frank L. Westerhoff (49 lots) property on Hazel Avenue and Beaver Dam Road, Scituate

Frank G. Grady property on Hatherly, Orchard, Jericho and Barker Roads, Scituate

Due to inadequate information and no set system for referral, it was necessary for this Board to examine innumerable other plans and to check all building permits issued for new foundations, in order to determine the development of further subdivisions. Subdivision control is for the protection of the purchaser and the town as a whole. Without the approval of The Planning Board, the Registry of Deeds cannot accept a subdivision plan, in whole or in part, for filing; no building permit for any lot therein can validly be issued; water and other public utilities cannot be guaranteed. Lack of the necessary approval will many times present an obstacle to the purchaser in obtaining a clear title or a mortgage. Proposed new ways, correctly located and adequate in size and construction, proper facilities for drainage and sewage disposal, are the responsibility of the developer. The Planning Board confers with the Board of Health, the Water Department and the Highway Department in the approval of all such plans, so that the eventual purchaser and the town will be relieved of the expensive burden of providing the foregoing essentials after the subdivider has departed from the scene. In this one duty of supervising subdivisions, The Planning Board is charged with a large measure of the physical, economic, social, and moral welfare of Scituate.

Other business that came before the Board this past year will be partially listed here:

Town Manager Plan

Master or Study Plan

Revaluation

Extension of the business area

(a) Increased off-the-street public parking space

(b) Establishing a shopping center

Revision of Zoning, Building By-Laws

(a) Appeals for variances

(b) Non-conforming buildings, uses

(c) Removal of top soil

(d) Lot size regulation misplaced in By-Laws

PLANNING BOARD REPORT

Introduction of small industry

Illegal posting of signs, billboards

Public sewerage system

(a) Problems of sanitation

Improvements in Scituate Harbor

(a) Dredging

(b) Repair of sea wall

(c) Comfort stations

School Housing Needs

(a) Proposed addition to High School

(b) Additional elementary school space

Special Public Improvements

(a) New athletic field

(b) Alteration of public ways

Problems of Water Department

Problems of Tree Warden

Problems of Fire Protection, Prevention and Control

Since March, 1950, forty-one meetings were conducted by this Board. Most of these were conferences with one or more official departments. A determined policy was adopted at the year's beginning for the promotion of a greater understanding among all departments of town government of each other's problems. This policy was carried out by means of these interdepartmental sessions, and the few departments who did not meet with this Board from time to time were omitted only because the year was too short.

The Planning Board made itself known and its functions better understood through these conferences. A number of departments and many other fellow-citizens have asked us to publish an account of our activities during the year. We are gratified at their interest and cooperation, and a special report "Know Your Planning Board" has been prepared. Because of the extra time involved in preparation, it appears under separate cover. Included also will be a copy of The Planning Board's Report on Town Manager Plan, that will be delivered at the forthcoming annual town meeting.

Our 1951 program will place fresh emphasis on interdepartmental meetings. It has been our observation that erstwhile individual problems appear to overlap when subjected to open discussion. Many valuable suggestions, ideas and hypotheses evolved from these meetings.

PLANNING BOARD REPORT

Our main project for 1951 will be to give these ideas substance in the shape of a Master or Study Plan. For the essence of a Master Plan is the proposed solutions and projected thinking that enable the town to operate as a unit. It is not a map. It is the most valuable single device for sound, timely, economical planning, and is described more fully in the accompanying special report.

Subdivision control will continue to receive all the required attention of this Board during the coming year.

We have offered to render all possible assistance to the civil defense program.

We will make studies and report on any specific matters referred to us by the town for recommendations.

This Board is elected to serve as a committee which studies, correlates, originates and advises on plans and proposals for the general welfare. We must rely on your confidence, trust and support to continue conscientiously in the privileged capacity of The Planning Board of Scituate.

Respectfully submitted,

CLIFFORD L. WARD, SR., Secretary
MARK W. MURRILL
THOMAS R. STEARNS
FRANCIS A. OBERT

**REPORT OF THE
DIRECTOR OF VETERANS' SERVICES**

To the Honorable Board of Selectmen
and the Citizens of Scituate, Mass.

As Director of Veterans' Services, I am pleased to submit the Annual Report for 1950.

In the past year the Office of Veterans' Services has had calls totalling 1265. These calls necessitated a much larger number of outgoing calls, by phone, letter or visit.

The service in the above cases comprises Education, Rehabilitation, Employment, Mortgage difficulties, Appraisal difficulties, Medical, Dental, Hospitalization, Veterans' and Veterans' Widows pensions, Funeral Arrangements, etc.

Photostatic service for veterans has been provided.

In 1946, Chapter 584 was passed by the Legislature amending Chapter 115; this eliminated all State Aid and Military Aid. Fifty per cent (50%) of all expenditures that are approved by the Commissioner shall be borne by the State. The amounts paid to the applicant are governed by a budget set up by the Commissioner of Veterans' Services, State House, Boston, Massachusetts.

May I express my sincere appreciation to the Board of Selectmen, Chief William Kane and the members of the Police Department and all others who have rendered us such grand assistance during the year.

JEROME F. CROWLEY,
Veterans' Service Officer.

SCHOOL HOUSING COMMITTEE REPORT

REPORT OF THE ZONING BOARD OF APPEALS

Board of Selectmen,
Scituate, Massachusetts

The Zoning Board of Appeals reports that during the year 1950 it held five public hearings on petitions for variances of the Zoning Laws.

After each public hearing, private meetings were held at which due consideration was given to the arguments advanced. Three petitions were granted, one of which was appealed and is still pending in the Superior Court, and two were denied.

Respectfully submitted,

W. CLEVELAND COGSWELL, Chairman
FRANK L. WESTERHOFF
ALBERT W. HOLCOMB
REPORT OF THE

REPORT OF THE BUILDING BOARD OF APPEALS

Board of Selectmen
Scituate, Massachusetts

The Building Board of Appeals held during 1950 ten public hearings on appeals from rulings of the Building Commissioner. Twenty variances were granted and ten were denied.

Respectfully submitted,

W. CLEVELAND COGSWELL, Chairman
GEORGE PAUL
PHILIP S. BAILEY

ELEMENTARY SCHOOL HOUSING COMMITTEE

To the Voters of Scituate:

Your Elementary School Building Committee turned over to the Selectmen the keys of the new Central Elementary School at brief exercises held in the cafeteria of the school on April 9, 1950.

While the building was complete at this time, the grading had not been finished. This has now been done, and both the building and grounds are complete. The school has, also, been fully furnished and equipped.

Your Committee was fortunate in having the able assistance and cooperation of Mr. Burr of McLaughlin & Burr, our architects, and Mr. Jacobucci of R. R. Jacobucci Inc., our contractor. With their help we were able to complete the project within the amount of money appropriated by the town, an amount of \$788,000.00, and we are pleased to be able to turn back to the town the sum of \$25,259.25.

It might be of interest for you to know that the State Building Assistance Commission has recognized the completion of our work and has made two years payments to the town totalling \$15,408.40. These payments are in accord with the State's agreement to pay us 20 per cent of the cost of our building.

Your Committee wishes to thank the Selectmen and all others who have aided us during the construction of this school, and would like to request that our Committee be dismissed.

Respectfully submitted,

EBEN B. PAGE, Chairman
MARY F. HEFFERNAN
SAMUEL J. TILDEN
FRANK L. WESTERHOFF
DANIEL A. VINES

**REPORT OF THE
HIGH SCHOOL BUILDING COMMITTEE**

Pursuant to the vote of the Town Meeting held March, 1950, the following citizens were duly appointed as members of the High School Building Committee:

Carlton F. Green, 23 Curtis Street, Egypt, an engineer in the employ of Stone and Webster Company.

John J. Heffernan, 21 Collier Avenue, Minot, an attorney-at-law.

Francis A. Obert, 372 Country Way, Scituate Center, an engineer in the employ of Metcalf and Eddy.

Nels H. Sanberg, Cedarwood Road, Scituate Center, a member of the School Committee and a member of the faculty of Weymouth High School.

Edward H. Schott, 15 Cudworth Road, Scituate, an employe of Graybar Electric Company.

Samuel J. Tilden, 122 Tilden Road, Scituate, a member of the School Committee and a member of the faculty of Browne & Nichols School.

Immediately upon appointment, the Committee met and organized; Francis A. Obert was elected Chairman, and John J. Heffernan was elected Secretary. Frederick A. Calkin, Superintendent of Schools, attended meetings and assisted the Committee in a consultant and advisory capacity.

First the Committee made an exhaustive study of the Scituate school conditions and the requirements and the general town conditions as to continuing increase in population and development for the purpose of determining a long range requirement for the proposed high school building addition.

The members of the Committee visited many municipalities making an inspection of high school buildings and conferring with school officials relative thereto. Your Committee then engaged the services of Dr. Jesse B. Davis, a specialist in scientific planning of school buildings and administrative associate to President Marsh of Boston University. Dr. Davis made a survey of the present high

HIGH SCHOOL BUILDING COMMITTEE REPORT

school building and its facilities and made recommendations for changes in the present building and for requirements of an addition to the building to relieve the present overcrowded conditions due to the fast-growing increase in school population and provide proper facilities to meet the exigencies for future needs of the school community. Dr. Davis made a thorough study and submitted a report to the Committee, setting forth a general outline of building requirements and recommendations relative thereto.

Nine different architectural firms were invited to confer with your Committee to discuss requirements and to determine the qualifications of such firms to enable your Committee to select the architectural firm best qualified to render services in the matter of the proposed addition to the high school building. The architectural firm of Perry, Shaw, and Hepburn, Kehoe and Dean, after careful consideration of all other architectural firms, was selected by the Committee to prepare preliminary plans for the proposed addition to the high school building. Dr. Davis acted as consultant with the architects and the Committee members in the matter of the preparation of the preliminary sketches of the proposed building, and as a result preliminary plans have been prepared, and are to be submitted at a Town Meeting for consideration and action thereon.

During the process of preparation of the preliminary plans, your Committee conferred with various Town Boards and Committees, and also conferred with the members of the present high school faculty to obtain suggestions and recommendations relative to the proposed building as to the matter of required rooms and arrangement thereof and other required facilities. The proposed building plans have also been submitted to the State Board of Education for approval as required.

Your Committee recommends that the present building be remodeled to a very limited degree and that an addition to the building be constructed to provide required classrooms, laboratories, a gymnasium and workshops to make the high school building an adequate and modern unit to amply provide for the continued growth of the town and the school population for at least a ten year period.

To provide funds for the remodeling and reconstruction as planned by the Committee requires financing beyond the debt limit of the town. For this purpose your Board of Selectmen, at the request of this Committee, have petitioned the Legislature for authorization to issue bonds. Upon obtaining such legislative au-

HIGH SCHOOL BUILDING COMMITTEE REPORT

thority, your Committee will cause an article to be inserted in the Town Warrant at a Town Meeting to act upon our recommendations and to raise and appropriate funds to remodel the present high school building and to construct, equip and furnish an addition thereto in accordance with the plans submitted by your Committee.

Respectfully submitted,

HIGH SCHOOL BUILDING COMMITTEE

FRANCIS A. OBERT, Chairman

JOHN J. HEFFERNAN, Secretary

CARLTON F. GREEN

NELS H. SANDBERG

EDWARD H. SCHOTT

**REPORT OF THE
PLYMOUTH COUNTY AID TO AGRICULTURE
(Plymouth County Extension Service)**

The Plymouth County Extension Service, through its three departments, Agriculture, Homemaking, and 4-H Club work, renders valuable assistance each year to the citizens of the Town.

Anyone who so desires may have his or her name placed on the mailing list and will receive, at no cost, circular letters concerning the Extension Courses available during the year. Bulletins on all phases of homemaking and gardening are also mailed upon request.

Extension Service is sponsored jointly by Plymouth County, University of Massachusetts, and the United States Department of Agriculture. The money appropriated by the Town each year is sent directly to the County Treasurer for this work.

An interesting and informative Extension Service program is presented each Monday at 12:30 noon on Station WHDH.

There is no 4-H Club work in Scituate. This is regrettable as these Clubs have much to offer the children and youth of the Town.

Your Town Director is pleased to give assistance at any time to persons seeking information in regard to Extension Service work and would urge more citizens to avail themselves of this information.

Respectfully submitted,

RUTH M. MEYERS,
Town Director,
County Aid to Agriculture

STATE AUDIT REPORT

**REPORT OF THE
STATE AUDIT**

April 4, 1950

To the Board of Selectmen,
Mr. Dennis H. Shea, Chairman,
Scituate, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Scituate for the year ending December 31, 1949, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

FXL:ELD

Mr. Francis X. Lang,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the Town of Scituate for the year ending December 31, 1949, the following report being submitted thereon:

An examination and verification was made of the financial transactions of the Town as shown on the books of the departments receiving or disbursing money or committing bills for collection.

An analysis was made of the accountant's ledger, the receipts being checked with the treasurer's books, and the payments as recorded being compared with the warrants authorizing them and with the treasurer's records of payments. The appropriations were

STATE AUDIT REPORT

checked with the town clerk's record of town meeting proceedings and the recorded transfers from the reserve fund were compared with the authorizations of the advisory committee.

A trial balance proving the accounts to be in balance was taken off, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the Town on December 31, 1949.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded on the treasurer's books, were analyzed and compared with the records of the several departments collecting money for the Town and with other sources from which money was paid into the town treasury, while the payments were checked with the treasury warrants approved by the selectmen authorizing the treasurer to disburse town funds.

The cash book footings were verified, and the cash balance on January 28, 1950 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments made for maturing debt and interest were proved with the amounts falling due and with the cancelled securities on file.

The transactions of the trust and investment funds in the custody of the town treasurer were verified, and the securities and savings bank books representing the investment of these funds were examined and listed.

The records of tax titles and tax possessions held by the Town were examined. The amounts added to the tax title account were compared with the collector's records, the redemptions and sales were checked with the treasurer's cash book, the foreclosures were verified, and the tax titles and tax possessions on hand were listed and reconciled with the accountant's ledger.

The books and accounts of the town collector were examined and checked. The taxes, motor vehicle and trailer excise, and assessments outstanding according to the previous examination and all subsequent commitments were audited and compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the abatements were checked with the assessors' records of abatements granted, the amounts transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the accountant's ledger.

STATE AUDIT REPORT

The records of departmental and water accounts receivable were examined and checked. The commitments were proved, the collections were compared with the treasurer's recorded receipts, the abatements were checked with the records of the departments authorized to grant them, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The outstanding accounts were verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The financial records of the town clerk were examined for dog and sporting licenses issued, as well as for miscellaneous licenses, the payments to the State being checked with the receipts on file and the reported payments to the town treasurer being compared with the treasurer's cash book.

The surety bonds of the town officials required to file them for the faithful performance of their duties were examined and found to be in proper form.

The records of the sealer of weights and measures, the selectmen, and the building inspector as well as of all other departments collecting money for the Town or committing bills for collection, were examined and checked, the recorded collections being compared with the treasurer's recorded receipts.

In addition to the balance sheet, there are appended to this report tables showing a reconciliation of the treasurer's and the collector's cash, summaries of the tax, motor vehicle and trailer excise, assessment, tax title, departmental and water accounts, as well as tables showing the condition and transactions of the trust and investment funds.

While engaged in making the audit, cooperation was received from the town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts.

TOWN ACCOUNTANT'S REPORT

REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectmen.

Gentlemen:

In compliance with the provisions of Chapter 44 of the General Laws, I herewith submit the following report of the Accounting Department for the year ending December 31, 1950.

I have also included a detailed statement of disbursements showing amounts paid and the persons to whom payments were made, as requested by vote at the annual meeting held March 7, 1927.

ELLEN ELIZABETH COLE,
Town Accountant.

ANNUAL REPORT
OF THE
School Committee
OF THE
TOWN OF SCITUATE

For the Year Ending December 31

1950

SCHOOL COMMITTEE REPORT

WINTER TERM — January 2 to February 16, inclusive.

One Week Vacation.

February 26 to April 13, inclusive.

One Week Vacation.

No School March 23 — Good Friday.

SPRING TERM — April 23 to June 20*.

Holiday — May 30.

Summer Vacation.

FALL TERM — September 5 to December 21, inclusive.

Holidays — October 12, November 12, Thanksgiving Day and day following.

No School October 17 — Teachers Convention.

*This date is tentative. The statutes require high schools to have one hundred eighty sessions a year.

“No School” Signal

The “No School” signal is 3-1-3, and will be sounded from the fire stations at North Scituate, Scituate Harbor and Greenbush at 7:10 A.M. to designate the omission of school sessions for the kindergarten and first six grades. If the signal is repeated at 7:20 A.M., it will indicate no school in the High School. In the event of a storm making it unwise to hold the afternoon session of the kindergarten, the fire department whistles will be sounded at 11:30 A.M. Radio stations WEEI and WNAC will also be requested to announce “No School” signals. It is, however, the general policy of the Committee to hold regular sessions whenever it is practicable to maintain transportation service.

Committee Meetings

The regular meetings of the Committee are held monthly, at the office of the Superintendent, Old High School Building, September to June, inclusive.

Appointments with the Superintendent may be made upon request.

For admission to Grade One of the Scituate Schools, a child must have reached the age of five years and eight months on September 1 of the year of entering. For admission to Kindergarten, a child must have reached the age of four years and eight months on September 1 of the year of entering.

SCHOOL COMMITTEE REPORT

No child will be admitted to school for the first time after October 1, unless, before this date, permission has been granted by the Superintendent for a later entrance.

A vaccination certificate must be presented to the school when the pupil enters for the first time.

A birth certificate must be presented for those pupils whose births were recorded outside of Scituate.

SCHOOL COMMITTEE REPORT

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Scituate:

The School Committee submits its annual report for the year ending December 31, 1950.

The Committee expresses its appreciation to the School Building Committee for its study and recommendations for the school housing problems. The citizens of Scituate, however, should realize that there is never an end to a school building program. If the school population continues to increase, new primary schools will be needed to relieve the Central Elementary School.

The Committee also wishes to express to Mr. Calkin, the present Superintendent, who is resigning because of ill health, its appreciation for the fine work he has done as Superintendent and as High School Principal. Mr. Calkin accepted the Superintendency at a time when the town was faced with the tremendous post war educational problems, and has handled them excellently. To replace him will be one of the most difficult tasks ever to face a School Committee.

The Committee wishes to report that the football field at the High School has been remade and reseeded, and that the seeding of the baseball diamond will be finished in the spring. The work on the tennis courts was postponed until this spring, until it was decided where the new school would be located.

Detailed reports of the activities of our school will be found under the various school headings.

Respectfully submitted,

SAMUEL J. TILDEN, Chairman
DORIS D. WARD, Secretary
FRED T. WATERMAN
MARGARET B. MILES
NELS H. SANDBERG

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Scituate:

I take pleasure in submitting my annual report for your consideration.

The school year opened for the fall term of 1950 on September 6. The October 1 census showed a total enrollment of 1164, including kindergartens opened for the first time. Of this number, 768 were in the Central Elementary School and 396 in the High School.

TEACHING STAFF CHANGES

In June Mr. Harold Alpert, supervisor of instrumental music for the past two years, resigned to accept a similar position in Connecticut, very near his home. We were fortunate in securing Mr. B. Norman Dickinson to take his place. Mr. Dickinson has had a very fine educational and musical background and eight years' experience as a supervisor in public school work. Miss Carol Vollmer, teacher of geography and hygiene in Grades VII and VIII, resigned to take a teaching position in Japan. Her position was filled by the appointment of Mr. Joseph C. Driscoll of Scituate, a recent graduate of Bridgewater Teachers College, with a fine record at that institution. We were greatly disappointed to hear in August that Mr. Norman Walker, a teacher of mathematics in our high school, would be forced to resign his position, due to ill health. Mr. Walker came to Scituate in 1947 and was highly successful and well liked. His associates in the school department have felt a great loss from the system. Mr. Walker has since found it necessary to retire from teaching. His successor is Mr. William Johnson, a successful teacher and athletic coach at Bath, Maine, for the past five years. Mr. Johnson has taken over the coaching of our high school football team after Mr. Edward Stewart had requested to be relieved from this duty. Mr. Stewart has been made Director of Athletics by the School Committee and will continue to coach the other boys' sports. Mrs. Florence O'Hern, a former teacher in our Elementary Schools, and more recently a kindergarten teacher in a local private school, was appointed to a kindergarten position. Mrs. Mary Sweeney Bauer, a graduate of Scituate Schools and Sargent School of Physical Education, and an experienced teacher of physical education, was appointed as an instructor in that subject at the Central Elementary School.

SCHOOL COMMITTEE REPORT

SCHOOL ENROLLMENT AND HOUSING

On the sheet entitled, "Estimate of Class Sizes to June 1959", an effort has been made to prophesy enrollment figures for future school housing. These latest figures were compiled when the annual school census was made on October 1, 1950, and they do not include kindergartens. This period in the history of a troubled world is not a normal one and a complete mobilization of defense needs could very well upset estimates made this year.

However, we have seen a 45 per cent population increase in our town between the Federal census of 1940 and that of 1950, and a 50 per cent growth in the school population during those years. In the last three years this growth, with the introduction of kindergartens, has been nearly 38 per cent. This definitely shows that Scituate is considered to be a desirable place in which to live and the continued growth of the town is a certainty. The problem of school housing is a vital one and must of necessity be a costly one, as it will be in all Massachusetts towns in the next five years. Our new Central Elementary School, considered by educators, school committees, and school building committees to be one of the finest built in this section of the country in recent years, is a fine start in our school building program. A committee of citizens, appointed by vote of the Town Meeting in March, is now having plans drawn for an addition to the present High School Building that should take care of grades VII through XII for at least ten years. The classrooms in this building that will be unused for a few years can house grade VI pupils also, for a short time. After that, probably about 1954 or 1955, new small primary buildings will be needed in two or more sections of the town, and the sixth grades will be returned to the Central School.

KINDERGARTENS

Public kindergartens opened in September for the first time in Scituate. The enrollment on October 1 was 98. The well equipped rooms in the new school have been admired by many visiting school administrators and supervisors, and approved by kindergarten experts from Boston and elsewhere. Kindergarten training at public expense is definitely a part of a modern educational program.

SCHOOL COMMITTEE REPORT

UPKEEP OF SCHOOL PROPERTY

Repairs of school buildings were kept at a minimum during 1950. Only those immediately necessary in the High School were made, as the town meeting of March appointed a committee to bring in plans for an addition to the building and it was not certain what changes would be made in the present building by the Architects. A separate appropriation was voted to drain and resurface the athletic field at the High School. The work on this project forced the scheduling of football games away from home this past fall. Shutters were placed on the doors and windows of the two outgrown schools replaced by the occupancy of the new Central Elementary School. New equipment purchased during the year included 40 more chairs for the high school cafeteria, an additional electric stove for the household arts department, two melophones and cymbals for the high school band, a fog machine for disinfecting cafeterias and other school rooms, music stands for the elementary school, a new radiant screen for visual instruction in the high school, and velour front curtains for the high school auditorium stage.

HEALTH

On November 8, 1950, 364 pupils of grade VII through XII took advantage of free chest X-rays given by the Plymouth County Hospital doctors, and sponsored by the Scituate Committee of the Plymouth County Health Association. Teachers and other personnel employed by the Scituate School Department also were examined at the same time.

Your attention is called to the reports of school principals, the school physician, and the school nurse, and to the financial reports and statistics on the pages following.

This will be my last annual report on the Scituate Schools as I have asked to be relieved on April 1, 1951. May I take this opportunity to thank the citizens of our town and all connected with the School Department for the strong and loyal support they have given me in the sixteen years I have been here.

Respectfully submitted,

FREDERICK A. CALKIN,

Superintendent of Schools.

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Frederick A. Calkin
Superintendent of Schools
Scituate, Massachusetts

Dear Mr. Calkin:

The enrollment of this school continues to increase each year. On October 1, 1950 there were 396 pupils enrolled. These yearly increases in enrollment have been caused in all probability by the number of new families that have moved to this community. To date we have not been affected by the greatly increased enrollment in the elementary school. However, next fall we shall feel the first impact of this for we will have to have one additional seventh grade division. How to care for this additional division in our present over-crowded condition presents a serious problem for the next school year.

As long as a large majority of our pupils enroll in the college preparatory courses, the main responsibility of the school must continue to be preparation for college entrance. However, during the last three years, less than half of those taking the college preparatory curricula have gone on to college. This would indicate that the offerings in the other curricula should be strengthened as the facilities and staff will allow in order to meet better the interests and needs of a large group of our pupils. When a new building is built, more attention could and should be given to this matter. More of our girls and boys should be given the opportunities in the Practical Arts curriculum (Household Arts and Shop).

Reports from colleges and universities on the work of recent graduates of this school indicate satisfactory accomplishments. Members of the class of 1950 entered the following colleges and schools this fall: Antioch College, Becker Junior College, Boston University (4), Northeastern University, Radcliffe College, University of Maine (2), University of Massachusetts (2), Westfield Teachers College, Richmond Professional School (U. of Va.) (2), The Fay School, Wentworth Institute (2), and the School of Nursing, Massachusetts General Hospital.

For the two-fold purpose of obtaining reliable, objective information for use in individualized instruction and to aid in counselling, the same testing program as stated in the last two annual reports was carried out last year. The test results were interpreted to the pupils and were given to the faculty for study, discussion and use. The parents were also given reports of the results on profile

SCHOOL COMMITTEE REPORT

forms. Let it be understood that the value of such a testing program comes not from taking tests but rather from the help an interpretation of the results can give to pupils and teachers. Under existing circumstances only a limited time can be given to the individual conference. Longer and more frequent conferences with individual pupils must await the expansion of our guidance services. This important matter is receiving attention under the new building project.

Two classes of the pre-driving and driver education course were successfully completed last year, one in the fall and the other in the spring. The use of a dual-control automobile contributed much to the interest in and to the results from the instruction. All pupils in both classes passed the tests with the inspectors from the Registrar's office and were granted their operators' licenses. If highway safety were only a matter of knowing how to drive, our schools could solve this serious problem without difficulty.

The instrumental music program began this fall with handicaps caused by the loss through graduation and transfer of several key members of the band and orchestra and by a change of directors. In the few months since, however, rapid progress has been made under the new director.

The accomplishments in the extra-curricular activities of the school during the year contributed much in experience and knowledge to a large group of pupils and thus are worthy of brief mention. In dramatics, the annual Senior Class play of last April and the all-school show this fall were both well presented and played to large audiences. The Junior High, assisted by the music departments, put on a radio program which was broadcast over WBET, Brockton, last March. The school was again well represented at the annual American Legion Oratorical Contest in Hyannis. Our athletic teams, both boys' and girls', were well coached and displayed not only successful team play but also fine sportsmanship. The enthusiastic cheerleaders and the band rendered valuable assistance to the athletic program. Without being able to play any home games due to the regrading of our athletic field, the football team won the co-championship of the South Shore League. At the close of the season the football and field hockey teams were guests at a banquet sponsored by the local Board of Trade. The Student Council displayed leadership especially in the inauguration of a "Blue and White" week for the purpose of fostering school loyalty. The Key Club also carried out several projects of service to the school. Besides conducting two fine induction ceremonies, the Pro Merito Chapter raised funds with which it paid the outstanding

SCHOOL COMMITTEE REPORT

bills for the initial equipment of gowns and other paraphernalia. The student librarians ably assisted the faculty librarian in the operation of the school library. Another capable "Chimes" staff produced several issues of the "Scituation" and climaxed its efforts with a noteworthy yearbook in June. Last month a Photography Club was organized and chartered. About thirty very worthwhile assembly programs were presented during the year. These programs were planned to give opportunities for student participation and also to present educational information usually not covered in the regular classroom work.

The lack of a playing field has handicapped our physical education classes and the athletic teams during the fall. We have gladly assumed these handicaps for our athletic field has needed repair for some time. It is expected that we shall be able to use the new field in the fall.

The new front curtains on the stage of the auditorium are appreciated by all for they have been helpful in presenting assemblies and shows.

This opportunity is taken to express thanks and appreciation to those organizations of the community which awarded scholarships at the graduation exercises in June.

There have been several changes in the faculty since last year's report. Mr. Harold Alpert, instrumental music instructor, resigned in the summer and Mr. Norman Dickinson was elected to fill the position. Miss Carol Vollmer of the Junior High staff resigned to teach in Japan and the position was filled by the election of Mr. Joseph Driscoll. Mr. Norman Walker tendered his resignation during the summer and Mr. William Johnson was engaged to fill the position of instructor of mathematics. He also assumed the coaching of football this fall.

In the critical days ahead it may become increasingly difficult to maintain a normal school atmosphere. We may lose faculty members to the military services. However, a recent survey of the Massachusetts Secondary School Principals' Association indicates that under the present regulations and laws the average high school boy should be able to complete his four-year course unless he becomes nineteen before that time or enlists in one of the branches of the active service. It is recommended that our boys continue on to graduate as long as that possibility exists. We shall attempt to carry on as normally as possible, but it would be a disservice to our young people and to our country if we failed to teach the heavy responsibilities of citizenship that the immediate situation necessitates.

SCHOOL COMMITTEE REPORT

This report is concluded with sincere thanks for your help and cooperation. We shall miss your thoughtful advice and wise counsel in the days ahead but we are glad that you can look forward to your days in retirement. Appreciation and thanks is also extended to the school committee, the staff and the student body for the co-operative support given throughout the year. Finally, a word of thanks goes to the class of 1950 for its fine spirit of helpfulness during graduation week.

Respectfully submitted,

GEORGE A. J. FROBERGER,

Principal.

REPORT OF THE CENTRAL ELEMENTARY SCHOOL PRINCIPAL

Mr. Frederick A. Calkin
Superintendent of Schools
Scituate, Massachusetts

Dear Mr. Calkin:

I am pleased to present the following report for your consideration.

Th big event in the lives of the elementary school children of Scituate occurred on the day when they entered the beautiful new Central Elementary School. Teachers and pupils alike had looked forward to this day with great anticipation. This was a great experience, meeting so many boys and girls for the first time, about seven hundred, making new acquaintances, and adjusting themselves to new regulations. They were thrilled with the beauty of the colorful rooms, they were mystified by the public address system, and they were awed by the size of the building.

In most cases pupils were regrouped in order to provide smaller classes, this being possible with the additional number of rooms available. However, with the opening of school in September, all classrooms were occupied, and it became necessary to use the library for classroom purposes.

The following table shows the distribution of pupils by grades as of October 1, 1950.

SCHOOL COMMITTEE REPORT

<i>Kind.</i>	<i>I</i>	<i>II</i>	<i>III</i>	<i>IV</i>	<i>V</i>	<i>VI</i>	<i>Special Class</i>	<i>Total</i>
98	131	124	121	87	89	103	15	768

Several additions to the teaching staff were made as follows: Mrs. Robert O'Hern to the kindergarten, Mrs. Vera Mitchell to a fifth grade, Miss Virginia Knight to a second grade, Mrs. Mary Bauer to teach classes in physical education, and Mr. Norman Dickinson to give instrumental instruction.

I should like to touch upon a few special features in the Central Elementary School, namely: the public address system, the library, the cafeteria, the health unit, and the kindergartens.

The public address system is invaluable as a means of communication in a building of this size and as a teaching aid. On occasions we have heard radio broadcasts, one giving a brief history of Scituate, another carrying the United Nations Day Program. More recently we have been able to carry programs of Christmas music via the radio and the record player. During this same period we scheduled carol singing from the cafeteria each day at 9:45 A.M. by two or more classes, thus giving each group the experience of singing before a microphone. Two classes also presented radio dramatizations written or produced by the pupils.

As previously stated, it became necessary, with the opening of school in September, to use the library to accommodate a group of second grade pupils. However, we have reserved sections of shelves for library books and an opportunity will be provided for pupils to use them. I should like to express my thanks to the Scituate Parent-Teacher Association for the very generous gift of books and magazine subscriptions and to those individuals who have also contributed books and magazines.

On several occasions reports of the service the cafeteria is rendering have appeared in the local paper. About 400 complete meals are served daily in addition to a large number of desserts and bottles of milk. The cafeteria is capably managed by Mrs. Robert James, dietitian, who is assisted by Mrs. Fred Peirce, Mrs. Daniel Queeney, and Mrs. Helen Young. Additional help is provided by pupils. Two lunch periods are required to accommodate the entire enrollment. Grades 1, 2, and 3 are served at 11:15 A.M. and grades 4, 5, 6 and Special Class at 12:30 P.M.

Our compact and complete health unit has been visited by many school superintendents and several doctors. Each has expressed his genuine approval of the layout with its most modern

SCHOOL COMMITTEE REPORT

type of equipment. We feel now that we are in a position to render a service second to none with this equipment in the capable hands of the school physician, the dentist, the nurse, and the dental hygienist.

The kindergarten unit of the new school brings nothing but praises from all who see it. The teachers who are privileged to work in these rooms are most happy and the children are benefitting from this well-equipped unit. We are indebted to Miss Pauline Smith, Miss Frances Sullivan, and Miss Ruth Bulger, all of Boston, for their many helpful suggestions in the matter of equipment and procedure.

Mr. Dickinson, teacher of instrumental music in the department, is able to give one complete day to the Central School. In addition to giving instruction on the various instruments he is now giving the boys and girls an opportunity to play together, thereby hoping to develop an elementary school orchestra.

Mrs. Bauer, who was engaged to teach classes in physical education, has been able to meet each class, grades one through four, twice a week. Miss Riggs, in addition to her work with the Senior and Junior High classes, has carried on the work with the boys and girls of grades five and six.

As in past years our boys and girls have contributed generously to the various drives — the Plymouth County Hospital, the Junior Red Cross, and the Scituate Camp for the Blind.

I should like to take this opportunity to express my appreciation to you for your support and for that of the School Department, and to thank the teachers for their cooperation during the year.

Respectfully submitted,

LEROY E. FULLER,
Principal.

REPORT OF THE SCHOOL PHYSICIAN

To the School Committee of Scituate:

The outstanding event of the year for me to report is the completion of the new elementary school, with its modern equipment and provision for the safety and well-being of the children. I am particularly grateful for the greatly improved facilities for the examination of the pupils and for attention to their health needs. The space given over to the doctor, dentist and nurse is in practically constant use and apparently enjoyed almost as much by the children as by the staff. It will prove a wise investment I am sure.

The regular physical examinations of the pupils, with special attention where it was needed, have been given this year. Although the time with each pupil is short, good results are obtained. However, at a Harvard Course for School Physicians this spring, it was urged that it was more satisfactory to examine each child only every three or four years and then spend four times as much time with him, and take one quarter of the children each year in this way.

There have been no serious epidemics. As usual the greatest interference with school health has been due to colds and grippe-like infections. And still too often a child with such infection is sent to school instead of being kept in bed.

I thank warmly the other members of the school staff and the parents for their help in watching over the health of the school children.

Respectfully submitted,

M. D. MILES, M.D.,
School Physician.

SCHOOL COMMITTEE REPORT

REPORT OF THE SCHOOL NURSE

Mr. Frederick A. Calkin
Superintendent of Schools
Scituate, Massachusetts

Dear Mr. Calkin:

The year 1950 marked the beginning of a new era in School Health Services for us. Nearly a quarter of a century had been spent in the old schools, under the most trying conditions, attempting to carry on a satisfactory School Health Program.

So great is the contrast in working conditions in the Health Unit in the new Elementary School that memories of the old days will rapidly fade away. It would be difficult, indeed, to find words to express the intense pleasure that working in this new Health Unit can give a person. Plans which existed only on paper a short time ago have become a reality. The new facilities present unlimited possibilities for health instruction to approximately eight hundred children of impressionable age, when guidance in the development of mental and physical health habits is of vital importance. The Health Unit, more than any other factor, has created an awareness of optimal health goals.

To mention but one phase, just getting children of Kindergarten age to the School Dental Clinic, is in itself a wonderful thing for the children. At a time when it is most beneficial to them, these children receive the Sodium Fluoride treatments for the prevention and retardation of dental decay. Our School Dental Program is the outgrowth of persistent efforts by the School Dentist over a twenty-five year period, to provide the best in dental service to school children. I do believe that the program is appreciated by the parents.

Since the teacher participates so largely in the Health Service Program, she readily sees how classroom interest in Health is stimulated by the experiences of children. It is the teacher who endeavors to promote right attitudes in her pupils, toward matters of health. She encounters many special and varied types of problems. She makes daily observations and reports symptoms of illness. Therefore, she needs to know what to observe, when to exclude, and whom to re-admit. Now that the School Health Council is functioning, I would like to suggest that an opportunity be given for in-service training to teachers who are interested in health work. It seems very important at this time, when so much is being said about Civilian Defense needs. Plans are in process

SCHOOL COMMITTEE REPORT

for greater use of Audio-Visual Methods as an adjunct to health teaching in the classroom.

Every child, timid or brave, has learned the way to the Health Unit. Their visits are frequent, for they have many problems. It is here that the school nurse can put her best knowledge and results of experience into practice. The child with an emotional problem receives the same consideration as the one who is taken suddenly ill or who has met with an accident.

I offer a few suggestions to parents: Please keep a child home if symptoms of illness are present. What if the child does miss some school work? It is an added strain on the child to be in school and not feeling well. Some youngsters are sent to school when they should be home under medical care. Teach your child to be responsible for articles of clothing, and take time to mark clothing with the child's name. Then there will be fewer cartons of unclaimed caps, mittens, hand knit and machine made sweaters, rubbers, parts of cow-girl and cow-boy outfits, etc., stacked in the office. Teachers have many responsibilities, and looking out for children's belongings at bus time certainly should not be one of their duties. It should be a part of the child's early home training to take care of his personal belongings. Take time to observe your child's eating habits. Is the food which is intended for bodily nourishment consumed, or does it go into the garbage can? Many children with finicky eating habits seem to exert a great deal of influence over other children, causing them to imitate their tactics. I'd like to encourage parents to have conferences with the teachers and the nurse, especially in regard to school problems.

Standing orders for Public Health Nurses in the School Health Program as recommended by the Massachusetts Department of Public Health and approved by the Massachusetts Medical Society for nursing procedures relating to the care of the school child have been followed faithfully, in the schools, under the supervision of the School Physician.

I sincerely appreciate the assistance given me during the year by parents, local physicians, school personnel, and co-health workers.

Respectfully submitted,

MARGARET J. O'DONNELL, R.N.,
School Nurse.

SELECTMEN'S REPORT

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Scituate:

The year 1951 was one of prodigious growth in Scituate, as was evidenced by the tremendous increase in the school population and the extensive home-building projects throughout the Town.

Shore protection continued to be one of our major problems. After the damage to various sections of the sea-wall at Minot in the fall of 1950, a stretch of wall some seven hundred feet long, between Turner Road and Scituate Avenue at the Sand Hills, suddenly cracked, and it became apparent that a major storm would topple the wall, thereby endangering the summer homes located in that area. Hearings with property owners were held at both the Selectmen's Office and the State Department of Public Works, which resulted in a decision to place rip-rap in front of the wall. Later old cracks were filled with cement, and now, at times, sand covers this protecting rim.

An entire day was spent by the Selectmen, Town Engineer, and the Public Works Waterways Engineer in examining our coastline from Humarock to the Glades at Minot. It was the consensus of opinion that at Minot some form of greater protection must be initiated very soon. At a meeting with the Waterways Engineers of Public Works it was pointed out that a stone jetty placed off shore near the Glades rocks would give the proper protection. The jetty would be capped by the rip-rap now lying against the breakwater, and sand would be pumped in against the breakwater, thus restoring the beach at that point. The other vulnerable spot at this time is at Fourth Cliff. Unless rip-rap is placed against the cliff south of the Government installation, the row of houses located on this fringe of cliff will be imperilled.

At a Special Town Meeting October 15th it was voted to purchase from Dr. Danforth, owner of the North Scituate Railroad property a strip of land adjacent to Gannett Road. This acquisition insures additional parking space in the North Scituate business area.

During the summer a committee from the Kiwanis called on the Selectmen to ask them to take over the care of the World War

SELECTMEN'S REPORT

No. 2 Veterans' Memorial in Lawson Park. Since the present memorial is of frame construction, it was felt that a committee should be appointed to erect a memorial of more permanent substance.

The Park Department is in accord with the Selectmen that the parking area at Peggotty Beach should be transferred from their jurisdiction to that of the Selectmen.

During the past year the third section of Gannett Road was completed with the exception of the final top to be placed with the advent of warmer weather. Only one section remains to be constructed, and the boulevard from 3A to North Scituate Beach will be a reality.

The mosquitoes and midges were especially troublesome this year. The wetness of the summer did much to aggravate this condition. Earlier spraying would have been performed, but both helicopters owned by the Land Borne Sprayer Corporation were laid up for repairs. Dr. Gerry, State head of Mosquito Control, promised earlier spraying this year, especially at Musquashcut Pond, which is now scheduled for April. Dr. Gerry further stated that if Scituate were willing to expend seven or eight thousand dollars per year for four or five years, the mosquito problem could be controlled. But to do it at this figure, equipment would have to be mutually owned by several towns and a schedule worked out among them. After the initial expense it would be a question of appropriating only seven or eight hundred dollars per year for maintenance.

During the fall, the Government Army Engineers forwarded to Washington an approved plan for the modification of Scituate Harbor. This change would result in an enlargement of the Yacht Club mooring basin and a deepening of the channel from the Town Pier to a new basin in the rear of Cole Parkway.

The Selectmen attended the Spring meeting of the Plymouth County Selectmen's Association in East Bridgewater and the Fall meeting at Hanover Town Hall; the Winter meeting of the North Scituate Beach Improvement Association in Boston; and the Scituate Beach Association banquet at the Sand Hills.

The Board appeared before the State House Committee on Municipal Finance to seek permission for the Town to exceed the debt limit in the construction of the addition to the High School, and before the Public Utilities Committee to favor through bus service from Scituate to Boston. A Selectman attended the Commencement exercises of the Police School at Framingham, the first such school conducted by the State for small towns.

SELECTMEN'S REPORT

The paramount problems at the present time appear to be the provision of adequate shore protection, the improvement of our water system, and an increase in our school facilities.

Respectfully submitted,

ROBERT H. TILDEN

W. OTIS ANDREWS

WILLIAM F. SLATTERY

TOWN CLERK'S REPORT

REPORT OF THE TOWN CLERK

ANNUAL TOWN MEETING

March 5, 1951

At a legal meeting of the inhabitants of the Town of Scituate, qualified to vote in Elections and Town Affairs, held at the High School Auditorium in said Scituate on Monday, the fifth day of March, 1951, at 7 o'clock P.M.; order was called by Moderator Philip S. Bailey.

The warrant was read by Town Clerk William M. Wade.

The voting list was used; checkers were Charlotte L. Chessia, Ruth M. Meyers, John J. Lonergan and Barbara Tobin.

Tellers appointed by the Moderator and sworn by the Town Clerk were: J. George Vollmer, William J. Mays, Lawson C. Vickery, Kilby P. Smith, Jr., Andrews Wyman and John E. Bamber.

ARTICLE 1

To choose all the necessary Town Officers other than those elected by ballot, viz: Surveyor of Lumber, Measurer of Wood and Bark, two or more Field Drivers, one Pound Keeper.

VOTED: Surveyor of Lumber and Measurer of Wood and Bark: Russell L. Fish.

Field Drivers: Ernest M. Damon, Lawson C. Vickery.

Pound Keeper: Augustus L. Abbott.

ARTICLE 2

To hear the report of the Selectmen or other Town Officers and Standing Committees, and act thereon.

The Planning Board made a report, and it was voted to accept along with other reports as printed in the Town Report.

ARTICLE 3

Will the Town vote to establish salaries and compensation of all elected Town Officers, or act thereon?

VOTED: That the Town establish salaries and compensation of all elected Town Officers as recommended by the Advisory Com-

TOWN CLERK'S REPORT

mittee in their 1951 printed report, and that salaries and compensation be made retroactive to January 1, 1951, and furthermore that all salaries and compensation be less any retirement allowances received by such officers. Voice vote.

Selectmen: Chairman, \$1,650.00 and legitimate expenses. Other members \$770.00 each and legitimate expenses.

Board of Public Welfare: Chairman, \$500.00 and legitimate expenses. Other members \$400.00 each and legitimate expenses. This sum shall include their charges for all services performed by them and either of them.

Assessors: Chairman, \$3,500.00 and legitimate expenses. Other members \$825.00 each and legitimate expenses.

Highway Surveyor: \$4,160.00.

Town Collector: \$3,500.00 and legitimate expenses. All demand fees to accrue to the Town.

Town Treasurer: \$3,000.00 and legitimate expenses.

Tree Warden: \$440.00.

Town Clerk: \$1,720.00 and legitimate expenses.

Board of Health: Divided as follows: Secretary \$770.00 and legitimate expenses. Other members \$440.00 each and legitimate expenses. This sum shall include their charges for all services performed by them, other than the inspection of meat, plumbing and cattle.

Park Commissioners: Each member shall be paid for actual labor performed by them at the same rate as skilled labor in the Highway Department, namely \$1.27 per hour and their employees \$1.18 per hour.

Water Commissioners: Chairman \$385.00 and legitimate expenses. Other members \$330.00 and legitimate expenses.

Moderator: Per annum \$125.00.

ARTICLE 4

To see if the Town will vote to raise and appropriate, or transfer from available funds in the Treasury, such sums of money as may be necessary to defray expenses estimated for the year 1951 and make appropriations for the following Departments:

ARTICLE 5

To hear the report of any committee theretofore chosen, or
act thereon.

VOTED: Yes.

ARTICLE 6

To see if the Town will authorize the Board of Public Welfare
to contract at their discretion for support of the Town's poor, or
act thereon.

VOTED: To so authorize.

TOWN CLERK'S REPORT

ARTICLE 7

To see if the Town will authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year, beginning January 1, 1952 and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Sec. 17, Chapter 44, G. L.

VOTED: To authorize the Town Treasurer with the approval of the Selectmen to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1952, and to issue a note or notes therefor, payable within one year and to renew any note or notes as may be given for a period of less than one year in accordance with Sec. 17, Chapter 44, General Laws. Unanimous vote.

ARTICLE 8

Will the Town vote to have all the income from the Water Department paid to the Town Treasurer, and estimated receipts used by the Assessors in fixing the tax rate for the current year?

VOTED: Yes.

ARTICLE 9

Will the Town vote to raise and appropriate the sum of \$10,000.00 to the Reserve Fund or transfer the whole or any part thereof from any available funds, or act thereon?

VOTED: That \$10,000.00 be transferred to the Reserve Fund.

ARTICLE 10

Will the Town vote to raise and appropriate the sum of \$500.00 to meet foreclosure costs on tax titles, or act thereon?

VOTED: To raise and appropriate \$500.00.

ARTICLE 11

Will the Town raise and appropriate the sum of \$150.00 for Channel markings and regulations of the usage of the North River from Humarock Beach to the sea, or act thereon?

VOTED: To raise and appropriate \$75.00.

ARTICLE 12

Will the Town raise and appropriate the sum of \$70.00 for payment of dues for a yearly membership in the Maritime Division

TOWN CLERK'S REPORT

of the Boston Chamber of Commerce, or act thereon?

VOTED: To raise and appropriate \$70.00.

ARTICLE 13

To see if the Town will raise and appropriate \$2,760.00 to cover the cost of supervision and control of the Clam Flats within the Town of Scituate, or act thereon.

VOTED: To raise and appropriate \$2,760.00.

ARTICLE 14

To see if the Town will authorize the Selectmen to control, regulate or prohibit the taking of eels and any or all kinds of shellfish and sea worms within the borders of the Town of Scituate and such other authority as is provided in Sec. 52 of Chapter 130 of the G. L. as inserted therein by Chapter 598 of the Acts of 1941, or take action in relation thereto.

VOTED: To so authorize.

ARTICLE 15

To see if the Town will vote to raise and appropriate a sum of money to remodel the present high school building and to construct and equip and furnish a building addition thereto, and determine how the money shall be raised, by transfer or any available funds and by borrowing or otherwise; or take any action relative thereto.

VOTED: That the sum of \$60,000.00 be raised and appropriated for the purpose of remodeling the present High School building, said appropriation to be provided for by transfer: \$60,000.00 from available funds in the treasury; and that the sum of \$920,000.00 be raised and appropriated for the purpose of constructing an addition to the present High School building and for originally equipping and furnishing the said addition, and that to meet said appropriation the sum of \$25,259.25 be appropriated by transfer from the unexpended balance of funds appropriated October 4, 1948, for constructing the Elementary School building which is now completed, and that the sum of \$12,830.08 be appropriated by transfer from the Post War Saving Fund Account, and the sum of \$9,000.00 be appropriated by transfer from the Real Estate Sales Account, and the sum of \$2,910.67 be appropriated by transfer from available funds in the treasury; and that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$870,000.00 under authority of Chapter 12 of the Acts of 1951, and to issue bonds or notes of the Town therefor,

TOWN CLERK'S REPORT

payable in accordance with the provisions of said Chapter 12 and Chapter 44 of the General Laws, so that the whole loan shall be paid in not more than twenty years from the date of issue of the first bond or note, and that the School Building Committee appointed under authority of Article 58 of the warrant for the Town Meeting held March 4, 1950 be and is hereby authorized to enter into all contracts and agreements and to do all thing that are necessary to remodel the High School building and to construct, furnish and equip the addition to the building.

Yes 383, No 211. First vote Not a 2/3 vote.

Yes 412, No 196. Second vote Required 2/3 — 406.

ARTICLE 16

To see if the Town will vote to transfer an amount not to exceed \$50,000.00 from the Excess and Deficiency Account to be used by the Assessors in reducing the taxes for the current year.

VOTED: To transfer \$50,000.00 from the Excess and Deficiency Account for use of Assessors. Unanimous vote.

ARTICLE 17

To see if the Town will vote to transfer the proceeds of the Dog Fund received from the County to Libraries and that the amount be equally divided between the Peirce Memorial at North Scituate and the Allen Memorial at Scituate, or act thereon.

VOTED: To so transfer.

ARTICLE 18

To see if the Town will raise and appropriate the sum of \$350.00 for the purpose of providing quarters for the Satuit Post 3169, Veterans of Foreign Wars, in accordance with the provisions of G. L., Chapter 40 (Ter. Ed.) Section 9, or act thereon.

VOTED: To raise and appropriate \$350.00.

ARTICLE 19

To see if the Town will raise and appropriate the sum of \$700.00 for the care of Soldiers' neglected graves in accordance with the provisions of the G. L., Chapter 115 (Ter. Ed.) or act thereon.

VOTED: To raise and appropriate \$700.00.

ARTICLE 20

To see if the Town will raise and appropriate \$100.00 for County Aid to Agriculture, and choose a Town Director as pro-

TOWN CLERK'S REPORT

vided in Sections 41 and 45 of Revised Chapter 128 of the G. L., or act thereon.

VOTED: To raise and appropriate \$100.00; Ruth M. Meyers, Town Director.

ARTICLE 21

To see if the Town will raise and appropriate the sum of \$1,200.00 for the maintenance and improvement of the Town Forests, or act thereon.

VOTED: To raise and appropriate \$900.00.

ARTICLE 22

Will the Town raise and appropriate \$1,500.00 for the clearing of stones and stumps on the Town's roadsides?

VOTED: To indefinitely postpone.

ARTICLE 23

To see if the Town will raise and appropriate the sum of \$7,350.00 to cover the expenses and disbursements of the Retirement Systems and Pensions for 1951, or act thereon.

VOTED: To raise and appropriate \$7,350.00.

ARTICLE 24

Will the Town appropriate a sum of money up to \$200.00 for the purpose of stocking ponds and other inland water located within the Town limits with fish and of liberating game, as defined in Sec. 1, Ch. 129A, within said limits and to meet the necessary expenses incidental thereto, including the feeding of game so liberated, as provided in Ch. 142 of the Acts of 1938, or act on anything relating thereto?

VOTED: To raise and appropriate \$200.00.

ARTICLE 25

Will the Town rescind its action taken at the Special Meeting of July 2, 1948, establishing a Housing Authority and relieve its members of further responsibility thereunder, and transfer its unexpended balance of appropriation, amounting to \$370.07, to the Excess and Deficiency account?

VOTED: To rescind and transfer the unexpended balance of appropriation amounting to \$370.07 to the Excess and Deficiency Account.

TOWN CLERK'S REPORT

ARTICLE 26

To see if the Town will raise and appropriate a sum of \$1,400.00 to replace the automobile being used by the Fire Department and authorize the Chief of the Fire Department with the co-operation of the Selectmen to sell the automobile, or use the same for trade-in value on the purchase of new car, or act thereon.

VOTED: To raise and appropriate \$1,400.00.

ARTICLE 27

To see if the Town will raise and appropriate the sum of \$3,300.00 to purchase the following equipment for the Highway Department: Two used Dump Trucks, and that the Highway Department be authorized to sell, or use as a trade-in value, the following equipment now in the Highway Department: One 1938 Dodge chassis, One 1940 Ford dump truck.

VOTED: To raise and appropriate \$3,300.00.

ARTICLE 28

Will the Town raise and appropriate a sum of money for the extension of water mains, of not less than six inches diameter nor more than twelve inches diameter, or act thereon?

VOTED: To raise and appropriate \$5,000.00.

ARTICLE 29

Will the Town raise and appropriate a sum of money for repairs and maintenance of the Lawson Tower, or act thereon?

VOTED: To raise and appropriate \$2,000.00.

ARTICLE 30

Will the Town raise and appropriate a sum of money as part of an approved five-year plan, to reinforce the water system along Kent Street, from Gilson Road to First Parish Road, by increasing the supply line capacity from the pumping stations to Scituate Harbor, or take any action thereon?

VOTED: No.

ARTICLE 31

To see if the Town will raise and appropriate the sum of \$900.00 to provide Life Guards and certain necessary equipment for Sand Hills Beach, or act thereon.

VOTED: To raise and appropriate \$500.00.

TOWN CLERK'S REPORT

ARTICLE 32.

To see if the Town will raise and appropriate the sum of \$1,927.75 to enable the Selectmen to continue the Greenhead Fly and Midge Control project within the Town areas, as per Chapter 252, Section 24 of the G. L.

VOTED: To raise and appropriate \$1,927.75.

ARTICLE 33

To see if the Town will vote to raise and appropriate, or transfer from available surplus funds an amount not exceeding \$1,000.00 for Land Damages resulting from the extension of Gannett Road, sometimes known as Gannett Street, from the end of the present County layout easterly to the land of Charles H. Innes, as shown on Decree Plan Number 1070 filed in the office of the Selectmen and the Town Clerk.

VOTED: To raise and appropriate \$1,000.00.

ARTICLE 34

To see if the Town will raise and appropriate the sum of \$6,500.00 to be used in conjunction with such sums of money as may be allotted by the Department of Public Works of the Commonwealth of Massachusetts and County of Plymouth, or either one of them, for the continuation of new construction on Gannett Road under Chapter 90, or act thereon.

VOTED: To raise and appropriate \$6,500.00.

ARTICLE 35

To see if the Town will raise and appropriate \$11,000.00 for Shore Protection. The Board of Selectmen being authorized to arrange for the expenditure of part or all of said sum in conjunction with any sums already appropriated or to be appropriated by the County of Plymouth and the Commonwealth of Massachusetts or either of them, or act thereon.

VOTED: To raise and appropriate \$11,000.00.

ARTICLE 36

To see if the Town will assume liability in the manner provided by Sec. 29 of Chapter 91 of the G. L. for all damages that may be incurred by work to be performed by the Department of Public Works of Massachusetts for the improvement, development, maintenance and protection of rivers, harbors, tidewater and foreshores, in accordance with Sec. 11 of Chapter 91 of the G. L., and

TOWN CLERK'S REPORT

authorize the Selectmen to execute and deliver a bond of indemnity therefor to the Commonwealth.

VOTED: To assume liability and so authorize Selectmen.

ARTICLE 37

To see if the Town will raise and appropriate a sum of \$600.00 to replace one of the Motor Vehicles being used by the Police Department and authorize the Chief of Police, with the co-operation of the Selectmen, to sell one of the Motor Vehicles, or use the same for trade-in value on the purchase of a new Police car, or act thereon.

VOTED: To raise and appropriate \$600.00.

ARTICLE 38

To see if the Town will raise and appropriate the sum of \$500.00 for a series of band concerts to be given during the summer season, or act thereon.

VOTED: To raise and appropriate \$500.00.

ARTICLE 39

To see if the Town will vote to raise and appropriate \$2,200.00 for the purpose of painting the interior of the Town Hall building, or act thereon.

VOTED: No.

ARTICLE 40

Will the Town authorize the Selectmen to sell a small triangular parcel of registered land containing 391 square feet for \$5.00 and recording costs? Said parcel being located on the northerly side of Wellesley Road and being held under tax title.

VOTED: To authorize the Selectmen to sell for \$5.00 and costs a small triangular parcel of registered land containing approximately 391 square feet, said parcel being located on the northerly side of Wellesley Road and being held under tax title.

ARTICLE 41

To see if the Town will vote to raise and appropriate the sum of \$3,500.00 to re-grade and pave the Town Parking Area on Jericho Road, or act thereon.

VOTED: To indefinitely postpone.

TOWN CLERK'S REPORT

ARTICLE 42

To see if the Town will vote to accept the provisions of Section 97A of Chapter 41 of the General Laws (Ter. Ed.) as inserted by Chapter 595 of the Acts of 1948, which provides generally for the establishment of a Police Department to be under the supervision of a chief of police who shall be in immediate control of property used by said department and of the police officers whom he shall assign to their respective duties and who shall obey his orders, or act on anything relating thereto.

VOTED: To accept the provisions of Section 97A of Chapter 41 of the General Laws (Ter. Ed.) as inserted by Chapter 595 of the Acts of 1948.

ARTICLE 43

Will the Town raise and appropriate the sum of \$3,751.00 for the purpose of constructing a rifle range in the basement of the New Elementary School or act thereon?

VOTED: No.

ARTICLE 44

Will the Town authorize the Selectmen to survey Mann Lot Road, from the State Highway to the intersection of Grove Street and Clapp Road. And that the cost of same be taken from the Highway appropriation, or act thereon?

VOTED: To authorize the Selectmen to survey Mann Lot Road from the State Highway to the intersection at Grove Street and Clapp Road and submit the matter to a later Town Meeting.

ARTICLE 45

Will the Town authorize the Town Accountant to transfer the following unused balances of special appropriations to the Excess and Deficiency Account?

Purchase of Police Cars	\$13.00
Alterations — Humarock Fire Station	325.00
Land Damage — Julian Street	200.00
Minot Parking Space	8.27
Cedar Crest and Cedar Hill Lane	1.27
Foam Road39
Purchase of Pick-up Truck — Highway	85.20
Purchase of Pick-up Truck — Park	17.43
Taking of Land — Water Supply	500.00
	<hr/>
	\$1,150.56

TOWN CLERK'S REPORT

VOTED: To transfer \$1,150.56 of unused balances to the Excess and Deficiency Account.

ARTICLE 46

Will the Town raise and appropriate the sum of \$426.34 for the payment of bills of the previous year, said payments to be as follows:

1950 Bill of Franklin Publishing Co.....	\$17.25
1950 Bill of Standard-Modern Printing Co.	22.00
(Elections and Registrations)	
1950 Bill of Scituate Greenhouses	15.00
(Armistice Day)	
1950 Bill of Jerome F. Crowley	36.50
(Director of Veterans' Services)	
1950 Bill of Alfred C. Blake	184.28
(Law Department)	
1950 Bill of Brockton Edison Co.	3.11
1950 Bill of Sidney F. Gates	6.95
1950 Bill of First National Stores, Inc.	104.00

(Welfare Department)	
	<hr/>
	\$426.34

VOTED: To raise and appropriate \$426.34.

ARTICLE 47

To see if the Town will accept the layouts of the Selectmen in accordance with a plan on file at the Town Clerk's Office, making parts of Julian, Franklin and Alden Streets and all of Ocean Drive Town Ways and raise and appropriate the sum of \$4,725.00 for the construction and to pay for land damages, or act thereon.

VOTED: Not to accept.

ARTICLE 48

To see if the Town will accept the layouts of the Selectmen in accordance with a plan on file at the Town Clerk's Office, making Clifton and Thomas Avenues Town Ways.

VOTED: To accept.

ARTICLE 49

To see if the Town will accept the layout of the Selectmen in accordance with a plan on file at the Town Clerk's Office making

TOWN CLERK'S REPORT

Tenth Avenue a Town Way and raise and appropriate the sum of \$2,450.00 to pay for construction, or act thereon.

VOTED: To raise and appropriate \$2,450.00 and accept layout of Selectmen in accordance with the plan on file at the Town Clerk's Office, making Tenth Avenue a Town Way, and that each parcel and or abutter thereof be assessed a proportionate share of the cost of construction.

ARTICLE 50

To see if the Town will accept the layout of the Selectmen in accordance with a plan on file at the Town Clerk's Office making Carver Avenue a Town Way and raise and appropriate the sum of \$5,000.00 to pay for construction, or act thereon.

VOTED: To raise and appropriate \$5,000.00 and accept layout of Selectmen in accordance with the plan on file at the Town Clerk's Office, making Carver Avenue a Town Way, and that each parcel and or abutter thereof be assessed a proportionate share of the cost of construction. Yes 62, No 53.

ARTICLE 51

To see if the Town will raise and appropriate the sum of \$20,750.00 to be used in conjunction with such sums of money as may be allotted by the Department of Public Works of the Commonwealth of Massachusetts, the County of Plymouth and raised and appropriated by the Town of Marshfield, or any one of them, for the construction of a Bridge without draw between the Town of Scituate and the Town of Marshfield, or act thereon.

VOTED: To raise and appropriate \$20,750.00 to be used in conjunction with money allotted or provided by the Department of Public Works of the Commonwealth of Massachusetts, the County of Plymouth, the Towns of Scituate and Marshfield, and to meet said appropriations that the sum of \$4,750.00 be transferred from surplus revenue and that the Treasurer with the approval of the Selectmen be and hereby is authorized to borrow \$16,000.00 and issue bonds or notes of the Town therefor payable in not more than ten years in accordance with the provisions of Chapter 44 of the General Laws. Yes 136, No 51.

ARTICLE 52

Will the Town raise and appropriate the sum of \$2,000.00 for Civilian Defense, or act thereon?

VOTED: To raise and appropriate \$2,000.00.

TOWN CLERK'S REPORT

ARTICLE 53

Will the Town vote to amend its Zoning By-Law by adding to Section 3 the following or act thereon:

(a) *Area Regulation:*

No building shall be erected in a residential district on a lot containing less than 10,000 square feet or less than 100 feet wide. The lot width shall be measured at the way line or the set back line. Only one building for residential purpose shall be built on any one lot of less than 20,000 sq. ft. This section with all its specifications shall not apply to any single lot which was planned, plotted and recorded as such before April 20, 1946, the date that the Town of Scituate first adopted its Building Code.

(b) *Set Back:*

Set back shall be 30' from the street line where no building line is already established. When present buildings on adjoining lots are less than thirty feet from the way line, new buildings may be placed as near the way line as the average of the buildings on adjoining lots. A vacant lot shall be treated as though occupied by a building set back 30 feet. No building, residential or non-residential, shall be erected nearer than 8' to the side or rear of lot lines, except by permission of the Board of Appeals after adjoining property owners and other interested parties have been notified.

Will the Town further amend its Zoning By-Laws by deleting Paragraph 10 which reads as follows:

(10) A private garage with space for not more than three automobiles, to be used in connection with and as an incident of one of the foregoing purposes, provided, as to each such garage that after a public hearing by the Board of Selectmen fourteen days notice of which shall be published in the local newspaper and mailed to the last known address of each owner of property within five hundred feet of the proposed location, the Selectmen shall rule that such garage will not be detrimental or injurious to the neighborhood.

And adopting the following: (10) A private garage with space for not more than three automobiles to be used in connection with and as an incident of one of the foregoing purposes.

Declared illegal by the Moderator. Not acted upon.

ARTICLE 54

Will the Town vote to amend its Building By-Law by the deletion of Article 5 which reads as follows or act thereon:

Section 1. *Area Regulation:* Minimum residential lot size

TOWN CLERK'S REPORT

shall be 10,000 feet in area with a minimum of 100 feet frontage, except those lots that were planned, plotted and recorded before April 20, 1946, the date that the Town of Scituate first adopted its Building Code. Only one (1) building for residential purpose shall be built on any one lot of less than 20,000 sq. ft.

Section 2. Setback: Setback shall be 30' from street line where no building line is already established. No building, residential or non-residential, shall be erected nearer than 8' to the side or rear of lot lines, except by permission of the Board of Appeals after adjoining property owners and other interested parties have been notified.

VOTED: To indefinitely postpone.

ARTICLE 55

Will the Town further amend its Building By-Law by inserting the following paragraph to be designated as Section 7 Article 7 and entitled "Gas Fitting."

Article 7, Section 7.

GAS FITTING

(a) No person, or persons, shall construct, extend, or alter any system of pipes for the conveyance, distribution, or use of gas, or install any gas appliance, unless he is lawfully registered with the Building Commissioner.

(b) All concealed, painted, or coated gas piping and fittings shall be tested at the request of and in the presence of the Commissioner, or his agent, in a manner satisfactory to the inspector.

(c) Defective, or second hand pipe, or fittings, shall not be used unless such materials meet the requirements of new pipe and fittings. No sweated joints shall be used on pipe conveying gas inside of buildings. All materials shall be subject to the Commissioner's approval.

(d) All gas appliances are subject to the approval of the Commissioner.

(e) Every gas appliance, where required, shall be connected to an effective flue, or outlet pipe to the outer air. In cases where the flue pipe does not enter a chimney, the flue pipe shall enter a vertical stack terminating with a suitable device installed to prevent a down draft. The flue, or pipe, where extending through from floor to floor to roof, located inside partitions, or walls, or extending through wall or partitions, shall have at least 1½" clearance from all combustible materials, or otherwise as the Commissioner may require. A pitch or rise of at least 1¼" to the foot shall be maintained.

TOWN CLERK'S REPORT

No vent pipe shall enter the chimney or flue at a lower level than the outlet of the appliance.

(f) The cross sectional areas of flues, or vents, for gas burning appliances shall not be less than one square inch per 7,500 hourly B.T.U. input and in no case, shall this section be less than 3 inches in diameter.

VOTED: To so amend. Voice vote.

Approved — October 2, 1951.

Francis E. Kelley, Attorney General.

ARTICLE 56

Will the Town vote to amend its Zoning By-Laws by adding the following section, or take any action thereon:

Section 12. No loam, top soil, sand, gravel or so-called fill shall be removed from any area in Scituate for commercial purposes, unless a variance is granted by the Zoning Board of Appeals after a public hearing.

VOTED: Declared illegal by the Moderator. Not acted upon.

ARTICLE 57

Will the Town vote to instruct the Moderator to appoint a committee of seven (7) persons, including at least 2 members of the Advisory Committee and at least 2 members of The Planning Board, to further consider the advisability of adoption by the Town of Scituate of a selectmen-manager form of Town government, and to report its recommendations to the Town on or before the next annual Town Meeting, and appropriate the sum of \$100.00 for investigative expenses of said committee, or take any other action in relation thereto.

VOTED: To so instruct the Moderator, and raise and appropriate \$100.00.

The meeting adjourned at 12:10 A.M.

Attest: WILLIAM M. WADE,
Town Clerk.

SPECIAL TOWN MEETING
October 15, 1951

At a legal meeting of the inhabitants of the Town of Scituate qualified to vote in Elections and Town Affairs held at the High School Auditorium in said Scituate on Monday, the 15th day of October, 1951, at 8 o'clock P.M.; the meeting was called to order by Moderator Philip S. Bailey.

The check list was used, checkers being Ruth M. Meyers and Barbara Tobin.

The warrant was read by Town Clerk William M. Wade.

Tellers appointed by the Moderator and sworn by the Town Clerk were John E. Bamber, Kilby P. Smith, Jr., Joseph V. Feeley, Nels H. Sandberg, and Fred S. Gilley.

ARTICLE 1

To see if the Town will raise and appropriate, or transfer from available funds, the sum of \$9,000.00 to purchase from the North Scituate Investment Corporation a certain parcel of land adjacent to the North Scituate Railroad Station, containing 23,518 square feet, for parking and highway purposes. Said parcel is shown on a plan on file in the office of the Town Engineer at the Town Hall.

VOTED: That the Town transfer from the Excess and Deficiency Fund the sum of \$9,000.00 to purchase from the North Scituate Investment Corporation a certain parcel of land adjacent to the North Scituate Railroad Station, containing 23,518 square feet, for parking and highway purposes; said parcel being shown on a plan on file in the office of the Town Engineer at the Town Hall. Yes 336, No 64.

ARTICLE 2

Will the Town raise and appropriate, or transfer from available funds, the sum of \$3,000.00 for the purpose of adding four

TOWN CLERK'S REPORT

police officers to the police force thereby enabling the Police Department to establish a three-platoon system.

VOTED: That the Town transfer from the Excess and Deficiency Fund the sum of \$3,000.00 for the purpose of adding four police officers to the police force thereby enabling the Police Department to establish a three-platoon system. Unanimous vote.

ARTICLE 3

To see if the Town will vote to accept the provisions of Chapter 820 of the Acts of 1950 which provides for an increase of \$100.00 in the annual amounts of certain pensions for employees separated from the service by retirement prior to November 1, 1949, and at the time of such separation from service had at least fifteen years of creditable service.

VOTED: That the Town accept the provisions of Chapter 820 of the Acts of 1950. Voice vote.

ARTICLE 4

Will the Town appropriate from available funds in the Treasury, the sum of \$15,000.00 to install a water main 10 inches in diameter, along Kent Street, from Gilson Road to Edward Foster Road, for the purpose of reinforcing the water system, to and in Scituate Harbor, in accordance with an approved five-year plan, thereby increasing the supply line capacity from the pumping stations to Scituate Harbor, or take any action thereon?

VOTED: That the Town appropriate from available funds in the Treasury, the sum of \$15,000.00 to install a water main 10 inches in diameter, along Kent Street, from Gilson Road to Edward Foster Road, for the purpose of reinforcing the water system, to and in Scituate Harbor, in accordance with an approved five-year plan, thereby increasing the supply line capacity from the pumping stations to Scituate Harbor. Voice vote.

ARTICLE 5

Will the Town vote to transfer from the Excess and Deficiency Fund the sum of \$6,500.00 to be used by the Highway Department for the construction of drainage, or act thereon?

VOTED: To transfer \$6,500.00 from the Excess and Deficiency Fund. Voice vote.

ARTICLE 6

Will the Town vote to transfer from the Excess and Deficiency Fund an amount not to exceed \$8,000.00 to be used by the High-

TOWN CLERK'S REPORT

way Department for snow removal purposes during the months of November and December 1951, or act thereon?

VOTED: To transfer \$5,000.00 from the Excess and Deficiency Fund. Voice vote.

ARTICLE 7

To see if the Town will vote to amend the Zoning By-Laws of the Town of Scituate by inserting after Section 3, sub-section 10, the following sub-section. (11) Funeral home, if authorized by the Board of Appeals.

VOTED: Yes 210, No 115. Not accepted — 2/3 vote required. The meeting was declared adjourned at 10:20 P.M.

Attest: WILLIAM M. WADE,
Town Clerk.

SPECIAL TOWN MEETING

December 18, 1951

Lacking the required quorum of 100 registered voters, it was voted to adjourn the meeting to January 8, 1952.

Attest: WILLIAM M. WADE,
Town Clerk.

TOWN CLERK'S REPORT

Parents, be sure to record the birth of your child with given name in full.

READ THE LAW!

"Parents, within forty days after the birth of a child, and every householder, within forty days after a birth in his house, shall cause notice thereof to be given to the clerk of the town where such a child is born." General Laws, Chapter 46, Section 6.

SOME OF THE REASONS WHY BIRTHS SHOULD BE RECORDED

To establish identity.

To prove nationality.

To prove legitimacy.

To show when the child has a right to enter school.

To show when the child has the right to seek employment under the child labor laws.

To establish the right of inheritance of property.

To establish liability to military duty, as well as exemption therefrom.

To establish the right to vote.

To qualify to hold title to, and to buy and sell real estate.

To prove the age at which the marriage contract may be entered into.

To establish the right to hold public office.

To make possible statistical studies of the health conditions.

Your co-operation to the end that all births may be properly recorded will be greatly appreciated.

Blanks for returns of births will be furnished upon application to parents, householders, physicians, and registered medical offices as provided in Chapter 46, Section 15, General Laws.

Attest: WILLIAM M. WADE,
Town Clerk.

DEATHS REGISTERED IN SCITUATE FOR THE YEAR 1951

BOARD OF REGISTRAR'S REPORT

REPORT OF THE
BOARD OF REGISTRARS

Meetings held for Registration of Voters in 1951:

February 5	Town Clerk's Office
February 7	North Scituate Fire Station
February 9	Scituate Harbor Fire Station
February 13	Town Hall

Continuous Registration of Voters, Chapter 51, Section 33, General Laws — In towns having six hundred or more registered voters, any person shall be registered during regular business hours on application except during such times as registration is not permitted by law.

In the year 1951 there were 208 names added to the voting list by registrations, while 143 names were dropped because of deaths and change of residence, resulting in a gain in registration of 65.

Registered Voters in the Town of Scituate on December 31, 1951:

Males	2,015
Females	1,954
<hr/>	
Total	3,969

The attention of interested parties is called to Chapter 51, Section 2 of the General Laws, viz: If the name of a female who is duly registered as a voter is changed by marriage or by decree of court, her right to vote in her former name shall continue until January first next following. Adherence to this law requires every female now on the voting list whose name is changed by marriage or by decree of court to appear before the Town Clerk or at an advertised meeting of the Board of Registrars and re-register as a voter if desirous of continuing to vote in Scituate, as her previous name will automatically be stricken from the list.

Respectfully submitted,
BERTHA L. TURNER,
DANIEL J. QUEENEY,
WALTER FLAHERTY,
WILLIAM M. WADE, Clerk,
Board of Registrars of Voters.

CHIEF OF POLICE REPORT

REPORT OF THE
CHIEF OF POLICE

January 10, 1952

To the Honorable Board of Selectmen,
Scituate, Massachusetts
Gentlemen:

I submit herewith the report for the Police Department for
the year ending December 31, 1951.

Arrest Report

Accessory before the fact of abortion	1
Assault and battery	3
Assault on a police officer	1
Breaking and entering in the night time	6
Default warrant	1
Disturbance of the peace	5
Drunkenness	64
Insane	5
Lacavious behavior	2
Larceny	10
Malicious destruction of property	1
Non-support of wife and minor child	1
Not stopping after causing injury to property	2
Open and gross lewdness	2
Operating a motor vehicle in a negligent manner so the lives and safety of the public might be endangered	2
Operating a motor vehicle while under the influence of liquor	8
Operating a motor vehicle after revocation of license	1
Operating a motor vehicle after suspension of license	3
Operating a motor vehicle without being licensed	2
Operating uninsured motor vehicle	1
Operating unregistered motor vehicle	1
Stubborn child	2
Using a motor vehicle without authority	3
Violation of probation	1
Total	128

CHIEF OF POLICE REPORT

Summary of Work Done by Police Department

Bicycle registrations issued	92
Buildings found open	408
Complaints investigated	3168
Defects in street reported	67
Fire alarms answered	92
Investigations made for other departments	54
Motor vehicle accidents investigated	79
Motor vehicle licenses suspended	81
Pistol permits issued	50
Summer homes inspected	7181
Summons served for other departments	217
Street lights reported out	903
Transfer of motor vehicle permits	614

Ambulance

Number of home to hospital trips	189
Number of emergency accident trips	18
Total	207

May I conclude this report with a word of sincere thanks to your Honorable Board, the various town departments and all the citizens of Scituate for the excellent co-operation given the Police Department in the year 1951.

Respectfully submitted,

WILLIAM F. KANE,

Chief of Police.

FIRE DEPARTMENT REPORT

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

The report of the Fire Department for the year 1951 follows:

Apparatus. The apparatus of the department is, with one exception, of the latest type consistent with the various conditions to be met in the several districts in which they are stationed. That is not to say that the equipment is not adequate to cope with conditions outside their several districts. On the contrary, these units are engineered with an eye to the over-all protection of the Town and the specific hazards present in their primary locations. The new engine has been put into service at Station 2 (Humarock) and is performing excellently. Various features incorporated in the design and equipment of this truck will, we are sure, greatly improve the protection offered this section. The exception noted above is Engine 3, the unit currently assigned to the station at North Scituate Village. This piece is now twenty-four years old and, obviously, is not able to deliver the service of a modern unit. This engine should be replaced in the not too distant future.

Stations. The fire stations at Scituate Harbor, Humarock and Minot (Stations 1, 2 and 4 respectively) are in very good repair and require only normal maintenance. The North Scituate station (Station 3) is in very poor condition and at best is not suitable to the needs of the department. As mentioned above the apparatus presently housed there must be replaced by a modern unit. The present building is not adaptable to the garaging of a modern truck and the proper housing of the men stationed there without extensive alterations entailing an investment greatly out of proportion to the returns. It now appears that it is more in line with good business practice to make such repairs as are absolutely necessary to continue the plant until such time as it may be opportune to replace both building and apparatus.

Personnel. The manpower of the department has been increased in the last year by the promotion of two callmen to full paid status. This step has made it possible to have a more nearly adequate crew on duty at all times thereby, in great measure, increasing the efficiency of response to alarms of fire and first aid rescue calls.

FIRE DEPARTMENT REPORT

First Aid. The First Aid and Rescue Service continues to be a not inconsiderable part of the work of the department. The efficiency of this division has been stepped up by the installation of two-way radio communications. This ease of contact between truck and headquarters saves invaluable time in receiving orders, keeping headquarters instantly and continually cognizant of condition at the scene and requesting additional services to be dispatched.

Fire Alarm. The fire alarm division of the department has been augmented by the addition of radio communications. These units were purchased in part with departmental funds and with funds made available for the purpose by the Director of Civil Defense. In addition to the 250 watt base station at fire alarm headquarters, the following units have been equipped: Chief's Car, Rescue Truck, Forest Truck #1 and Engine 4 (Humarock). The Ladder Truck is to be equipped immediately. It is hoped that additional units will be added from time to time until the entire rolling stock of the department is so equipped. This equipment is not only of great value in the operation of the department within the Town but greatly facilitates responses in cases of mutual aid between our Town and the Towns of Cohasset, Hingham, Hull, and Weymouth, all of which operate similar equipment on the same assigned wave-length. The value of this net-work, in the event of enemy action, can be readily appreciated.

Alarms. The fire emergency calls responded to in the year just past were, for the most part, easily handled and with relatively little loss. We bear in mind, however, that an incipient conflagration is easily snuffed out if it is quenched in the first minutes. Promptness of response is, of course, dependent upon promptness of notification. In the past it has been our experience that many persons have been reluctant to call the department until first attempting to fight the fire. Let me impress it upon all that it is far better for the department to return to quarters from a run which proved to be needless than it is to be summoned after a fire has gained dangerous headway because of late notification. Call the fire department — first.

Once again we take the opportunity to express our appreciation of the friendly and helpful relations enjoyed in our work with our fellow townsmen, town officials and the various other departments.

Respectfully submitted,

BARTHOLOMEW A. CURRAN,

Chief.

FOREST FIRE WARDEN'S REPORT

REPORT OF THE FOREST FIRE WARDEN

To the Honorable Board of Selectmen:

The report of the Forest Fire Department for the year 1951 follows:

We are gratified to report that the grass and woods fires during the past year were, for the most part, not of serious proportions. That is to say that those the department was called upon to extinguish were, with few exceptions, easily controlled by the permanent men without recourse to the sounding of the fire alarm.

In great degree this agreeable condition may be attributed to the ever increasing co-operation of the residents of the Town in obtaining permits for open air fires of all kinds. We feel that another factor is the proven policy of the department in burning over recurrent hazards when and if weather allows.

The several forest fire trucks are in good working condition, at this writing, and should give adequate service during the current year.

As noted in the report of the fire department, Forest Fire Truck #1 is now equipped with two-way radio which should be of great value in the work of the department.

Once again the department expresses its appreciation of the help and co-operation of your Board, our fellow townspeople and the personnel and heads of the several other town departments.

Respectfully submitted,

BARTHOLOMEW A. CURRAN,

Chief.

HIGHWAY DEPARTMENT REPORT

REPORT OF THE HIGHWAY DEPARTMENT

To the Citizens of Scituate:

Following is a brief resume of the work accomplished by your Highway Department during the past year of 1951.

Due to the tremendous growth of the Town during the past few years, the steady increase in the cost of road materials and the adding of new streets, it was practically impossible for us to keep up with the demands for service requested of us. However, we feel that we have accomplished many worthwhile highway and sidewalk improvements. The average cost of maintaining a mile of road, according to the Massachusetts Department of Public Works, is \$1600 and we feel that with the appropriation available, we have done very well to maintain our approximately one hundred miles of road.

PATCHING

During the year 1951, 340 tons of bituminous concrete were purchased and 250 tons were made at the plant at Egypt. A patching truck patrols our streets, weather permitting, looking for bad breaks the year round.

DRAINAGE

One of our most serious problems during the year 1951 was the drainage problem and it will continue to be for the next few years. In 1951, we laid 4800 feet of eight and ten inch pipe and constructed 30 catch basins and repaired and cleaned old existing systems. More linear feet of drainage was laid than in any given year in the history of the Town. Despite this fact, we have many more drainage problems which we hope to take care of in 1952.

GUARD RAIL

We constructed 4650 feet of new guard rail. In 1952, we hope the old type guard rail will all be replaced by the new bumper type.

HIGHWAY DEPARTMENT REPORT

STREET CLEANING

As usual, we had a man at Scituate Harbor four days a week, one day a week in North Scituate Village and it was also necessary to put on another man two days a week at Minot Beach, two days a week through the Sand Hills section and one day a week at Humarock. We feel that this service has helped greatly to keep the Town looking clean and presentable.

TRAFFIC REGULATIONS

Two hundred seventy gallons of paint were purchased for street marking. On application to the Department of Public Works, this amount was matched and applied by the State at no additional cost to the Town. It is my opinion that this work is very necessary as it furnishes a guide for the motorist in bad weather and I am planning to continue this work in 1952.

SURFACE TREATMENT

Seventeen miles of our roads were surface treated. It is very important that we keep our streets well sealed as they will break up within a very short time if this work is not done.

RESURFACING ROADS

Beaver Dam Road from the intersection of Branch Street to Cudworth Road, mixed in place.

Cornet Stetson Road, from 3A to the Norwell Line, mixed in place.

Edward Foster Road and Peggotty Beach Road from the intersection of Front Street to the Parking Space, Type I. We still have a problem on Edward Foster Road due to the fact that tides have carried away what protection we had on the Harbor side and it is very necessary that we spend considerable money to protect our investment there.

The dangerous corner on Maple Street was eliminated and also the curve on Clapp Road, west of Summer Street.

At the present time, one of our worst roads in Town is First Parish Road from 3A to Mungo's Corner. However, we did petition the County Commissioners for a new layout which would eliminate the very dangerous corner at Judge Kaplan's estate, but due to the opposition at the meeting at Plymouth, we were unable

HIGHWAY DEPARTMENT REPORT

to carry out these improvements. It will be necessary to resurface this road with adequate drainage during 1952.

Jericho Road from the Yacht Club to Damon Road was widened ten feet, Type I. We still have a drainage problem here which we hope will be taken care of in 1952.

SIDEWALKS

A new sidewalk was built with a curb and guard rail from the corner of Kent Street to the Parking Space at Peggotty Beach.

The old plank sidewalk on Bailey's Causeway was rebuilt and the sidewalk, with curb from the Yacht Club to Damon Road, as promised in 1950, was built.

We hope that this sidewalk program will continue, especially near the new Elementary School. We feel that our children have no protection whatsoever walking to and from the school especially during the winter months.

CHAPTER 90

The cutoff on Gannett Road with drainage and a 3 inch asphalt penetration base was completed and it is our hope that a 2½ inch Type I top will be put on in the year 1952. However, we have our doubts due to the fact that Humarock Bridge will use up the available funds which are usually allotted to us.

GLADES ROAD

Glades Road was rebuilt twice in 1951 and no doubt it will have to be rebuilt many times in 1952. At present it is one of the most expensive roads to maintain that we have, however, we feel that we must keep it open as long as it is a public road, for fire protection.

NEW ROADS ACCEPTED

Tenth Avenue, Carver Avenue, Clifton and Thomas Avenues were built and adequate drainage provided.

BRIDGES

Humarock Bridge has been a constant source of worry to us for the past few years. This bridge was condemned in 1944. However, by patching and by being constantly watchful, we have kept

HIGHWAY DEPARTMENT REPORT

it open to the present time, but in 1952, if it is not rebuilt, it will have to be closed to traffic for safety sake.

Edward Foster Bridge — The retaining wall was reinforced with concrete and steel rods and at the present time, it is in very good condition. However, it has been impossible to keep it well lighted due to vandals breaking the globes. It is our hope that it will be lighted in 1952 by the Electric Light Company by flood lights placed on either end of the bridge.

SNOW REMOVAL

The year 1951 was a relatively mild winter as far as snow removal was concerned. However, we had a tremendous amount of sanding to do, which, by comparison, is much more expensive than plowing snow. We used 35 tons of salt and 3500 tons of sand.

Many people do not realize the tremendous cost that is attached to snow removal. In the Fall, all our trucks, plows and sanders have to be in first class condition, sand and salt purchased and snow fences erected and taken down in the Spring. We have to be prepared for the worst despite the fact that we may have a mild winter.

In conclusion, I wish to thank all departments for their fine co-operation during the past year and also the many citizens whose constructive criticism was most helpful. With this continued co-operation, we know that Scituate can be one of the finest places in which to live. At any time this Department can be of any help, we are more than willing to listen to your problems.

Respectfully submitted,

MATTHEW L. BROWN,

Highway Surveyor.

**REPORT OF THE
BOARD OF PUBLIC WELFARE**

To the Voters of Scituate:

In common with all commodities the cost of the Welfare program for the year 1951 has continued to rise. A cost of living increase of 5.9% was granted by the State to all Old Age Assistance recipients effective October 1, in addition to the Leisure Time Activities grant of \$4 per month to each person on the rolls granted earlier in the year. These extra costs were absorbed with no additional appropriations on the part of the Town by making use of the money received from the Federal Government as its reimbursement of a part of Old Age Assistance costs. Without this Federal money the Town would be required to appropriate much larger sums, but we may be reasonably sure that for every dollar received from this source the people of the Town of Scituate through the many and various Federal taxes have paid at least 50% more.

The Legislature of 1951 then proceeded to further increase Old Age Assistance benefits by establishing higher minimum allowances, and in practically relieving all children of recipients of any financial responsibility for the support of their parents.

In the new law is a provision that the amount of real estate which may be held by a recipient is not restricted as formerly, but demands that a lien be filed and recorded against all such property thereby penalizing the small proportion of recipients fortunate enough to own their homes; these increases will of course be reflected in our budget for 1952.

A further act of the Legislature created a new category of relief called "Disability Assistance" whereby any person not old enough to obtain Old Age Assistance may if disabled be entitled to aid on the same budgetary basis as in Old Age Assistance. What this will cost we do not know accurately but it will add a substantial amount to future appropriations.

Nothing of note has occurred in the administration of the Aid to Dependent Children and Welfare programs, conditions being about the same as in previous years.

No provision was made by the Legislature to increase the benefits paid to Aid to Dependent Children recipients.

SEALER OF WEIGHTS AND MEASURES REPORT

Our case load has become so heavy that in the very near future it will be necessary to employ an additional Social Worker, we being already beyond the State approved limit to be taken care of by one person. At that time it will be necessary to provide additional office room, as our present quarters are entirely too small for even the two employees we have at the present time, together with the necessary desks and files which alone occupy more than half of our present floor space.

The report of the Town Accountant gives a complete statement of the cost of the Welfare program.

We extend our thanks to all individuals, organizations and Town Departments who have assisted us in carrying on our work.

MERCY E. LAVANGE, Chairman,
W. M. BROWN,
FRANKLIN T. SHARP,
Board of Public Welfare.

REPORT OF THE
SEALER OF WEIGHTS AND MEASURES

Honorable Board of Selectmen,
Scituate, Mass.

Gentlemen:

The following is a resume of the work performed by me for the year 1951:

Scales inspected	343
Scales adjusted	12
Peddler's License fees	\$ 50.00
Fees collected	219.20

Respectfully submitted,

FRANK W. DOWD
Sealer of Weights and Measures.

TOWN COUNSEL'S REPORT

REPORT OF THE TOWN COUNSEL

The year 1951 was marked by a very substantial increase in the amount of litigation in which the Town was involved.

In the suit brought against the Town to recover \$500.00 for "legal services and expert assistance" alleged to have been rendered to the Planning Board, the plaintiff appealed from the decision in favor of the Town to the Appellate Division. A brief was prepared for the Town and the case was thereupon argued before the Appellate Division which in due course handed down an opinion affirming the decision of the lower court. The plaintiff then appealed to the Supreme Judicial Court. A brief was prepared and filed for the Town and the case was then argued before the full bench of the Supreme Court which also handed down an opinion affirming the decision of the lower court in favor of the Town. This litigation has therefore been concluded.

As the result of numerous complaints from residents that an individual was removing loam and sand and gravel from an area in an A zone and thereby creating a nuisance because of noise, dust, etc., the selectmen authorized action against the offender. A Bill in Equity was accordingly brought and a temporary restraining order sought and obtained from the Courts. This injunction was continued in effect on the return day of the order of notice so that it would seem that the condition complained of has been effectually corrected.

An appeal was taken to the Superior Court from a decision of the Zoning Board of Appeals. Upon instructions of the Board of Selectmen an answer was filed on behalf of the Zoning Board of Appeals and the appeal is being defended.

An attempt was made to obtain an injunction enjoining the Zoning Board of Appeals from holding a hearing on a petition for a variance. This application was successfully defended and the injunction denied and the hearing was held. An appeal was taken from the decision of the Zoning Board at this hearing and this appeal is also being defended.

Several suits were brought on behalf of the Welfare Department against close relatives of recipients of welfare to compel them to contribute to the support of their respective parents. One of these

TOWN COUNSEL'S REPORT

cases was settled advantageously after the authorization therefor had been obtained from the Welfare Department of the Commonwealth of Massachusetts. Another claim against the estate of a deceased welfare recipient was settled with the approval of the State for \$750.00. The other cases are pending and may be tried or disposed of during 1952.

Negotiations were held over a protracted period both with the N. Y. N. H. & H. Railroad and the purchaser of the North Scituate Railroad Station property with a view of purchasing a substantial portion of this property for highway and parking purposes. An agreement was finally reached and a Special Town Meeting held at which this purchase was authorized.

In addition to the foregoing, advice and opinions were given on a great many occasions to the Selectmen and to the heads of various departments of the Town. Many problems presented have required numerous conferences with the office of the Division of Accounts at the State House. As in the past most of the Selectmen's weekly meetings were attended.

Respectfully submitted,

ALFRED C. BLAKE,
Town Counsel.

**REPORT OF THE
ENGINEERING DEPARTMENT**

Honorable Board of Selectmen,
Gentlemen:

I submit herewith a brief resume of the work accomplished during the past year:

1. Assisted State Engineers in survey and design of approaches to the proposed Humarock Bridge.
2. Gave Engineering assistance to the Chapter 90 construction of Gannett Road cut off.
3. Lines and Grades for construction of Tenth Avenue.
4. Lines and Grades for construction of Carver Avenue.
5. Lines and Grades for construction of Edward Foster Road.
6. Lines and Grades for construction of Peggotty Beach Road.
7. Lines and Grades for construction of Washington Avenue drain.
8. Examined all plans seeking to be registered with the Mass. Land Court.
9. Examined all plans presented to this Department by the Planning Board, and co-operated with Planning Consultant in preparation of the Master Plan.
10. Co-operated with Waterways Engineers on Glades Road repairs and proposed future work.
11. Attended Chapter 90 Road Construction hearings and several Waterways Appropriation hearings in Boston.
12. Furnished numerous street lines and set back lines for new homes in conjunction with the Building Commissioner.
13. Assigned Street Numbers for new buildings.
14. Assisted the Assessors with new lots, subdivisions and areas.
15. Prepared Highway Layout Acceptance plan for Carver Avenue.

ENGINEERING DEPARTMENT REPORT

16. Prepared Highway Layout Acceptance plan for Thomas and Clifton Avenues.

17. Prepared Highway Layout Acceptance plan for Ocean Drive, Julian, Franklin and Alden Streets, Humarock.

18. Prepared Highway Layout Acceptance plan for Tenth Avenue.

19. Furnished necessary information for several Zoning Variance Hearings.

20. Have given many hours of Engineering services to Attorneys examining Land Titles and to prospective home owners in Scituate.

21. Considerable progress has been made in revising the Assessors' Maps.

As in the past, each succeeding year demands that more time be given to our Foreshore Protection problems and the coming year will demand many hours due to an expanded appropriation by the Commonwealth for Shore Protection work.

Respectfully submitted,

JOHN E. BAMBER,
Town Engineer.

ASSESSORS' REPORT

PARK COMMISSIONERS' REPORT

REPORT OF THE PARK COMMISSIONERS

January 15, 1952

To the Citizens of Scituate:

The following is a report of our work for the year ending 1951.

We have completed all the work under our care, to the best of our ability, and with fair weather and a good use of fertilizer have kept the parks and small lots in good condition.

We have also painted the Old Lighthouse tower at the Sandhills and the "Old School" at the west end.

We wish to extend our thanks to all who have assisted us during the past year.

Respectfully submitted,

FRANCIS C. CURRAN, Chairman,
EDWARD A. COLE,
ROY C. MERRITT.

**REPORT OF THE
SUPERVISOR CARE OF VETERANS' GRAVES**

January 11, 1952.

To the Honorable Board of Selectmen,
Scituate, Mass.

Gentlemen:

I submit my report as Supervisor of Veterans' Graves in the Town of Scituate for the year 1951.

I have faithfully inspected all cemeteries from time to time and have found all graves in good condition.

Once again I would like to remind all caretakers that they should report to me, in writing, whenever a Veteran is interred in their respective cemeteries.

I wish to thank all who are continuing to assist me in my efforts.

Respectfully submitted,

ELMER F. RAMSDELL,
Supervisor Care of Veterans' Graves.

TREE WARDEN'S REPORT

REPORT OF THE TREE WARDEN

January 15, 1952

To the Board of Selectmen,
Town Hall,
Scituate.

Gentlemen:

During the 1951 season 123 new maple trees were planted on our roadsides. It has been a good growing year and all of these trees have lived and look good. Most of these trees have been planted on streets where new homes have been built.

The Dutch Elm disease increased from 23 trees last year to 53 trees diseased this year. These trees have been removed and all the wood and brush burned as required by the State. We are also carrying on the spraying as the State recommends. No cure for this disease has been found yet but progress has been made and some of the new chemicals found to be effective at the experimental stations are expected to be a big help this year. We are doing all that the University of Massachusetts Shade Tree Laboratory recommends.

We have had a normal year in other insects. The ticks were in the same areas as in previous years and do not seem to be any worse. No gypsy moth was found in our Town and we hope this continues.

Our roadsides have been mowed and cleared and all corners cleared for driving safety.

Respectfully submitted,

JOHN W. FORD,
Tree Warden.

**REPORT OF THE
WATER SUPERINTENDENT**

December, 1951

Scituate Water Commissioners,
Gentlemen:

Following is the twentieth annual report to the Scituate Water Commissioners setting forth the work that has been accomplished during 1951, with recommendations for future consideration:—

Several hydrants have been set on the older mains in service at points that have developed a demand for fire protection, and old-type hydrants have been replaced to give a more adequate service; as part of a long-term project to modernize and improve the system. There are many hydrants in the system with hose connections only, that were set before the Fire Department equipment was brought up to date. These hydrants were satisfactory for hose service at that time, but with the advent of the present pumping facilities of the Fire Department it is compulsory to bring the water supply to a par with the fire-fighting equipment, in order to obtain the best possible service from the Fire Department.

The accompanying map shows clearly the inadequacy of the water mains that must be used as transmission mains throughout the Town in case of fire. Approximately every street in Scituate has a long section of six-inch water main, which acts as a definite bottleneck in case of emergency.

The greater part of the water supply is pumped from the Greenbush section of the Town from the wells numbered 2-9-10-11-17 and 18, and at the present time must be forced through six-inch lines on Kent Street, Stockbridge Road, Country Way and Grove Street, to furnish water to more than two-thirds of the Town. At a recent Town Meeting funds were allocated to eliminate a serious part of this condition on Kent Street, and as soon as material is delivered this part of the project from Gilson Road to First Parish Road will be completed. A ten-inch main will be installed and will provide more available water throughout the Harbor, Sand Hills and the Cliffs, and will also back up the supply to the beaches.

The heavy dash and solid line on the map indicates a direct transmission main from Greenbush to North Scituate Square, and

thence to North Scituate Beach. The solid line indicates about 5000 feet of this 12-inch main that has been installed and is now in service. This portion of the project provides more available water at the Harbor at the present time if the greater draft is in that direction.

The present water development makes it possible to pump more than 1,500,000 gallons per day from three areas in Greenbush, and it immediately becomes evident that a 12-inch main along Route 3A and Gannett Road will not only relieve costly high pressures at the pumps, but will provide more available water for a possible conflagration at North Scituate Beach. This main will also supply the West side of the Town with better service.

More than 100 different areas in Scituate have been explored for new sources of water supply. The areas that have yielded water in sufficient quantities have been developed, but the rapid growth of the Town has kept the demand for water equal to the amount that can be obtained from the wells, and with the use of more than 2,000,000 gallons in one day, there is no factor of safety in case of emergency, such as a fire or broken water main. The total storage capacity on the system is 1,500,000 gallons, or twenty-five per cent less than the total consumption in one day. The water in storage is available to the system without any further effort on the part of the pumps, but the water in the wells must be pumped out of the ground before it becomes available in the system. Lightning or a blizzard might put the electric power system out of commission and stop the electric pumping units. Available water would then be the amount of water in the storage tanks plus about 600,000 gallons per day that could be pumped by Diesel power. Another standpipe, with capacity of 1,500,000 gallons, should be added to the system to take care of such a contingency. With the addition of another standpipe in the system, the development of additional sources of water supply might be deferred for a short period, as the standpipe could be filled during the off peak hours at night for use during the day. At the present rate of growth of the Town this condition would not be stable, and the development of another source of supply would become a necessity in the near future. Because of the great amount of work before the Metropolitan District Commission, it will apparently be a matter of ten or twelve years before the Town can obtain water from that supply, and then only at a very considerable cost. A search for a possible new source of water supply was carried on during the summer, covering the entire Town, but there were no favorable results obtained at any location.

One of the subjects under consideration in many cities and towns, throughout the country, is the Fluoridation of the public

WATER SUPERINTENDENT'S REPORT

water supply at the source. The application of fluorides to the teeth of children apparently reduced the dental caries forty to sixty per cent, in children who have used Fluoridated water from birth up to 10 years of age. Fluorides, in the form of paste, have been applied externally to the teeth of the children in the school dental clinics for several years, but results obtained in this manner are not as satisfactory as those obtained when the fluoride is applied through the blood stream in the body. Fluorides introduced in the water supply at the source will, of course, eventually be found in the blood stream of persons using the water. The treatment must be continuous from birth to about age ten years to develop the benefits desired.

Application of fluorides to the public water systems has been approved by the State Board of Health, and a number of towns and cities in eastern Massachusetts have started this type of treatment. Costs of fluoridation are from \$0.07 to \$0.10 per capita, per annum, at the present time.

Details of the activities of the Water Department are shown in the following tables.

Respectfully submitted,

WILLIAM J. LUMBERT,
Superintendent.

**REPORT OF THE
WATER COMMISSIONERS**

During the past year a reasonable rainfall relieved the strain upon our water resources resulting from the ever increasing demands caused by new construction. At one period of the summer one of our finest wells, at Stearns' Meadow, developed trouble and we were in jeopardy of losing this supply: your Board resolved to try a cure, and thanks to the whole-hearted co-operation of our Selectmen and Advisory Board an emergency loan was approved by the State authorities, and the project was brought to a successful conclusion. This incident makes us painfully aware that careful vigilance of our water supply is our constant duty.

This phenomenal growth in our Town affects all our public services in a similar degree, and it is our duty as a whole to face collectively these various demands which must be reflected in our tax rate.

These public services cannot be ignored, and therefore it becomes all of us to endeavor to face these issues with a long view, that in so doing sudden and great strains upon our resources may be avoided.

Your Board takes this opportunity to commend the co-operative spirit we have encountered in our relations with our Board of Selectmen and our Advisory Board.

Respectfully submitted,

WALTER S. ALLEN,
WILSON S. BROWN,
WILLIAM E. SHUTTLEWORTH.

TOWN FOREST COMMITTEE REPORT

REPORT OF THE TOWN FOREST COMMITTEE

January 15, 1952

To the Board of Selectmen,
Town Hall,
Scituate.

Gentlemen:

This year the town forests were mowed and cleaned up as usual. The fire lanes were continued and gravel put on them, so now the forests are open to the fire departments in case of fire. The State Forester recommended thinning of trees in the Mann Lot Forest and this was started.

More people are using our forests each year and we encourage everyone to visit them and to use them for any outdoor affair.

Respectfully submitted,

TOWN FOREST COMMITTEE.

CLAM WARDEN'S REPORT

REPORT OF THE CLAM WARDEN

To the Board of Selectmen,
Scituate, Mass.

Gentlemen:

The report of the Clam Warden is herewith submitted for your approval.

The report is based on the activities of the Department.

The Scituate Harbor, Sand Hills, Peggotty Beach and the creeks, close to the residential district in Minot are closed, because of pollution. These areas can be dug over, for sea worms, and for the use of bait.

The past summer, with the help of two men, we have started to take off the mussel piles. At the North River one small flat has been cleaned. We are now working on the Humarock area, which is coming along nicely, and should have the majority of the piles off in a few months.

Our work is made possible by the funds received from the Board of Selectmen and the State and is appreciated very much.

Respectfully submitted,

WALTER S. O'NEIL,
Clam Warden.

SCITUATE HEALTH SERVICE, INC.

Report of the President

This year the Scituate Public Health Nursing Service, Inc. has legally changed its name to the Scituate Health Service, Inc. A change was deemed advisable in order to clarify the fact that we are not a visiting nursing service, but rather a health service to the Town of Scituate.

Our greatest source of income is through the generosity of those citizens who contribute to our appeal for funds during our annual membership drive.

The annual budget of about \$1000.00 offers you:

1. The Well Baby Clinic — Dr. Olga Allers, Children's Hospital Pediatrician examines on the average of 20 babies each month.

2. Our organization pays for the medicines and supplies used by the Public Health Nurse.

3. The Immunization Clinic — held in cooperation with the Board of Health gave whooping cough, diphtheria, tetanus and small pox shots to children.

4. The school dentist is assisted every week by one of our members.

We wish to thank the citizens of Scituate for their generous contributions which enable us to carry on with this work. Our thanks also to Mrs. Alice Dowd, Public Health Nurse, for her work with us in the Baby Clinic.

Respectfully submitted,

LAURA H. DAVIS,

President.

BOARD OF HEALTH

REPORT OF THE BOARD OF HEALTH

To the Citizens of Scituate:

The year 1951 has been one of the most successful years in the progress made in the Health Program. Many new laws enacted during the past year by the State and Nation in health matters, have been reflected in a betterment in health in all communities throughout the country.

Your Board of Health has taken advantage of all information available which has been published by the State through its many agencies which would be of benefit to our Town in the furthering of good health.

Our many Clinics have been well attended and have increased throughout the years, which reflects favorably, and proves that our townspeople appreciate these Clinics and realize the good they attain.

Many of our sanitary problems have been eliminated by the very effective work of our Sanitary Engineer, Mr. Philip Bailey, and the plumbing inspectors, Mr. Bailey and Mr. Edward McCarthy; both have rendered very valuable assistance to the Board at all times.

Mr. George Otis, our Milk Inspector, has had all milk sold in the Town inspected from time to time, and all stores and dealers selling milk properly licensed.

In conjunction with the State Inspectors, we have inspected all restaurants and all other places where food is dispensed, and have found everything in good order and the health laws obeyed.

Those employed by the Board of Health, in any capacity whatsoever, have given their full time and have rendered very valuable service at all times. The Board of Health takes this opportunity to thank them, as well as all Department Heads who have cooperated with us in making our work successful as well as making our Town one of the outstanding towns in the Commonwealth in health and health matters.

Respectfully submitted,

DR. CLIFFORD L. WARD, Chairman,
WALTER L. ENOS, Secretary
GEORGE H. OTIS.

**REPORT OF THE
PUBLIC HEALTH NURSE**

Scituate Board of Health,
Scituate, Massachusetts.

Dear Sirs:

The following is a resume of activities for the year 1951:

Bedside Nursing Visits	1771
Old Age Visits	390
Soldiers' Relief Visits	40
Ambulance Cases	25
Doctors' Office with Patients	30
Infant Welfare Visits	300
Baby Clinics (162 Babies)	12
Immunization Clinics (121 Children)	3
Communicable Disease Visits	75
T.B. Follow Up Visits	60
Prenatal Care Visits	60
Postnatal Visits	120
Unclassified Visits	450
Public Health Meetings	10
Conferences with State Health Workers	12

Total Number of Visits	3358
------------------------------	------

The Scituate Health Service continued its vital assistance to the community by sponsoring the Whooping Cough Clinic, conducted by Dr. Clifford Ward, also the Well Baby Clinic with Dr. Olga Allers, Boston Pediatrician in attendance.

Respectfully submitted,

ALICE M. DOWD, R.N.

December 31, 1951

**REPORT OF THE
SCHOOL DENTAL CLINIC**

Board of Health,
Scituate, Massachusetts.

Gentlemen:

On May 24, 1951 a pre-school examination of children entering the kindergarten was held at the elementary school by the school dentist and a specialist in pediatrics. Sixty-nine children were examined by the dentist. The parents were consulted and urged to visit their family dentist. Over 50 per cent of the parents signed to have their children attend the Dental Clinic at the school.

In June five Pre-School Clinics were held, at which twenty-five children received treatment.

At the beginning of the school year about 125 kindergarten children were examined in the Hatherly School.

The results of early treatment are showing up in the first and second grades.

In September the dental hygienist started work on the fourth, fifth and sixth grades. This consisted of a thorough prophylaxis followed by fluorine treatments, and a notice given of dental defects present for the attention of their family dentist. Fluorine treatments are given by the hygienist in selected grades from kindergarten upwards.

The work done by the school dentist must be confined to the kindergarten and the first three grades. It must be remembered that we have four rooms each in the kindergarten, first, second and third grades. Emergency work only can be done in the upper grades by the school dentist.

The Scituate Nursing Service has furnished the clinic with volunteer assistants. Great credit is due to Mrs. Winthrop Hall whose untiring efforts and faithful devotion to duty has helped the progress of the work immensely.

Respectfully submitted,

WILLIS B. PARSONS, D.M.D.

**REPORT OF THE
DENTAL HYGIENIST**

Scituate Board of Health,
Scituate, Mass.

Dear Sirs:

I wish to submit the following brief report of my work as the Dental Hygienist at the Central Elementary School.

To all children from the kindergarten through the sixth grade, inclusive, I have given complete dental examinations. Some seven hundred children were examined in these grades. With parental permission, over five hundred have received dental care to a varying extent. I have given approximately five hundred prophylactic treatments and in excess of one thousand Sodium Fluoride treatments during the school year period. Each child from kindergarten through grade three has received the complete series of four Sodium Fluoride treatments and at least two treatments were given to the older pupils from grade four through grade six.

In each classroom I have given brief talks instructing the children in proper tooth brush procedure and stressing the great importance of healthy and attractive teeth now and when they grow up. It is a pleasure to work with children of this age. Their willingness and cooperation has been gratifying.

I would like to say that in observation of similar school dental clinics, the facilities of the one in Scituate is unequalled.

Respectfully submitted,

ELLA J. DICKINSON, D.H.

**REPORT OF THE
INSPECTOR OF PLUMBING**

Board of Health,
Scituate, Massachusetts.

Gentlemen:

This is a report of your Plumbing and Sanitary Inspector for nineteen hundred fifty-one.

During the year examinations were held by the Division of Civil Service to allow any who wished to qualify for the position as Plumbing Inspector and your appointment of Mr. Edward B. McCarthy as Assistant Inspector is much appreciated.

Inspections have been made when permits have been issued for new and re-modelling installations.

The problem of adequate sewage disposal to prevent disease is ever before us. The Building Department is most cooperative in calling to the attention of home-owners the desirability of proper disposal facilities and the home-owner should feel free to call on this department for advice in this regard.

The Road Department is adding to its budget amounts for the proper drainage of streets and land areas thus carrying off the surface water which allows the land to absorb and properly purify the sewage.

In several congested areas, it is apparent that a public sewer is needed and I look forward to the day when such a project will be started.

Yours respectfully,

PHILIP S. BAILEY,
Plumbing Inspector.

BOARD OF HEALTH

**REPORT OF THE
INSPECTOR OF MEAT AND SLAUGHTERING**

Board of Health,
Scituate, Massachusetts.

Dear Sirs:

In accordance with State Laws I have inspected all animals slaughtered in our Town and have properly stamped same and found all in good order and fit for human consumption.

Respectfully submitted,

WILLIAM J. McAULIFFE,
Inspector.

**REPORT OF THE
INSPECTOR OF ANIMALS**

December 26, 1951

Town of Scituate,
Board of Health,
Scituate, Massachusetts.

Gentlemen:

I wish to report that I have quarantined all dogs which have bitten people and have attended to all matters relative to cattle, horses, goats and swine.

Respectfully submitted,

CHARLES P. CHASE,
Inspector of Animals.

**REPORT OF THE
MILK INSPECTOR**

To the Board of Health,
Scituate, Massachusetts.

Dear Sirs:

Milk sold in Scituate meets the standard test set up by the Commonwealth of Massachusetts.

I have issued

One license for the pasteurization of milk

Forty-two licenses for sale in stores

Nine vehicle licenses

Fourteen licenses for the sale of oleomargarine

One camp license

One license for the manufacture of ice cream

Three licenses for denatured alcohol

Fifteen licenses for the sale of anti-freeze solution

Respectfully submitted,

GEORGE H. OTIS,
Milk Inspector.

**REPORT OF THE
BUILDING COMMISSIONER**

January 19, 1952

To the Board of Selectmen:

The report of the Building Commissioner follows:

Three hundred and forty-six (346) applications for Building Permits were received during the year of 1951, of which three hundred and twenty-eight (328) permits were issued, with an estimated value of nearly two million dollars (\$2,000,000). Fees collected and turned over to the Town Treasurer for the same were \$1,514.00. All buildings have been inspected as required by the Town By-Laws and the Laws of the Commonwealth of Massachusetts.

Several cases were brought before the Building Board of Appeals, all of which were disposed of in the best interests of all concerned.

Respectfully submitted,

LESTER D. HOBSON,
Building Commissioner.

ALLEN MEMORIAL LIBRARY REPORT

REPORT OF THE ALLEN MEMORIAL LIBRARY

January 15, 1952

Board of Selectmen,
Scituate, Massachusetts.

Gentlemen:

The year 1951 has seen a continuation in the growth of the Allen Memorial Library, as to circulation of books and magazines, the books acquired and the number of borrowers, as is shown in the following tabulation:

Book circulation	19,417	
Magazine circulation	1,271	20,688
New books by purchase and gift	594	
New borrowers registered	544	
Total borrowers registered since re-regis- tration started on May 1, 1950	1,511	

The floors in the entire building have been refinished for the first time in many years, greatly improving the appearance of the rooms, as well as contributing to the general cleanliness of the library.

We again wish to express our appreciation to the people of Scituate for their support and our thanks to those who have given their time in the interests of the library.

Respectfully submitted,

Allen Memorial Library Association,
ROBERT P. RICH, President.

**REPORT OF THE
PEIRCE MEMORIAL LIBRARY**

January 17, 1952

Board of Selectmen,
Scituate, Massachusetts.

Gentlemen:

During the year 1951 the use of the library facilities showed a marked growth. This was shown not only in the increase of the number of books and magazines in circulation but in the increased use of the available reference material in the library.

At the December meeting of the trustees it was voted to open the library every weekday except Monday. It is very heartening to enter the building and see students at the reading table and children in the cheery juvenile corner and feel the sense of useful activity prevailing.

Two memorial shelves were added to the children's book corner, one given by the Lydia Collett Corporation in memory of Mrs. Bethia Barnes, Mrs. June Cook and Mrs. Mary Wilder, former members of the group, and the other shelf in memory of Mrs. Carrie Vickery.

The 100th anniversary of the opening of the first public library in Massachusetts was observed the last week of May. A program arranged by Mrs. Knowles, our librarian, was held each day. These included a Girl Scout day, a Cub Scout day, a story-telling afternoon and a most enjoyable evening with Mr. Timothy Fuller, an author and great-grandson of the founder of the library, who spoke on "The Modern Culture."

During Book Week Mrs. Knowles entertained the kindergarten children to acquaint them with the library.

We wish to thank our fellow townspeople for their support.

Respectfully submitted,

VERNETTA G. BARNES,
President, Peirce Memorial Library Association.

REPORT OF THE LIBRARIAN

REPORT OF THE LIBRARIAN

North Scituate, Mass., December 30, 1951

Report of Librarian for Peirce Memorial Library for year ending December 30, 1951:

Total number of books circulated	15,949	
Total number of magazines circulated	2,691	
Cards issued	422	<u>18,640</u>
New books purchased and received as gifts	284	

We again thank the townspeople for their loyal co-operation and hope we may be of greater service during the coming year.

Respectfully submitted,

SARAH H. KNOWLES,
Librarian.

JOSEPH R. DILLON,
Town Collector.

REPORT OF THE PLANNING BOARD

The year 1951 has been a typical Planning Board year. In retrospect, it is marked with activities that are many and varied, and, therefore, characteristic of the wide-spread interest and participation of the Board whose particular concern is *all* matters affecting the public welfare.

Despite increased difficulties in home construction, this Board has seen *seventeen* subdividers during the past year, of which:

- 4 were given final approval as designated on plan
- 1 was disapproved and same designated on plan
- 4 received partial approval (plan incomplete to date), same not designated on plan
- 3 were dismissed as not requiring approval
- 5 too little advanced to report on at this time

A calendar review discloses the interesting fact that an inordinate amount of Planning Board time was given to matters pertaining to Zoning. During this period, we have been confronted with seven bona fide situations involving technicalities of Zoning and Zoning problems. We want to say here — and this is the significant feature — that much of the effort devoted to examination of these situations was made under pressure of public demand. Numerous appeals for relief — advice, assistance, or both — were registered with us in 1951. We wish to thank all those citizens for their confidence and faith in the Board, and for every opportunity afforded us to render some service to the good people of Scituate.

Of the two members appointed from the Board to the Town Manager Committee, one — John A. Holman — was elected chairman. It was a grave loss to both the Planning Board and to this special study committee when Mr. Holman resigned after many months of unselfish performance.

We are delighted to announce that our most ambitious undertaking, the Master Plan of Scituate, is successfully launched. Already completed is the basic map of the entire town; the Board is now working on the rudiments of the first extension plans. In time we will have, we hope, a special study plan of every measurable factor

PLANNING BOARD REPORT

of the town's development; — a Master Plan that will project many years into the future.

The state Federation of Planning Boards did us singular honor this year, by delegating your Planning Board to serve as host to the Regional Conference meeting of Region 5C, at Dreamwold Hall.

Two new members have been appointed to the Board since March of 1951; both young men are attorneys-at-law, anxious to contribute their talents in this special official capacity. With the three remaining members — a young civil and sanitary engineer, and two long-standing, older members who are experienced in business and industrial fields — an excellent balance of abilities and perspectives has resulted.

In closing, the chairman would like to express his personal gratitude to a hard-working Board, that met as often as every week, summer or winter, when it was considered necessary. Also, our humble thanks is extended to all those whose cooperation has helped to make this a fruitful year.

May it be your pleasure and our privilege to discharge the duties of the Planning Board throughout another year.

Respectfully submitted,

KENNETH MANSFIELD, Chairman,
MARK W. MURRILL,
FRANCIS A. OBERT,
ROBERT F. HAYES,
THOMAS A. KENNEDY,
MARIE A. JACK, Clerk.

VETERANS COMMITTEE REPORT

REPORT OF THE DIRECTOR OF VETERANS' SERVICES

To the Honorable Board of Selectmen
and the Citizens of Scituate:

As Director of Veterans' Services, we submit herewith our Annual Report for the year 1951. The activities of this office were as varied as the colors in the spectrum, yet, like the old legend of the housewives' tasks, they are never done.

Calls totalling more than 1400 have been made and we feel that our Town can justly be proud of its efforts in behalf of all our Veterans.

Our deep appreciation is extended to our Board of Selectmen for their wonderful cooperation and to all who have assisted us we give our grateful thanks.

JEROME F. CROWLEY,
Veterans' Service Officer.

REPORT OF THE ZONING BOARD OF APPEALS

January 22, 1952

Your Zoning Board of Appeals held four public hearings in 1951 at which petitions for variances were heard.

After due consideration, three petitions were granted and one denied. After a hearing on one matter before the Board it was decided that no variance was necessary.

Respectfully submitted,

W. CLEVELAND COGSWELL, Chairman
ALBERT W. HOLCOMB
FRANK L. WESTERHOFF

**REPORT OF THE
BUILDING BOARD OF APPEALS**

Board of Selectmen,
Scituate, Massachusetts.

The Building Board of Appeals held during 1951 seven public hearings on appeals from rulings of the Building Commissioner.

Seventeen variances were granted; one denied; and one held in abeyance pending the meeting of certain requirements.

Respectfully submitted,

W. CLEVELAND COGSWELL, Chairman
PHILIP S. BAILEY
GEORGE E. JACOBSEN

January 23, 1952.

CIVIL DEFENSE

REPORT OF THE CIVIL DEFENSE

January 15, 1952

To the Board of Selectmen:

Subject: Annual Report.

In setting up a Civil Defense program for Scituate, stress has been placed on those items which will benefit the community not only in time of a national emergency but also in normal daily life.

The funds appropriated during 1951 were used to purchase radio equipment for the Central Fire Station, first aid truck, other units of the Fire Department, and the police ambulance. It is hoped that funds to continue the installation of this valuable equipment will be forthcoming in 1952.

A combined housing survey and civil defense registration is now in progress to facilitate the town's mission as a reception area (care of evacuees from a target area).

The cooperation of the town officials, particularly the Selectmen and the Fire and Police Chiefs, is greatly appreciated.

Respectfully,

CLAUDE H. BENNETT, JR.,

Director.

**REPORT OF THE
HIGH SCHOOL BUILDING COMMITTEE**

Pursuant to the vote at the annual Town Meeting held March 1951, your Committee engaged the services of Perry, Shaw and Hepburn, Kehoe and Dean, of Boston who have completed the plans and specifications for the construction of an addition to the present High School building. The plans and specifications have been approved by the School Building Assistance Commission of the Commonwealth of Massachusetts.

As required by Federal regulations, application was made to the National Production Authority to make available the necessary materials to proceed with the construction, and your Committee is awaiting approval of its application. Upon receipt of such approval, the plans and specifications will be advertised for bids so that construction may be undertaken.

Respectfully submitted,

HIGH SCHOOL BUILDING COMMITTEE

FRANCIS A. OBERT, Chairman

JOHN J. HEFFERNAN, Secretary

CARLTON F. GREEN

SAMUEL J. TILDEN

NELS H. SANDBERG

EDWARD H. SCHOTT, JR.

**REPORT OF THE
PLYMOUTH COUNTY AID TO AGRICULTURE
(Plymouth County Extension Service)**

County Aid to Agriculture is the official department for the Plymouth County Extension Service. This county organization has seven members on its professional staff and three clerical members, and carries on educational programs for Agriculture, Homemaking, and 4-H Club Work. It is a part of the University of Massachusetts and the United States Department of Agriculture. Assistance is available to all county people and is not limited to those engaged in agricultural pursuits.

The *Agricultural Department* conducts educational programs through the medium of meetings, demonstrations, farm visits, radio and newspaper publicity with dairymen, poultrymen, cranberry growers, vegetable growers, fruit growers, florists. Other programs and information are available for minority groups in general livestock farming, forestry, home grounds improvement, and home food production. Marketing is becoming an important phase of Extension Service work, with benefits both to the farmers and the consumers. The Agricultural Department programs are conducted on a countywide or regional basis, depending upon the extent of the industry and the need for attention.

The *Home Economics Department* conducts educational programs for both rural and urban people in the fields of Home Management, Family Economics, Home Furnishings and Surroundings, Food Preservation and Storage, Food Selection and Preparation, Clothing and Textiles. The organization of town committees and local leaders is responsible for much of the teaching work in this department. This type of adult education is providing needed assistance in many phases of family living that are unavailable in any other way.

The *4-H Club Department* deals with youth between the ages of 10 and 21. The public is well aware of the achievements of 4-H club members. Project work for boys includes dairy, goats, sheep, pigs, poultry, gardens, and handicraft. The project work for 4-H club girls offers clothing, canning, child care, foods, home furnishings, and crafts. Success of 4-H club work is almost solely dependent upon the work of town committees and local leaders for spon-

PLYMOUTH COUNTY AID TO AGRICULTURE REPORT

soring and leading 4-H clubs in their respective communities. Agents are able to provide guidance and materials for club use, as well as the organization and committees, and supervision and training of leaders.

Funds for County Aid to Agriculture are derived principally through the appropriation of the County Commissioners. Some Federal funds are also used and supervised through the University of Massachusetts. Most towns make token appropriations that are used in the general budget of the Extension Service. Town appropriations permit the appointment of a Town Director who serves as an unpaid volunteer leader and is the contact man with the county office.

Respectfully submitted,

RUTH M. MEYERS,

Town Director.

STATE AUDIT REPORT

REPORT OF THE STATE AUDIT

March 28, 1951

To the Board of Selectmen,
Mr. Robert H. Tilden, Chairman,
Scituate, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Scituate for the year ending December 31, 1950, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

FRANCIS X. LANG,
Director of Accounts.

FXL:GTG

Mr. Francis X. Lang,
Director of Accounts,
Department of Corporations and Taxation,
State House, Boston

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the Town of Scituate for the year ending December 31, 1950, and report thereon as follows:

The financial transactions as recorded on the books of the several departments receiving or disbursing money for the Town or committing bills for collection were examined and reconciled with the books and reports in the town accountant's office and with the records of the town treasurer.

The town accountant's ledger was analyzed, the receipts being checked with the treasurer's books and the payments being com-

STATE AUDIT REPORT

pared with the warrants authorizing them and with the treasurer's record of payments. The appropriation accounts were checked with the town clerk's records of town meeting proceedings and the recorded transfers from the reserve fund were verified by comparison with the records of the advisory committee. A trial balance was taken off, proving the accounts to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the Town on December 31, 1950.

The books and accounts of the town treasurer were examined and checked. The receipts, as recorded, were analyzed and checked with the records of the several departments collecting money for the Town and with other sources from which money was paid into the town treasury, while the payments were compared with the selectmen's warrants authorizing the treasurer to disburse town funds. The cash book additions were verified, and the cash balance on January 22, 1951 was proved by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments made for maturing debt and interest were compared with the amounts falling due and with the cancelled securities on file.

The savings bank books representing the investment of the trust and investment funds in the custody of the town treasurer were examined and listed. The income was proved and the withdrawals were checked with the treasurer's recorded receipts.

The records of tax titles held by the Town were examined and reconciled with the tax books and with the accountant's ledger, while the redemptions were checked with the treasurer's cash book. The records of tax possessions were examined and the additions as a result of tax title foreclosures were proved. Tax title and tax possession transactions were further verified by comparison with the records in the Registry of Deeds.

The books and accounts of the town collector were examined and checked. The tax, motor vehicle and trailer excise, and moth assessments outstanding according to the previous examination and all subsequent commitments were audited and compared with the assessors' warrants issued for their collection. The payments to the treasurer were verified, the abatements were checked with the assessors' records of abatements granted, the amounts transferred to the tax title account were proved, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The records of departmental and water accounts receivable were examined and checked. The commitments were proved, the

STATE AUDIT REPORT

collections were compared with the treasurer's recorded receipts, the abatements were verified, and the outstanding accounts were listed and reconciled with the accountant's ledger.

Verification of the outstanding accounts was obtained by mailing notices to a number of persons whose names appeared on the books as owing money to the Town, and from the replies received it appears that the accounts, as listed, are correct.

The records of receipts from licenses and permits issued by the selectmen, the town clerk, and the health department were examined and checked, and the payments to the Division of Fisheries and Game and to the town treasurer were verified.

The surety bonds of the departmental officials required to file them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the departments mentioned, the books and accounts of the sealer of weights and measures and of the police and school departments, as well as of all other departments collecting money for the Town or committing bills for collection, were examined and checked, the recorded collections being compared with the treasurer's recorded receipts.

The accurate manner in which the work of the town treasurer, the town collector, and the town accountant has been performed is worthy of commendation.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the town collector's cash, summaries of the tax, motor vehicle and trailer excise, assessment, tax title, departmental, and water accounts, together with tables showing the condition and transactions of the trust and investment funds.

During the progress of the audit, cooperation was extended by all town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

HERMAN B. DINE,

Assistant Director of Accounts.

HBD:GTG

TOWN ACCOUNTANT'S REPORT

REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectmen.

Gentlemen:

In compliance with the provisions of Chapter 44 of the General Laws, I herewith submit the following report of the Accounting Department for the year ending December 31, 1951.

I have also included a detailed statement of disbursements showing amounts paid and the persons to whom payments were made, as requested by vote at the annual meeting held March 7, 1927.

ELLEN ELIZABETH COLE,

Town Accountant.

ANNUAL REPORT
OF THE
School Committee
OF THE
TOWN OF SCITUATE

For the Year Ending December 31

1951

SCHOOL COMMITTEE REPORT

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Scituate:

The School Committee submits its annual report for the year ending December 31, 1951.

Steadily increasing enrollment presents a continuous problem to the school authorities. The addition to the high school is in its final plans, and construction should be definitely under way in the spring. Something must be done immediately to take care of the steady flow of students into the elementary schools. An article in this year's warrant calls for a Committee to investigate the elementary school problem and decide whether to build a new school, enlarge the Central Elementary School, or remodel Hatherly and Jenkins Schools.

The increased enrollment naturally demands more teachers. In order to secure the best possible teachers in the East, the Committee has made a new salary schedule comparable to those of the leading systems of New England.

The work on the Tennis Courts and Athletic Field has been completed. The new Tennis Courts modeled after the hard courts at the Longwood Cricket Club received constant use during the summer, and the Athletic Field was used for the home football games and will be ready for both games and practice in baseball.

Detailed reports of the activities of our school will be found under the various school headings.

Respectfully submitted,

SAMUEL J. TILDEN, Chairman

DORIS D. WARD, Secretary

FRED T. WATERMAN

MARGARET B. MILES

NELS H. SANDBERG

SCHOOL COMMITTEE REPORT.

School Calendar

WINTER TERM:

Wednesday, January 2, 1952.....Schools reopen at usual time
 Friday, February 15, 1952.....Schools close at regular hours
 One week vacation
 Monday, February 25, 1952Schools reopen at usual time
 Thursday, April 10, 1952.....Schools close at 12:30 p.m.
 One week vacation

SPRING TERM:

Monday, April 21, 1952.....	Schools reopen at usual time
Friday, May 30, 1952.....	School closed. Memorial Day Holiday
Friday, June 20, 1952.....	Schools close for summer (This is an approximate date, depending on weather during winter and maintaining required number of days of school)

FALL TERM:

Tuesday, September 9, 1952.....	Schools reopen
Monday, October 13, 1952.....	Schools closed. Columbus Day Holiday
Friday, October 24, 1952.....	Schools closed. Teachers' Convention
Tuesday, November 11, 1952.....	Schools closed. Armistice Day Holiday
Wednesday, November 26, 1952.....	Schools close at 12:30 p.m. Thanksgiving Recess
Monday, December 1, 1952.....	Schools reopen at usual time
Tuesday, December 23, 1952.....	Schools close at 12:30 p.m. Christmas Vacation

WINTER TERM:

Monday, January 5, 1953.....Schools reopen at usual time

“No School” Signal

The “No-School” signal is 3-1-3 sounded from the Fire Stations in North Scituate, Scituate Harbor, and Greenbush.

No-School signals for each school are: At 7:10 a.m. to tell parents that there will be no school in the Central Elementary School; at 7:20 a.m. to tell parents that there will be no school in the High School; and at 7:30 a.m. to tell parents that there will be no school in the Hatherly School.

SCHOOL COMMITTEE REPORT

If *all* schools are closed, the signal, 3-1-3, will be sounded at 7:10, 7:20, and 7:30 a.m. Radio stations WBZ, WNAC, WEEI and WJDA will be *requested* to announce that school in Scituate has been cancelled for that day.

The policy of the School Department is to hold school whenever the busses may safely operate.

Committee Meetings

The regular meetings of the School Committee are held monthly in the office of the Superintendent of Schools, Administration Building, Cudworth Road, Scituate Centre, September to June inclusive, on the third Tuesday of the month, at 7:30 p.m.

Appointments with Superintendent

Appointments with the Superintendent of Schools should be made in advance by telephone. The Superintendent holds evening office hours each Tuesday (except School Committee meeting nights) from 7:30 till 9, holidays and vacations excepted, for the convenience of parents who cannot make appointments during the day.

Admission to the Schools

To be admitted to Kindergarten, a child must have reached the age of four years and eight months on September 1 of the year he is to enter school. To be admitted to Grade One, a child must have reached the age of five years, eight months, on September 1 of the year he is to enter school.

A vaccination certificate must be presented to the school when a pupil enters for the first time.

A birth certificate must be presented for those pupils whose births were recorded outside Scituate.

SCHOOL COMMITTEE REPORT

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Scituate:

I am honored to submit to you my first annual report.

When the academic year began on September 5, the total enrollment, including Kindergarten, was 1216, the largest increase occurring in the Junior High School. By October 1, the enrollment had climbed to 1274, and by January 7, to 1282. At present there are 129 children in the Hatherly School, 724 in the Central Elementary School, and 429 in the Junior-Senior High School. The Central Elementary School is operating at capacity. The Junior-Senior High School is operating far *above* capacity. Hatherly School has two vacant rooms. We anticipate a total enrollment of 1400 in September 1952.

TEACHING STAFF CHANGES

Frederick A. Calkin, Superintendent of Schools, retired July 1. I am honored to be selected to succeed him. The Indians say that one should never judge a man until one has walked seven days in his footsteps. I have worked for six months in Mr. Calkin's position. I have respect and admiration for the man and the job that he did as Superintendent. My hope is that I can achieve as much as he did, and gain the respect that was his.

Mrs. Eunice M. Cole, after thirty-one years' experience in the Scituate Schools retired in June. Miss Maida L. Riggs left to accept a position in Massachusetts State University. Miss Virginia Knight left to accept a position in the Hingham Schools. Mrs. Mary L. Bailey is on leave of absence. Mrs. Evelyn B. Finnegan, Miss Mary S. Kingsbury, Miss Edith Fish and Borah L. Kreimer resigned.

Miss Shirley Bedell, the new home economics instructor, comes to us highly recommended by the State officials. She has had previous experience in Marshfield, and Wilmington and is a graduate of Framingham State Teachers College. She replaces Miss Mary S. Kingsbury who resigned because of marriage.

Robert D. Burgess, industrial arts instructor, comes to us from Ipswich schools where he had taught since 1943. He had previously been shop instructor in Mansfield from 1926 to 1943. He replaces Borah L. Kreimer who resigned to take a position in industry.

Miss Methvl Bates, reading consultant to the Scituate schools, is a graduate of the Gorham State Teachers College in Maine, and Boston University, where she received her B.S. and Ed.M. degrees. She has taught, in addition to a rich experience in Maine, in Brain-

SCHOOL COMMITTEE REPORT

tree and Belmont, last summer directing a Remedial Reading School in Braintree. She is a new appointment, filling a need of long duration.

Miss Dorothy Anderson, graduate of Wheaton College, Wheaton, Illinois, with two years' experience in Huntington Junior High School, is filling a new position in our Junior High School.

Mrs. Mary Heffernan and Mrs. Edna Locklin, both experienced Kindergarten teachers, are filling two new positions as teachers in the Hatherly School.

Miss Barbara Burney, graduate of Fitchburg State Teachers College, is an added teacher in the first grade. Mrs. Jane Gillingham, graduate of the Perry Kindergarten School, Boston, has four years of experience as a teacher in West Lebanon, N. H. She replaces Mrs. Finnegan in the First Grade.

Mrs. Elizabeth S. Thompson, graduate of Lesley College, Cambridge, has a year's experience in New York state. She replaces Miss Knight in Grade Two.

Mrs. Flora D. Harvey, former Marshfield, Milton, and Montpelier (Vermont) teacher replaces Mrs. Eunice Cole in Grade Three.

Miss Patricia Thompson, Grade Three, graduate of Lesley College, Cambridge, replaces Miss Kendall, moved to Grade Four.

Mrs. Barbara A. Jennings, graduate of Perry Kindergarten School, Boston, and with four years' experience in Plainville, and Framingham, replaces Miss Edith Fish, Grade Four.

Mrs. Editha H. Lawless, with long experience in the Boston schools, comes to us as a new teacher in Grade Four.

Mrs. Winifred McAuliffe, former Scituate teacher, returned as a new teacher in Grade Three.

SCHOOL ENROLLMENT AND HOUSING

It would seem that any estimate of the size of the school enrollment, both in individual schools and as a whole, which may be made by the Superintendent of Schools, is likely to be upset by increases in population. The fact that the enrollment has increased by 66 boys and girls since September is an indication of the rapid growth of our Town.

In 1950, we closed the Hatherly and Jenkins School expecting that they would not be re-opened. By September 1951 Hatherly School was housing four groups of approximately 33 each; by Sep-

SCHOOL COMMITTEE REPORT

tember 1952, Hatherly will be in full operation, and by September 1953, both Hatherly and Jenkins must be in full operation unless a new primary school is built.

Doubtless some townspeople will say, "Why did you not build the Central Elementary School larger?" The answer is simply this: Had anyone stood on the floor of the town meetings and advocated increasing the size of Central Elementary School by six to twelve rooms at the time the building was planned, the people would have thought him visionary, to say the least. Had anyone in 1948, when the population of the schools was 894, said that in 1952-1953 the school population would be 1400, the same would have been said.

Yet today we are faced with a September 1952 school population of 1400. The new Central Elementary School is now too small.

We must set up a committee which will investigate the elementary school situation, examine both Hatherly and Jenkins, look into the costs of erecting one or even two new Primary Schools, either on the civic centre property or in geographically strategic locations, and report to the Town.

The new addition to the Junior-Senior High School, according to the estimate, will cost \$980,000, but the cost of living and the cost of building materials have gone hand-in-hand. Hence, to keep within the \$980,000 we have cut four rooms from the original plans. The projected edifice will accommodate 750 boys and girls.

Remembering that the Central Elementary School, opened in April 1950, was too small by four classes in September 1951, it might be well to restore the four rooms to the high school so that its life expectancy without further addition may be increased. Certainly, if the new addition is not completed before September 1953, the high school must go on double session, meaning halving the education at twice the cost.

What should be our building program? There are several answers. One which is sensible and which will keep pace with the expected increases follows:

<i>Date of Completion</i>	<i>Type of Building</i>
September 1952	Full occupancy of Hatherly School (6 rooms)
September 1953	Completion of addition to Junior-Senior High School
September 1953	Full occupancy of Jenkins and Hatherly Schools (13 rooms) unless a new primary building is erected

SCHOOL COMMITTEE REPORT

September 1954 Either new additions to Hatherly and Jenkins or two new primary schools (Grades 1-3 inclusive) located at geographically strategic points. (20 rooms total)

The expected enrollment in September 1960-1961 may be 2000.

Prophets can be wrong. These figures are based on current trends in movement into the Town and in birth data. Trends may change.

TEACHERS' SALARIES

There has been comment that we are putting money into schools and are neglecting teachers' salaries. This is not so. If we are to have good schools, we must have good teachers. Teachers *are* the schools. Without good teachers we have nothing. Our salary scale is among the best in the Commonwealth. I believe that we shall attract the best teachers in the state and in the East. My policy will be to recommend hiring the best teachers available at the salaries allowable within our scale. I shall try to see that competent teachers remain.

MAINTENANCE

New schools do not remain new; old schools grow older. Equipment and buildings need constant attention. It is not good economy to neglect repairs until replacement is a necessity. We must set up a plan of preventive maintenance and allow enough money to care for such maintenance. Cutting "repairs and replacements" in a budget is false economy.

I wish to praise the work of Donald Quinn, chief custodian. He has given of his time far beyond that required. He has directed a good staff of janitors, undermanned as they are, in maintenance and even minor repairs. Next fall the janitors in all three schools will be coordinated under one head and will be able to give even better service to the schools.

When one recalls that our school bus is operated by janitors from 8:00 to 9:10 a.m., from 11:20 a.m. to 1 p.m. every day, as well as on all out-of-town athletic trips (often beginning at 1:30 p.m.), thus reducing at those times the high school staff to one man, and the Central Elementary Staff to two men, we see the need of an additional janitor.

SCHOOL COMMITTEE REPORT

HEALTH

One nurse cannot do an adequate job caring for 1400 boys and girls. We need a comprehensive program of testing such as the following:

- (a) Physical examinations by physician assisted by the nurse: Grades K, 1, 3, 5, 7, 9 and 11, as well as for all athletes, boys and girls.
- (b) Eye examinations: Grades 1, 3, 5, 7, 9, and 11.
- (c) Chest X-rays and/or patch tests: Every year.
- (d) Dental examinations: Grades 1, 2, 5, 8, 10, 12.
- (e) Hearing examinations: Grades K, 1, 4, 7, 9, 11, 12.
- (f) Complete system of follow-up to see that recommendations are followed.

We need a full-time nurse in the high school which has been neglected because Miss O'Donnell's time has been occupied more and more with the 853 elementary pupils. With the opening of Hatherly School, she finds herself at times expected to be in three places at once. Many times when nurse service is needed at the high school, she is not available through no fault of hers. Emergency matters must, therefore, of necessity, be referred to available personnel, often office workers, and free teachers. There is no nurse to supervise the nurse's office at times when patients, often girls, need rest, quiet and attention. Ill pupils are taken home by any one who is free. Too many pupils have not been tested for physical defects, hearing defects, and eye defects from Grade 7 through Grade 12.

Then there is the matter of setting up and administering a program of health education. This has not been done and cannot be done until we have another nurse.

GENERAL

I find these things:

1. A loyal staff of teachers, willing to work beyond required hours, interested in the welfare of the boys and girls, and willing to improve themselves through in-service training and study.

2. Two principals who are doing excellent jobs in the face of obstacles such as crowded conditions, insufficient clerical assistance, and (in the high school) not enough free time in which the assistant principal may assist in administration. Both men are valuable aides in administration of the schools. I wish to pay highest tribute to

SCHOOL COMMITTEE REPORT

them for full cooperation, unfailing help at all times, and outstanding leadership.

3. An *esprit de corps* which is very good.

4. A Parent-Teacher Association which is interested in the problems of the schools, and which, better still, is ready to assist the superintendent, the principals, and the teachers in solving them.

5. A community which is interested in its schools and which is willing to support them.

6. A School Committee which is enthusiastically interested in the welfare of the children.

7. A loyal staff of janitors, cafeteria workers, and office workers who are doing a good job.

8. A community which is so attractive that it is growing faster than it thinks it is.

The reports which follow are supplementary to this report. I trust that you will give them your attention too.

As I have stated publicly, I pledge to the Town of Scituate my unflagging interest in the welfare of the children, I pledge my unfailing energy in solving their school problems. I pledge a willingness to take into my confidence the citizenry of Scituate at all times. I believe that the schools belong to the people. As Superintendent I shall do all in my power to see that every citizen is fully aware of the problems, and I shall welcome assistance in the solving of them.

I pledge economy when economy does not jeopardize the welfare of the boys and girls. I shall try at all points to effect the most economical buying and maintenance possible.

My thanks to you, the members of the School Committee for support, loyalty, and friendship.

Respectfully submitted,

EDWARD K. CHACE,

Superintendent of Schools.

SCHOOL COMMITTEE REPORT

REPORT OF THE HIGH SCHOOL PRINCIPAL

Mr. Edward K. Chace
Superintendent of Schools
Scituate, Massachusetts

Dear Mr. Chace:

The enrollment of this school on October 1, 1951 was 430 pupils. This was an increase of 31 pupils over the number on the corresponding date in 1950 and represented the largest yearly increase to date.

In order to accommodate the additional seventh grade division, it was necessary to make over the Art room into a Junior High classroom. The art classes have been meeting in the Administration Building, while the mechanical drawing classes are being cared for in the renovated paint room of the shop. The art department has carried on with good spirit in spite of the handicaps. Until the new addition is completed there can be no relief from the over-crowded conditions.

Nearly one-half of the Class of 1951 continued their education this fall, being enrolled in the following institutions: Antioch College, Brown University (2); Cornell University, Northeastern University (4); Skidmore College, Tufts College (2); University of Massachusetts (4); Wheaton College (Illinois); Wentworth Institute (2); Wilbraham Academy, The Fay School (2); and in two schools of nursing.

Because of the large Junior High enrollment, it was not possible to seat all of the pupils at one time in the cafeteria. This necessitated an additional cafeteria group which has had to eat quite early. However, we have rotated the divisions so that each group has to have early lunch only one day a week. The replacement of many of the old cafeteria chairs has been appreciated by all.

The rather comprehensive testing program in Senior High was carried out again satisfactorily and with helpful results. It was pleasing to have many parents attend the individual conferences with their sons and daughters when the test results were interpreted. More frequent conferences with individual pupils still await the expansion of our guidance services which, in the main, is dependent upon additional plant facilities. It is planned to include the Junior High in the testing program as soon as circumstances will permit.

Much progress was made during the year by the music departments, both vocal and instrumental. The band and orchestra ren-

SCHOOL COMMITTEE REPORT

dered real service to the school and the community. With the large number of pupils, both in the grades and in Junior High, studying the various instruments under the band director, we should have a sizable band for the next few years. Again, we were indebted to the combined musical organizations for a fine Christmas assembly program.

A fine tape recorder was recently presented to our school by the local Parents and Teachers' Association. The gift of this valuable teaching aid was indeed appreciated.

The sharing of a dual-control automobile with the high schools of Marshfield and Cohasset continues to work out well. For the third year two classes of the pre-driving and driver education course were satisfactorily completed, one in the fall and the other in the spring. As they become sixteen years old, most of our young people avail themselves of the opportunity of becoming skillful and careful drivers by electing this worthwhile course.

Our football and field hockey teams enjoyed using the recently reconditioned athletic field and apparently showed their appreciation by winning the South Shore League championships in football and field hockey this fall. We appreciated the use of St. Mary's fine baseball field last spring. Using a fund which we had been slowly building for the purpose, three small sections of steel bleachers were purchased in the late summer and were in use on the field during the football season. The boys of the Shop department assembled and painted the new bleachers. It is hoped that we can add more sections from time to time.

Last spring our baseball team won all of its league games and three divisional playoffs to qualify for the Massachusetts small-school baseball championship game at Fenway Park. We lost the championship in a well-played game. It is not often that any school has such an exceptional seasonal record and the fact that our team did so well last spring is worthy of comment in this report.

Some of the accomplishments in the various extra-curricular activities during the year should be briefly noted for they offered much in valuable experiences and knowledge to a large group of pupils. In athletics, aside from the comments made above, it should be stated that all our teams, both boys' and girls', demonstrated sound coaching and good playing and, what is most important, displayed a fine spirit of good sportsmanship. Our efficient cheerleaders and band contributed much to the athletic program. Again at the close of the season, the football and field hockey teams along with the cheerleaders were guests at a banquet sponsored by the

SCHOOL COMMITTEE REPORT

Board of Trade. In dramatics, both the annual Senior Class play and the all-school show afforded good experience to the participants and their efforts were enthusiastically received by large audiences. Our school representative in the American Legion Oratorical Contest was chosen district winner at Abington High early in February and he went on to represent both the school and the district at the zone contest held at Wareham High School. The Student Council carried out another successful "Blue and White" week. Delegates from that group attended two district conventions during the year. The Key Club continued to strengthen its reputation for loyal service to the school. With the assistance of the local Kiwanis Club, our Key Club was able to send a delegate to the national convention held in Florida. The Pro Merito Chapter was the largest in its history and it put on the two induction services in a most impressive manner. The increased costs make it more and more difficult to put out the annual "Chimes". However, with real efficient work, the Chimes staff produced a fine yearbook in June and published several issues of the "Scituation" during the year. Once again our volunteer staff of student librarians gave able assistance in operating the school library under the direction of the faculty librarian. Assemblies were held nearly every week throughout the year with very worthwhile programs most of which gave opportunities for student participation. The newly organized Photography Club conducted an interesting contest as part of the annual "Blue and White" week activities. Assurance is given that all of the extra-curricular activities were carried out with educational objectives in mind.

The Class of 1951 gave a very significant gift to the school at the graduation exercises. In honor of the memory of its class adviser, the late Norman L. Walker, the Class established a good sportsmanship award to be given each year in the spring. This class was also the first, as far as is known, to have its banquet at the Toll House. We shall long remember the Class of 1951 for its fine leadership and cooperation.

In June, Miss Mary Kingsbury who had been in charge of our Household Arts department for several years, resigned to be married. Miss Shirley Bedell was elected to fill the vacancy. In order to care for the additional seventh grade, Miss Dorothy Anderson was elected to the Junior High faculty and she assumed her duties in September. Soon after the opening of school this fall Mr. Borah Kreimer, shop instructor, resigned to enter business and Mr. Robert D. Burgess received appointment to the position.

SCHOOL COMMITTEE REPORT

The continued interest of those organizations of the community which give yearly scholarships at the graduation exercises is keenly appreciated by all concerned.

May I conclude this report with sincere thanks to you, the school committee, the high school staff, and the student body for the fine cooperation and support given me during the year. My heartfelt thanks and appreciation to you all for your many kindnesses during my illness this fall.

Respectfully submitted,

GEORGE A. J. FROBERGER,

Principal.

REPORT OF THE ELEMENTARY SCHOOL PRINCIPAL

Mr. Edward K. Chace
Superintendent of Schools
Scituate, Massachusetts

My Dear Mr. Chace:

I herewith submit my report as principal of the Central Elementary and Hatherly Kindergarten Schools.

CENTRAL ELEMENTARY SCHOOL

Much has been said during the year about increased enrollment in our schools. The following table will show the distribution of pupils in the Central Elementary School as of October 1, 1951.

<i>Gr. 1</i>	<i>Gr. 2</i>	<i>Gr. 3</i>	<i>Gr. 4</i>	<i>Gr. 5</i>	<i>Gr. 6</i>	<i>Special</i>	<i>Total</i>
124	136	130	130	96	88	15	719

In order to accommodate the above number of pupils properly twenty-three classrooms were necessary. Central School had twenty-two available rooms including the library and kindergarten rooms. During the summer of 1951 a semi-partition was erected in the west kindergarten room, thus providing the needed space for an additional first grade. Although this set-up is not ideal, it does provide a room for each teacher.

Several changes in personnel occurred before the opening of school in September. Mrs. Eunice Cole, a teacher in the Scituate

SCHOOL COMMITTEE REPORT

School System for many years, resigned to be married. Miss Edith Fish, a teacher in the system for the past two years, retired. Miss Jean Eisler, office secretary, resigned to be married. Appointments to fill the vacancies caused by the resignations and the creation of new classes were as follows: to grade one, Mrs. Jane Gillingham and Miss Barbara Burney; to grade two, Mrs. Elizabeth Thompson; to grade three, Miss Patricia Thompson, Mrs. Winifred McAuliffe, and Mrs. Flora Harvey; to grade four, Mrs. Editha Lawless and Mrs. Barbara Jennings. Miss Methyl Bates was engaged as reading consultant and Mrs. Martha Thompson as office secretary.

Recently an all-boy glee club was organized under the direction of Miss Reynolds and appeared for the first time singing a program of Christmas Carols over the school broadcasting system. This group consists of boys who have been selected from grades four, five, and six. Instrumental instruction continues in grades five and six under the direction of Mr. Dickinson. Boys and girls meet once each week for a lesson on the following instruments: violin, trumpet or cornet, trombone, clarinet, saxophone, and drums.

The classroom is not the only place where learning takes place. A modern school program makes provision for field trips or excursions of an educational nature. Several such trips were taken during the past year by various classes, namely, a visit to the new Science Museum in Boston, a tour of historical Scituate, visits to the Chase Animal Farm, to the fire station, to the police station, to the library, to the telephone office, and to a farm. Excursions such as these provide excellent learning situations for children.

During the year the School Department purchased a film strip and slide projector to add to our visual aids equipment. We already have acquired some film strips and hope gradually to increase the size of our film strip library. Film strip machines and moving picture projectors are recognized as necessary equipment in a modern school program.

Mention was made earlier in this report of the appointment of Miss Bates as reading consultant in the Scituate School System. The following paragraphs are taken from a report prepared by Miss Bates:

“The work of a Reading Consultant consists of working with teachers to help them plan their reading programs. It is a part of her work to analyze the reading difficulties of pupils and to suggest ways to overcome them.

“There are many causes of reading retardation. The chief causes in Scituate seem to be overcrowded classrooms in lower

SCHOOL COMMITTEE REPORT

grades and the fact that we must expect the pupils who have had no kindergarten to be a year behind those who have had the benefit of an extra year of schooling.

“Many aspects of reading have been considered as we have launched our program of reading improvement. Consideration has been given as to how teachers can take care of various reading levels within a classroom. Pupils who needed help have been given an individual reading analysis, their difficulties diagnosed, and plans for remedial measures discussed with teachers. Material adjusted to the grade level where they can read well and exercises to help them overcome their difficulties have been used and are being developed.

“Pupils with similar reading difficulties are taken from various classrooms and taught in a group. Attention is also given to individuals. Exercises and reading skills taught in these groups depend on what difficulties are discovered. Among the many things taught are the following: phonetic analysis, silent reading, oral reading, and comprehension. Many skills are included under each of these headings.

“Demonstration reading lessons have been taught in all elementary grades. These were to show ways that certain phases of reading could be taught.

“Meetings with teachers of several grades and by single grades have helped us to work for the same purpose in teaching reading which correlates with every subject. Many individual conferences with parents, teachers, and pupils have helped everyone to adjust to procedures to help individual children.

“Sixteen per cent of the pupils in grades three, four, five, and six are being taken from classrooms for help. This is a very normal situation. All pupils do not progress at the same rate. Let us remember that adults do not progress at the same rate if they are learning a new skill.

“The splendid cooperation of administrators, parents, teachers, and pupils has helped immensely in starting this new program.”

HATHERLY KINDERGARTEN SCHOOL

With the reassignment of classes in the Central Elementary School it became necessary to reactivate Hatherly School in order to provide for four kindergarten classes. The four rooms on the first floor were reconditioned; two rooms were painted, new floors were laid in two rooms while other floors were sanded and refin-

SCHOOL COMMITTEE REPORT

ished. In addition to this interior work the exterior was given two coats of white paint.

Enrollment in the kindergarten as of October 1, 1951 was 125, divided into four classes with Miss Marion Fleck, Mrs. Florence O'Hern, Mrs. Mary Heffernan, and Mrs. Edna Locklin as teachers.

Since the opening of school in September there have been two open house days and on each occasion more than one hundred parents took advantage of the opportunity to visit school. This response was greatly appreciated. During book week all four groups paid a visit to the Peirce Memorial Library.

There is increased recognition of the kindergarten as an integral unit of the elementary school set up. W. A. Saucier, in his book "Theory and Practice in the Elementary School" writes the following: "During the year children spend in the kindergarten they engage in play and various child activities. Prominent features of these activities are freedom, interest, thinking, purposeful activity, and a community spirit. The pupils develop in thinking as they choose and plan: in doing, as they construct and perform; and in living with others, as they converse and cooperate. Thus the kindergarten aims at the complete development of the child, emotionally, socially, and intellectually."

In closing I should like to take this opportunity to express my appreciation for your support and that of the School Committee and to thank the teachers for their cooperation during the year.

Respectfully submitted,

LEROY E. FULLER,

Principal.

SCHOOL COMMITTEE REPORT

REPORT OF THE SCHOOL PHYSICIAN

Mr. Edward K. Chace
Superintendent of Schools
Scituate, Massachusetts

Dear Sir:

The pupils have had their regular physical examinations this year and where defects calling for further attention were found the persons concerned were notified. The home football games have been attended, to provide first aid for injured players. And there have been a few visits to school to attend children hurt in minor accidents.

But for every case I was called to see there were probably three hundred or more with lesser injury, or illness, which the School Nurse took care of. And the time is at hand when we should have an additional nurse because of the rapidly increasing school population and the popularity of the Health Unit at the new Elementary School.

A widespread epidemic of grippe-like nature in late winter and early spring seriously reduced attendance, and many cases of measles in April and May also caused much time to be lost from classes.

I am very grateful to the School Staff, and to the parents, for their co-operation.

Respectfully submitted,

M. D. MILES, M.D.,
School Physician.

January 14, 1952

SCHOOL COMMITTEE REPORT

REPORT OF THE SCHOOL NURSE

Mr. Edward K. Chace
Superintendent of Schools
Scituate, Massachusetts

Dear Sir:

This 1951 report could be summed up briefly: The pupils in the Scituate Schools received health services of inestimable value. However, it is necessary to relate to the misinformed, the uninformed and our newcomers, some of the details of our Health Program in the Schools.

Periodically the Public Health Nurse, specializing in School Health Service, must analyze her program and evaluate the results to see if she really has been doing the things which will accomplish her objectives. Even the best of programs is apt to be in need of changes.

Our program has undergone changes from time to time, but the primary objective remains unchanged; **THE EDUCATION FOR HEALTHFUL LIVING OF THOSE ENTRUSTED TO OUR CARE.** Emphasis being placed on the need for various habits to be established early and maintained throughout their lives to insure a maximum of **GOOD HEALTH.**

Scituate is indeed fortunate in being able to provide a healthful school environment and the facilities for the practice and teaching of high standards of health so essential for the promotion of good health in a community.

The program for the Hatherly School has been more or less of a supervisory nature. It consisted mainly of periodic inspections, transportation to and from dental clinic, as well as to the homes when illness occurred during the school sessions. The teachers at the Hatherly have shown excellent judgment and ability in coping with minor health problems, thus permitting the nurse to make the best use of her time working with the larger group of over seven hundred pupils in the Central Elementary School. Like the principal's office and the cafeteria at meal time, the health unit is just about the busiest place in ten counties. Here we have emergencies by the score. The children have much to learn in regard to the prevention of accidents and it is my sincere hope that the home and school put greater effort into teaching children to work and play so as to avoid injury to themselves and others.

SCHOOL COMMITTEE REPORT

In the Elementary School, the services consisted of routine inspections, first aid treatment, use of available clinics for speech and guidance problems, dental clinic, pre-school clinic, vision and hearing tests, health instruction, transportation, follow-up, and inspection for communicable disease control, and home visiting.

Services to the High School pupils had to be limited to assisting the school physician at the time of physical examinations, first aid, checking on referrals, follow-up, transportation, vision and hearing tests, and home visits in known and suspected cases of truancy.

The school must continue to encourage frequent parent-nurse, teacher-nurse, and pupil-nurse conferences. Many problems could be brought to a successful conclusion by this very simple device.

By law, the examination of vision and hearing is supposed to be done by the teacher, but it may be checked by the physician or nurse. This phase of the program would lag were it not for the fact that Mrs. Ann Freeman was assigned to part-time duty for this work. These tests require certain favorable conditions, and since the nurse has many interruptions in her line of duties she could not do justice to this part of the program. As always, the nurse has been subject to many emergency calls from other schools which received attention irrespective of regular schedule.

My sincere thanks to all the school personnel and others who have been most cooperative at all times.

Respectfully submitted,

MARGARET J. O'DONNELL, R.N.,
School Nurse.
